Quarterly Grant Returns

R. 751

I

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

11

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly a[illegible] thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Depart[illegible]

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the col[illegible] under the heading "Total number of days pupils in residence during quar[illegible]

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded imme-

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and tuition at the Ile a la Crosse Industrial Residential School for the Quarter ended March 31 1942

Principal C. Perreault O.M.I.

Dated April 5 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Total number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, number the pages consecutively, and forward all sheets relating to the quarter in proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in **all** the columns of this Return, giving full particulars in the case of each pupil, as [illegible] the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, beginning with No. 2 and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average [illegible] by the amount of the quarterly per capita grant. In no case [illegible] ge attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns are to be rendered quarterly, ending the 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to n[illegible]

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. [illegible] totals carried at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded im- diately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return [illegible]

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as [illegible] for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December respectively and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The [illegible] is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Pelican Lake Ind. Residential School for the Quarter ended.. March 31 1944

Principal C. Perreault O.M.I.

Dated April 1st 1944

I have carefully examined the within Return and hereby certify that it is correctly [illegible] out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When [illegible] the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter'

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarters ending 31st March, 30th June, 30th September and 31st December respectively, and should be prepared immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Re[turn] The names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return [illegible] of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Dep[illegible]

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the columns under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in the case of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the [illegible] under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

6

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the f[illegible] thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the De[illegible]t

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quart[illegible] grant [illegible] se, however, will payment be made for any average attendance [illegible] pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

---

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to n[illegible]

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the [illegible] under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On the [illegible] the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and [illegible] under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... McIntosh School for the Quarter

ending September 30th 1951

Principal J. Bracket O.M.I.

ending October 3rd. ..... 1951.

I have carefully examined the within Return and hereby certify that it is correctly made up in accordance with the instructions of the Department

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of [illegible] pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. [illegible]

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the columns under the heading "Total number of days pupils in residence during quarter"

8 *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

6. *The total number of days in quarter* means every day in the quarter, including Saturdays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the columns under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In case, however, will payment be made for any average attendance in excess of the number of pupils for which accommodation is provided

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On the Return the names of the boys and the girls must be arranged consecutively according to number

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ... McINTOSH ... School for the Quarter ended Dec. 31 1950.

Principal..... J. Strachet O.M.I.

[illegible] 19 51.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the f thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet o the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturda, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregat number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school On this Return the names of the boys and the girls must be arranged consecutively according to numbers

PUBLIC ARCHIVES ARCHIVES PUBLIQUES

VERY POOR COPY

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the totals under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the columns under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to no[illegible]

NOTES ON THE PREPARATION OF THIS RETURN

1. Enter all the names of the Pupils in the Register in the order of each pupil's admission or re-admission during the year.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When entering the number of pupils in the same [illegible] of the Return, paragraph No. 2, as to correct addition and all other paragraphs must be observed.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department [illegible]

6. The number of days in each month must be entered every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

INDIAN RESIDENTIAL SCHOOL

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The totals of the Return should be correctly ascertained and placed at the foot thereof.

3. Where owing to their number [illegible] the pages cannot be added across the sheet of the Return [illegible] the totals of the Quarterly Return [illegible] proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and tuition at the INDIAN RESIDENTIAL SCHOOL, McINTOSH, ONT. School for the Quarter ended JUN 30 1949 19 .

Principal [signature]

Dated JUN 30 1949 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column [illegible] heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

10

SPECIAL NOTI

A new number must be given to each pupil upon entrance to the school. On this Re[turn] the names of the boys and the girls must be arranged consecutively according to number

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the [illegible] thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In [illegible] however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HENRY CARTIER that the within Return is a true and faithful statement of the attendance and tuition at the McINTOSH INDIAN RESIDENTIAL SCHOOL School for the Quarter ended SEP 30 1948 19

Principal E.A. Conneau OMI

Dated OCT 14 1948

I have carefully examined and hereby certify that it is correctly made out in accordance with the instructions of the Department

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the [illegible] under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average [illegible] number of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On the Return the names of the boys and the girls must be arranged consecutively according to number

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the [illegible] under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

[illegible] pupil upon entrance to the school. On this Return [illegible] be arranged consecutively according to numbers

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Holy Cross Indian Residential School for the Quarter ended December 31 1947

Principal E. B. Comeau O.M.I.

Dated Jan. 12 1948 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department

Indian Agent

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grants are allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding together the numbers under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A [illegible] must be given of [illegible] ance to the school. On this Return [illegible] tively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number [illegible]

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number [illegible]

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the [illegible] under the heading "Total number of days pupils in residence during quarter

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

Most Reverend Sir:-

I am sending you today, under separate cover, two blue print copies of a sketch which has been prepared for the proposed new Indian School in Northern Ontario.

These plans are being sent to you at the suggestion of the Reverend Father Guy, and I would ask you to please look them over and return them to me with your comments.

Accommodation is provided for fifty children.

Your obedient servant.

J. D. Nelson.
Asst. Deputy & Secretary.

R.

D. McLean Esq
Asst Deputy & Secy Dept Indian Affs.

Ottawa.

Sir,

I have received your letter of Feb. 18th, also the two blue prints of proposed School for Roseau River Reserve. Thanks for this kind attention.

I hereby return these documents with the following suggestions made by those who shall have to take charge of this School.

1st We would like to have more room in the basement, also a room for furnace man and night watch.

2nd A bath room and toilet on ground floor

3rd A change in the Monitor's room in the dormitory, and wash basins

4th That the Width of the building be 44 feet, instead of 42 feet.

I forward these suggestions for the consideration of the Department in case any changes should be deemed necessary.

Yours very truly

Indian Affairs. (RG 10, Volume 6219, file 472-5, part 1)

Sir:-

The Department is preparing plans and specifications for the proposed [illegible] Industrial School to be built on the [illegible] in lieu of the [illegible] Girls' Home at the town of [illegible] in Northern Ontario.

Owing to the isolated location of this building I will ask your approval of [illegible] a general clause in the Heir more detailed specifications, in place of a schedule of trees.

Your obedient servant,

J. D. McLean.
Asst. Deputy and Secretary.

General Clause

All mechanics, labourers, or other persons who perform labour in the construction of the work hereby contracted for, shall be paid such wages as are generally accepted as current from time to time during the continuance of the contract for competent workmen in the district in which the work is being performed for the character or class of work in which they are respectively employed, and if there be no current rates in such district, then fair and reasonable rates, and shall work such hours as are customary in the trade in the district where the work is carried on, or if there be no custom of the trade as respects hours in the district, then fair and reasonable hours, unless for the protection of life and property, or for other causes shown to the satisfaction of the Minister of Labour, longer hours of service are required. The Minister of Labour may at any time and from time to time determine for the purposes of this contract, what are the current or fair and reasonable rates of wages, and the current or fair and reasonable hours, and may from time to time rescind, revoke, amend or vary any such decision, provided that his determination and any amendment or variation shall not be operative prior to the period of three months immediately preceding the date thereof. Where there are special circumstances which in the judgment of the Minister of Labour make it expedient that he should do so, he may, in the manner and subject to the provisions hereinabove set forth, decide what are the current or fair and reasonable rates of wages for overtime, and what is the proper classification of any work for the purposes of wages and hours. Immediately upon receipt of notice of any decision of the Minister of Labour hereunder the contractor shall adjust the wages and hours and classification of work so as to give effect to such decision. In case the contractor shall fail so to do, or to pay to any employee or employees for any services performed or for any hours of labour, wages according to the rates fixed therefor by the Minister of Labour, the Minister of Labour may authorize and direct the Minister to pay any such wages at the rates so fixed and to deduct the amount thereof from any moneys owing by the Government to the contractor and any such payment shall for all purposes as between the contractor and the Government be deemed and taken to be a payment to the contractor, and the contractor shall be bound in every particular by any such action, and the powers of the Minister of Labour hereunder shall not be exercised as to any employer or employees where it is established to his satisfaction that an agreement in writing exists and is in effect between the contractor and the class of employees to which such employer or employees belong or the authorized representatives of such class of employees fixing rates of wages, overtime conditions and hours of labour.

Sir:-

I beg to advise you that I am sending you today [illegible] plans of the Pine Point Chapel of the Sisters [illegible] and specifications which have been prepared for that new Indian Residential School at Lesser Slave, Alta. I would ask you to kindly provide facilities so that the contractors wishing to tender may have ample opportunity of examining the plans and specifications.

I am also sending you tender forms which are to be furnished to contractors wishing to submit a tender. You will notice in the specifications that the contractors are referred to the Very Reverend Father Hays, for all information with reference to the location of the proposed building.

I would ask you to kindly retain the plans and specifications in your office until further notice.

Your obedient servant,

John R. Mann, Esq.,
Inspector of Indian Agen

Mr Duncan C.Scott,
Deputy Supt General,
Department of Indian Affairs,
OTTAWA, Ont.

My Dear Mr Scott:-

In connection with the construction of a new school at McIntosh, Ont., Very Rev.Father Beys has requested me to bring before you the necessity of erecting without delay a dam and other machinery in view of generating power for the school.

Rev.Father Beys suggests that the work of erecting said dam and machinery be undertaken (if this is in order) by the engineers of the Power Branch of the Interior Department stationed at Winnipeg who have already visited the fall at McIntosh and have drawn a plan of the generating power of it. However, if a special contract would be necessary for this work Rev.Fr Beys would ask that the supervision of the work be done by said engineers.

Kindly communicate with Rev.Fr Beys at your earliest opportunity and arrange, if possible, for the erection of generating plant.

Yours very truly,

Joseph Guy om

RECORDS

Mr Duncan C.Scott,
Deputy Supt General,
Department of Indian Affairs,
OTTAWA, Ont.

Dear Sir:-

On July 3rd I sent you a letter [illegible] authority be given Rev. [illegible] for erecting work necessary at Lebret, Sask., before the erection of the school at that point.

I understand that no such authority has been sent to Rev.Fr [illegible] who is rather anxious on account of the advanced season and the [illegible] set for the opening of the tenders.

Could you kindly take up that question at your convenience, and inform Rev.Fr [illegible] of your decision.

Yours very truly,

Joseph [illegible]

D. C. Scott, Esq.,
Deputy Superintendent General of
Indian Affairs,
Ottawa, Ont.

Dear Sir:

We notice that you are calling for tenders for the erection of an Indian Residential School, at MacIntosh, Ont., and it occurs to us that probably we could be of assistance to you in securing more direct bids from reliable contractors.

As you are probably aware, CONTRACT RECORD AND ENGINEERING REVIEW is the leading paper in its field, and your advertisement displayed in our "Tenders and Proposals" Department will put you in direct touch with the majority of firms interested in tendering on this work.

The next issue available is that of July 23rd, for which our forms close at 10 o'clock on Tuesday, July 22nd.

We have a newspaper clipping of this notice, and we will appreciate receiving instructions from you to insert it in this and subsequent issues.

Very truly yours,

CONTRACT RECORD AND ENGINEERING REVIEW.

McGIBBON LIMITED.
Sarnia, Ontario, Canada

Notwithstanding its ruggedness, HALICOMP FLOORING is nevertheless, easy treading, comfortable and quiet. From a sanitary standpoint, HALICOMP leaves nothing to be desired.

Our LASTICOMP, like HALICOMP, is laid monolithic, with base if necessary. It is installed over both concrete and wood sub-floors. Our MASTICOMP FLOORING is not only installed by cold method, such as these other floors, but is also made entirely by the cold method. Thus no solvent whatever is lost during manufacture. The colors are ground into the total mastic mass, making it far superior to mastics into which the color is simply admixed. MASTICOMP FLOORING remains permanently ductile, and bonds perfectly and permanently with the concrete. A mastic floor of the MASTICOMP type is a very tough floor. The dirt that accumulates on a mastic floor does not imbed itself into the floor - but lays more or less on the surface as dust. Just recently upon visiting a Naval Hospital - where a great deal of linoleum flooring is to be replaced with mastic, was told that these floors are to be removed - as the linoleum loosens from the concrete, and curls at the edges, wears out locally, and [illegible] satisfactorily, which makes it unsanitary.

We enclose herewith stamped addressed envelope for your response, and we will endeavor at that time, to go further into detail regarding our floors - if you so desire - sending you samples, etc.

Trusting to hear from you by return mail,

We are

DEPT. OF INDIAN AFFAIRS
AUG 7 1924
RECORD

Ottawa, June 28,
1 9 2 4.

MEMORANDUM:

Plans and specifications have been prepared for the proposed new Indian Residential School at MacIntosh Ontario.

As the site for this building is situated on the Grand Trunk Pacific, 168 miles east of Winnipeg, I am of the opinion that it would be sufficient to invite tenders by advertising in the Winnipeg papers, as this is the nearest point for building supplies to the proposed school.

Please advise me the papers in which advertisements might be inserted.

Architect.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, Aug. 19, 1924.

MEMORANDUM: MR. SCOTT.

Tenders were invited for the proposed new Indian School at MacIntosh by advertising in the newspapers in Winnipeg. The tenders close at noon of the 18th day of August and the following have been received.

Gustiana & Zettler, Sudbury.	$68,000.00
Les Reverends Peres Oblats, St. Boniface.	$61,000.00
Claydon Co. Ltd., Winnipeg, Man.	$52,371.00
W. A. Kelly, and G.E. Kimberley, Kenora, Ont.	$50,360.00
S. Brown, Winnipeg, Man.	$48,800.00
R.N. Wyatt, Winnipeg, Man.	$48,330.00
J. H. Simmons, Winnipeg, Man.	$47,600.00

All of the above firms have submitted with their tender the required deposit security. With reference to the tender submitted by S. Brown of Winnipeg, I beg to point out that this tender is not submitted on the form required by the "Instructions to bidders".

As the tender of J. H. Simmons [illegible] is the lowest and a fair and reasonable price for the work, I beg to recommend that it be accepted.

1[illegible]-7-5

Ottawa, Aug. 20, 1924.

Sir:-

The Department is contemplating the erection of a residential school at Leighton in Northern Ontario. No arrangements have as yet been made for the supply of water supply system for this building, and it is important that this question be given immediate consideration. I would like to know if one of your engineers in that district could make an inspection of a small water power in the vicinity of this school, and furnish me with a report as to the advisability of installing a hydro electric plant for the purpose of supplying the school with electric current for both light and power, and also a water supply system which would provide for both domestic and fire protection.

If possible I would like to be furnished with the necessary plans and specifications and estimates of the proposed work, so that competitive prices might be called for from this office, if it is found advisable to do so.

Your obedient servant,

J. D. McLean.
Asst. Deputy and Secretary.

130-4-5

Ottawa, August 26, 1924.

His Excellency

The Governor General in Council.

The undersigned begs to report that, it having been decided to erect a new Indian Residential School at McIntosh in the province of Ontario, tenders were called for, receivable up to noon of the 18th day of August, 1924, and the following were received,-

Justinna & Zettler,	Sudbury	$65,000.00
Les Reverends Peres Oblates.	St. Boniface....	61,000.00
	Winnipeg, Man.	52,371.00
Claydon Co., Ltd.,	Kenora, Ont....	50,360.00
W. A. Kelly, & G. E. Kimberley,	Winnipeg, Man..	48,800.00
C. Brown,	Winnipeg, Man..	48,330.00
H. N. Wyatt,	Winnipeg, Man..	47,600.00
J. H. Simmons,		

The undersigned would recommend, pursuant to the requirements of Sub-section 2 of Section 36 of the Public Works Act, that the contract be awarded to the lowest tenderer, Mr. J. H. Simmons, for the amount of his tender as above cited, namely, $47,600.00, the same being reported by the architect of the Department as a fair and reasonable price for the work, and money having been provided therefor in the Vote for Indian Education No. 286.

Dear Mr. Foran,-

August 29, 1924.

The Department is about to let a contract for the erection of a small residential school at McIntosh, a station on the Grand Trunk Pacific, 165 miles east of Winnipeg. This school will be conducted under the auspices of the Roman Catholic Church. There is no settlement in the vicinity. At the present time the Church is clearing a few acres of land and erecting some temporary buildings for the accommodation of the staff that is engaged in the work and will, after the completion of the school, be in charge of the different activities of the institution.

The building is of simple construction, but, nevertheless, it will be necessary to have the services of an inspector who will supervise the work and certify progress certificates on behalf of the contractor. Of those employed by the Church is a lay brother, Adolphe Gauthier, who is a very competent mechanic and whose services as inspector would be satisfactory to the Department and to those interested in the work and in having the building constructed strictly according to the plans and specifications. There is, of course, no other person in the vicinity, and it will be necessary to go to Winnipeg for an inspector. It is proposed to utilize his services only [illegible] expenses and time involved in travelling to and from Winnipeg for this particular work would be out of proportion to the service to be rendered. [illegible] engage Brother Gauthier for three days a week, as mentioned, during the course of construction.

P. C. 1613

Certified copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the The Deputy of 3 RD SEP

The Committee of the Privy Council have had before them a report, dated 26th August, 1924, from the Superintendent General of Indian Affairs, stating that, it having been decided to erect a new Indian Residential School at McIntosh in the province of Ontario, tenders were called for, receivable up to noon of the 18th day of August, 1924, and the following were received,-

Gustinna & Zettler, Sudbury, ...	$68,000
Les Reverends Peres Oblates, St.Boniface, ...	61,000
Claydon Co., Ltd., Winnipeg, Man, ...	52,371
W.A.Kelly, & C.E.Kimberley, Kenora, Ont., ...	50,[illegible]00
S.Brown, Winnipeg, Man, ...	48,[illegible]00
R.M.Wyatt, Winnipeg, Man., ...	48,[illegible]00
J.H.Simmons, Winnipeg, Man., ...	47,600

The Minister recommends, pursuant to the requirements of Sub-Section 2 of Section 36 of the Public Works Act, that the contract be awarded to the lowest tenderer, Mr. J. H. Simmons, for the amount of his tender as above cited, namely, $47,600, the same being reported by the architect of the Department as a fair and reasonable price for the work, and money having been provided therefor in the Vote for Indian Education, No 286.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

The Honourable
The Superintendent General of Indian Affairs.

INDIAN AGENT'S OFFICE

Kenora, Ontario.

IN YOUR REPLY REFER TO
No. 120-20.

TO BE MADE OUT TO A PERSON

.....4th.September, 1914.

Sir,

re McIntosh Residential School.

I had heard rumours that a School was being built at McIntosh which is situate in about the center of the Savanne Agency on the Canadian National Railway, so spoke to Mr Paget and Mr Perrier when they were here.

They informed me that the Department had decided to erect a School for the Catholics, and that I should no doubt be informed in due course.

At a later date some Contractors from here informed me that our Department were calling for tenders, I informe them I had no particulars, and that no advertisement had appeared in the local papers, however they showed me the advertisement from the Winnipeg papers, and I had the plans and specifications sent to me by Mr J.R. Bunn this local firm put in a bid, so I thought it advisable to proceed to McIntosh and see the site and what was being done.

I was there last Monday 1st instant, and met Revd Father Boyer and Father Bruillet O.M.I. on the work, they had done a lot of clearing and had erected office, cook house bunkhouse &c and showed me a plan from our Department in Ottawa showing the location of the property on which Contractors had tendered. I informed them that in my opinion McIntosh was not the most suitable place for the School, but that I had not gone into the matter having received no instructions, that no doubt the Department and the Church had decided it was suitable and in any case I was glad a School was going up.

We examined the work done and the site on the propert and located the best position for the actual building. which is situated very conveniently for power as there is a falls which will be very usefull. It will be difficult to get a summer road to a station, but no doubt a platform can be arranged for on the Railway West of McIntosh Station, and a road can be made to the School which will be about 2 miles away.

There is very little land suitable for farming close to the School, but land can be cleared a short distance away that will take care of the needs of the School for vegetables &c.

The Fathers informed me that the contract had been let to Mr Jos Simmons at Winnipeg, and they wished to go ahead with the work at once, they then asked me to go to Winnipeg with them, which I did we met at Inspector Bunns office and he showed me all the instructions he had received, and he wired you to see if the Contractors could go ahead, as the weather was favourable, and it was advisable to go ahead as much as possible before the cold weather set in.

Father Boyer informed me he expected Mr Orr down

www collectionscanada gc ca

from Ottawa, but as he had informed them he would be down last week and had not as yet arrived he would like authority to proceed [illegible] was the object of Mr Bunne telegram to you.

Owing to the difficulty of getting a road to the site, all material for the construction will have to be taken from the Railway by water, and at the present time the only way to get to the property is from McIntosh station on Canyon Lake through a culvert under the railway track which is narrow and only has a few feet of water in it, this can be deepened, but when we went to the School, we touched bottom both going up and coming down, although we had no load in the boat.

I shall be glad to receive any information, you think I should have in connection with this School, and also a copy of the plans and specifications for file in this Office, as I consider I should be as well posted on what our Department is doing in my Agency as outsiders who only get their information from the Press and local gossip.

I do not know what arrangements are being made as to the general supervision of the carrying out of the contract but presume Inspector Bunn of Winnipeg, will be instructed to look over the work occasionally, or that I shall get some instructions or information.

Your obedient servant.

Jas. Edwards

[illegible]-7-6.

Ottawa, September 9, 1924.

Sir:

I have your No. 120-20 of the 4th instant, with reference to the new Indian residential school at McIntosh. I regret that official intimation was not directed to you before the work was started.

Provision was made in the Appropriation for Indian Education for the erection of a small Indian residential school near McIntosh, which would be conducted under Roman Catholic auspices. A suitable site near a small waterfall was secured and a tender has been awarded to Mr. J. H. [illegible], of the Confederation Life Building, Winnipeg, Man. The supervision of the building activity will be undertaken by an inspector of construction, who will be resident at the site. The Architect Inspector Branch of the Department of the Interior are preparing plans and specifications and estimates of the cost of power development for the purpose of the school.

The institution will be known as the McIntosh Indian Residential School and, as it is in the Keewatin County, it will come under your general supervision. A copy of the plans and specifications will be directed to your office for filing, as soon as they are available.

Your obedient servant,

[signature]

Ref No. .....

Re 130 -7-5.
July 8 1924.
McIntosh School.

R

Lake Winnipeg Inspectorate
Inspector's Office

Winnipeg, 10th Sept,.. 1924.

The Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir;-

Herewith I am enclosing a letter handed to me by Mr. J. H. Simmons, the contractor who has the building of the McIntosh Indian Residential School, at McIntosh, Ontario.

This letter refers to certain costs that would arise if changes suggested are considered and accepted and authorised.

A. Changing Siding to Stucco on the main building.
It is claimed that this adds to protection from fire.
It is claimed to be a warmer construction.
Painting costs are reduced.

B. Metallic Shingles used instead of Cedar Shingles.
It is claimed that this is a protection from fire.
It is claimed to be a warmer and better construction.

The style of Metallic Shingles mentioned are
1. East Lake Painted, exceeds Cedar by $382.00
2. East Lake Galvanized. " " " $566.00

The Galvanized is claimed to a much better article of better material.

The contractor is holding off ordering his Cedar Shingles and Siding, and would like to know what the action will be with reference to the above changes. Please wire me and I can pass the decision to him by telephone.

I have the honor to be,
Your obedient servant,

J. D. McLean.

Ottawa. Ont.

Dear sir:-

I was my privilege to accompany Mr. R.G.Orr, of the Department of Indian Affairs ay Ottawa in his official visit to the McIntosh Indian Residential School now under construction. The conditions of both the country and of the needs of the school were gone fully through and I am glad to notice the minor changes made by Mr.R.G.Orr , changes which will greatly improve the quality of the building and the comfort of both the staff and the children. This will practically be done without extra charges and extra expenses.

I am very glad to state that Mr. R.G.Orr understands perfectly the needs of our Residential Schools and that he shows a keen interest in everything which may prove beneficial to the construction and the management of our schools. We fully agreed on all points in these minor changes. He helped us greatly by his timely suggestions ,not only for the McIntosh School ,but also in other circumstances , to make our schools practical at the lower cost to the Department . He always had in view the efficiency of the work done.

It is also my duty to say that the contractor, Mr. J.H.Simmons of Winnipeg Man,. is a fully competent and conscientious man . The work done at McIntosh is to the satisfaction of all concerned; both the material supplied and the workmanship is very satisfactory.

We are therefore satisfied with wasoeas what was done and I take the opportunity to thank you again for the interest you are taking in our schools and for the welfare of the staff and the children. The sending of Mr. R.G.Orr to inspect personnaly the work at McIntosh is a fresh proof of your earnestness in whatever concerns our indian schools.

Respectfully yours

O. [illegible]
Provincial.

Dear Mr. Orr:

I am in receipt of Your communication of the 10th inst. re. improvements on the Mc Intosh building.(130-7-5)

These instructions have been immediately transmitted to Brother Gauthier.

I also note with great pleasure Your interest and efforts for the improvement of the waterway underthe culvert,and I am very grateful to You for same.

As the weather keeps good it gives us a serious hope that the work on the dam could be successfully completed this fall,if the contract for same could be given soon.

Yours very gratefully.

October 7th 1924.

The Secretary,
Department of Indian Affairs,
OTTAWA, ONT.

Dear Sir :-

Your letter dated September 29th advising me of my appointment as Inspector for the construction of the McIntosh Indian Residential School was duly received.

The construction work was started on or about September first and although not yet effectively started I went to McIntosh and overlook the work done by the contractors. I arrived on the ground on September 15th. At that date the excavation for the buildings was made, and I saw that the bases to receive the concrete footings were good and ensured the depth required by the specifications. In the furnace room the rock appeared on the whole surface also in the laundry and pantry. The rock is uncovered from the west side of the building to about half of same receding easterly very abruptly. In the boys' recreation room the rock was not reached but a very good soil formation made the footings perfectly safe. To date, the concrete footings are made, the forms for the basement walls are ready to receive the concrete and are partly filled above the grading line.

I am perfectly satisfied to say that, so far, the work is done according to the specifications and in a workmanlike manner.

Yours very truly.

Adolphe Gauthier

McINTOSH INDIAN RESIDENTIAL
SCHOOL
McINTOSH, ONT.

Report for October

McIntosh Ont. October 31 1924.

Mr. R.G.Orr , Architect.

Ottawa Ont.

Dear Sir :-

It is my pleasing duty to comply with your request (Cf. your letter Sept.29th 1924. File 130-7-5)to give a forthnightly report of the work done at the McIntosh Indian Residential School , McIntosh Ont.

During the first part of the month the wheather was a little against the proceeding of the work. Rain delayed the activity. Nevertheless the concrete could be worked to a good advantage and the contractor took advance in hauling material. After the tenth,or about, the wheather became very nice and work could be rushed . All the concrete work was done without a touch of frost, and consequently is exceptionnally good; the digging and the filling for the drainage was also made in the best of conditions.

To date all the concrete work is completed the whole building is raised and sheated also part of the inside is under way for sheating ; the rough floors are all set ; half of the chemmy is raised , the Drying Room is shingled; part of the basement is plastered ; all storm water drainage and weeping drains are covered ; grading around the building is completed ; the sewerage pipes are covered in basement . Electric conduits are all set ready for wiring . The Boiler Pressure Tank and Laundry Boiler are on the premises and the shingles and sufficient lumber for the completion of the work are on the grounds . In short nearly all the material is at hand and about half of the work is done. With good wheather and barring out accidents the building should be ready for occupation on ar about January 1st 1925.

Great credit is indeed due to the contractors both general and subs. for their efficiency and their activity in rushing the work . The workmanship is of the best and the material used is of first qua lity ,in some cases better than that specified in the tenders. The building ,when completed will be one which all concerned should be proud of.

Respectfully yours .

[illegible] Inspector.

This new structure will be completed and furnished during the present fiscal year. A dam will also be built as also the sceptic tank. However, a building and machineries to utilize the power for developing electricity and bringing water to the institution, have to be secured. Therefore, I would ask that a sum of at least $5000.00 be included in the estimates for the erection of a power building with machineries therein.

The Honorable Charles Stewart,
Superintendent General of Indian Affairs,
OTTAWA, Ont.

Honorable and Dear Sir:-

I take the liberty of asking from your Department refund for expenses incurred in connection with the erection of a new Residential School at McIntosh, Ont.

I have been sent on a special trip from Winnipeg for the preliminary work to be done at the above school and the trip was undertaken only for the benefit of the school and therefore for the advantage of the Department and Indian work at large. For those reasons I deem the refund of my railway expenses a possibility.

I leave the whole matter to your kind consideration and remain

Respectfully yours,

December 1st. 1924.

Dear Father Guy,

I am sorry that you did not see Dr. Scott before he left on Saturday with reference to your expense account in connection with the preliminary work at the McIntosh school.

He would have written himself had he had time but he asked me to say that the Department could not see its way to make this payment in view of the precedent that might be created. We have never paid the expenses of representatives of any of the denominations engaged in work of this nature.

Yours very truly,

Secretary to the Deputy.

Rev. Joseph Guy, O.M.I.,
University of Ottawa,
Ottawa.

McIntosh Indian Residential
School. McIntosh Ont.

November 1924.

Mr. R.G.Orr, Architect.
Ottawa .Ont.

DearSir:-

The work of the construction of the McIntosh Residential school has progressed very satisfactorily during the past month. To date the building is closed ,carpenters and other trade men can work inside at a certain advantage. The painting give a neat and very tasty appearence to the building.

Up to the 14th , we had some difficulty in tranporting the material, owing to the cold weather. On the 15th the canyon was frozen just enough to prevent the transportation by water and by land . Yet a good amount of material was transported on the ice-roads, and men were set to work a road to the station. Were transported this month by water and by land : Siding, cornice etc. window frames, hardware, paper, finish harware, plaster and lime, cement, mill-work, trims and doors. The men lost no time on account of the lack of material.

Actually the shingling is finished throughout the whole building, sashes are nearly all glazed, and painted 3 coats, the acutside of th bldg, is nearly all painted , two coats and at the rear three coats. The heating plant is well under way, and the plastering nearly done , nothing but the floor work to be done : setting bath and sinks etc. the carpenters' work is nearly done but still plastering for (L . The contractor waits for the heating of the building to dry the plastering. The heating-fitter expects to be able to heat the house in about ten days.

All the material, except the metallic ceiling is at hand, and as soon as the plastering will be done - 15 or 20 days. parts of the house will be fit for occupation. In fact the kitchen and the dinning room for the men will be moved into the new building this week. In all expectation and safety the staff and the children will be able to occupy the building in February and partly in January.

Unless exceptionally good wheather prevails the last coat of paint will be put on ly next spring.

The contractor seems very well satisfied with the progress of the work. On my part I have only praise for him for the manner he fulfills his obligations. The department is greatly responsible for the quick and efficient work done in this particular contract.

Respectfully yours ,

Adalphe Gauthier Inspector.

DearSir:-

The work of the construction of the McIntosh Residential school has progressed very satisfactorily during the past month. To date the building is closed ,carpenters and other trade men can work inside at a certain advantage. The painting give a neat and very tasty appearence to the building.

Up to the 14th , we had some difficulty in transporting the material, owing to the cold weather. On the 15th the frost just enough to prevent the transportation by water and by land . Yet a good amount of material was transported on the ice, and we were set to work a road to the station. We transported this month by water and by land : sills, joists etc. sash frames, hardware, lumber, finish lumber, plaster and lime, cement, mill-work, trims and doors. We lost no time on account of the lack of material.

Actually the shingling is finished for out the whole building, gables are nearly all placed, and painted 3 coats, the outside of the bldg, is nearly all painted , two coats and on the rear three coats. The heating plant is well under way, and the plumbing nearly done , nothing but the floor work to be done : setting baths and sinks et. the carpenters' work is nearly done until plastering goes on . The contractor waits for the heating of the building to rush the plastering. The lumber is expected to be here to-day to-morrow in about ten days.

All the material, except the metallic ceiling is at hand, and as soon as the plastering will be done - 15 or 20 days. parts of the house will be fit for occupation. As fast the kitchen and the dining room are finished will be moved into the new building this week. In all expectations and nothing the staff and the children will be able to occupy the building in February and partly in January.

Unless exceptionally good wheather prevails the last coat of paint will be put on on ly next spring.

The contractor seems very well satisfied with the progress of the work. On my part I have only praises for him for the manner he fulfills his obligations. The contract is practically completed for the main and efficient work done in this particular contract.

Respectfully yours ,

Wilfrid Gauthier Inspector.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, Jan. 3, 1925.

Mr. Scott.

In connection with the new Indian Residential School at MacIntosh, it will be necessary to provide temporary water supply and lighting system until such time as the proposed permanent installation is complete. The earliest that this can be done will be next fall. In order to provide this temporary convenience it is proposed to install the following equipment,-

1 -5HP gas. engine,
1- 3K.W. generator,
1- small pump,
and 450 feet of 2 inch pipe, (this pipe will be laid temporarily on the ground from the lake to the school.)

In order to maintain water pressure in the building it is proposed to use for this purpose the 800 gallon hot water storage tank which is already installed in the boiler room. All of the above mentioned machinery will be temporarily installed in the boiler room, and will cost approximately $700.00. Brother Gauthier is willing to look after the installation of same. I may say that all of the above mentioned equipment can be used when the permanent water supply and lighting system are installed next year, and therefore none of it will have to be discarded when the new plant is installed.

As it is very necessary that the water supply and lighting system be connected up as soon as possible in order that the electric wiring and plumbing may be properly tested, I beg to recommend for your consideration that this work be authorized.

Indian Affairs. (RG 10, Volume 6219, file 472-5, part 1)

66-2-3

Ottawa, June 5, 1925.

Sirs-

The Department considers it advisable to immediately install a temporary water supply and electric lighting system at the new Indian residential school at McIntosh, Ont. This temporary plant will consist of a gasoline engine to be used to operate jointly an electric generator and a small water pump, all of which will be installed in the boiler room. The supply pipe will be of 2" wrought iron connected to Crayon Lake and to the 600 gallon hot water storage tank already installed in the boiler room. This system will also provide a means of testing the electric lighting and plumbing system now in course of completion. It is therefore desired that you obtain competitive prices and purchase the following machinery.-

1 - 8 H.P. vertical gas engine, with pulley of the dimensions required to operate a typhon pump or equal, having a capacity of 2000 imperial gallons per hour, equipped with air compressor, etc.

1 - 5K.W. 115 volt, D.C. generator, complete with the accessories required to satisfactorily operate the electric lighting system to be installed in this building.

450 feet of 2 inch in diameter wrought iron pipe with reasonable quantity of fittings for the installation of this pipe on the ground, including a brass check valve and three two inch valves.

These articles should be shipped to the school as early as possible, and it is understood that Chester Wentworth will undertake the installation of this machinery. Mr. Wentworth will undertake the installation of this machinery. which it is understood will be of use to the institution after the permanent water supply and lighting system are installed in the course of next year.

Your obedient servant,

John R. Bunn, Esqr.,
Inspector of Indian Agencies,
Winnipeg, Man.

J. D. McLean.

McIntosh Indain Residential School
McIntosh Ontario.

December 31 1924.

..... MONTHLY REPORT .....
For December 1924.

Mr. R.C.Orr Architect .
Ottawa Ont.

Dear Sir :-

Owing to certain circumstances and especially to very cold [illegible] the work has not been proceeded with the same activity as during the previous months. However good progress was made to close the building and to start the heating on the 1st. All the outside work was completed .partitions finishing of three rooms, painting of 3rd-floor is Engineer room , painting of the stairway and other finishings etc. covers about the finish work . Plastering on the main work . The latter and plastering by especially closets their work will be started after the painters and the floor-layers have finished their work. The tin-smiths and electrical fitting of boilers and the plumbing will be completed.

To date the second floor is all plastered and ready for the carpenters to start on the first floor. The first coat is almost all finished except part of the [illegible] floor and in the [illegible] the second coat of plaster will be finished on or about the 15th. inst..

The tin-smiths will start the metal ceiling in a near future. The carpenters will resume work in a few days and in about 5 or 6 weeks they expect to complete the work. All the material is on the premises. The heating system work very well . There are no registers put in the basement , only the pipe running to it, and all the registers are put on the other floors . As yet we can't keep the building at a very high temperature. There are no complaints to the building is well constructed and the heating-system good.

The plastering is well done . However I have am in fear that so [illegible] will not [illegible] as expected. It seems to me that the lathing was too dry when the plaster was put on. I will be able judge better in a few days and I will report to you in due time for correction of the work if it is not well done.

So far I had nothing to complain about in both the manner and effeciency with which the work was done.

Thanking you for your past favours , I beg to present you my sincere wishes for a happy New Year.

I remain . Sir.

Yours truly,

Inspector for the

McIntosh Indian Residential School

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, Jan. 7, 1924.

MEMORANDUM: OK [illegible].

The new McIntosh School is located a distance of 1½ miles from the McIntosh Station. The only means of communication with the station at the present time is by walking through the bush and in the summer time by boat.

Owing to this isolated condition it would be of great assistance if a telephone line was installed connecting the school with the station. The cost of the installation of this proposed line will be approximately $250.00, and Brother Gauthier is willing to look after the installation of same. I may add that unless this telephone is provided the school will be completely isolated for a period of three weeks in the Spring when the ice starts to break up.

I would recommend, therefore, for your consideration that the necessary materials be purchased and forwarded to the School.

[illegible]

Secretary.

McINTOSH INDIAN RESIDENTIAL
SCHOOL
McINTOSH, ONT.

January 30 1925

R. Ferrier
Ottawa Ont.

Dear Sir :-

The typewriter with which this letter is written just arrived yesterday in perfect order. Please accept my sincerest thanks for having sent same. It will be of great use to me. We poor heathens living back in the bush appreciate these commodities of life more than you, city people ! -

The carpenters the plumbers and the painters are putting the last finish to the building. No doubt we will be able to occupy it, at the latest, on March the first. In fact the brother and myself are already livag in thebuilding.

I am going to Winnipeg on the 8th of february to meet Mr. J.R.Bunn , and between the 8th and the 15th we will buy the material he was requested to buy by Mr. Orr. Everything will be shipped before March the first.

Most likely Fr. O.Bremillet will arive here soon and start the recruting of children on the reserves. This@@ is no small task, and we want to register children at the school as soon possible . The sisters will also arrive soon. So, you may see that we intend to have things going.

I beleive it would be advisable to ask Mr. Edwards of Kenora to visit the school, his cooperation in the work of this school would be highly appreciated and he should at the very start make himself familiar with the harships of the beginning.

Thanking you again for all your favours
I remain
Yours truly. Rev. J.B. Bayer

February 1 19"25

..... JANUARY MONTHLY REPORT....

Mr. R.G.Orr, Architect,
Dept. of Indian Affairs,
Ottawa Ont.

Dear Sir :-

After the holidays all the men resumed work with a neaw activity during this month. The plumbers ,painters, steamfitter, [illegible] returned at different dates. The [illegible] arrived on the 1st to set the metal in ceiling and the eave troughs. The electricians arrived on the 5th

To date the second floor is completed but the setting of the locks on the doors and the sheating of theb pillars. On the FIRST floor , the floors are to be oiled and finished, the wood-work varnished, and a few locks to be set. On the ground floor ,by the end of the week everything will be completed, The railing of the stairs are to be set, both in the central stairs and the north end. All the hard-wood floors are completed, in the basement the cement floor is completed except four rooms. The plumbing is nearly done except minor details ,closet covers,bath fittings , etc. The steam fitter is putting a last finish to radiators , covering thae pipes , and testing connections. All the metallic ceilings are completed In short , the work is pretty well finished. In all expectations the contractor expect to complete the wood-work on or about the 15th inst. and the building ought to be thoroughly completed by theend of the month.

The finishing work is very well finished and the building has a very neat appearence. The electrical work will be tested this week and the fittings all set. The heating works very well.

Hoping that the report of next month will tell you the whole history of the building

I remain,

Yours truly,

Adolphe Gauthier Inspector.

Mr. R.Cuerney Orr,
Architect.

Ottawa ,Ont.

Dear Sir .-

Enclosed please find the vouchers for the construction of the telephone line from the C.N.Ry Station to the School at Moisie.

The item is a little higher than the amount authorized by you in your letter of January 7th last. You will notice by the quotations for the material to be used that the prices are higher, that those got in Ottawa, Owing to the very severe wheather the work was more difficult and slower. Some days the men were working in the bush with a temperature of 50 degrees below zero. Yet as the work was started and as we were in need of communication with the railway station we thought it was better ,even under the circumstances, to [illegible] wire the [illegible] , because the first [illegible] [illegible] [illegible]

Ottawa, Feb. 25, 1925.

Dear Father Boyer,-

I have your letter of the 21st instant and am glad to hear the contractor has satisfactorily completed the contract for the erection of the McIntosh School.

Regarding your inquiry about the completion of the work, I would say that if the building has been erected in accordance with the plans and specifications, the inspector of construction should issue the final certificate to the contractor. I do not think it is necessary to hold back a sum from the final certificate as Mr. Simmons is called upon to give you a written guarantee for the building for twelve months from the date of completion, as provided for in the specifications.

Yours very truly,

F. Ourney Orr.
Architect for the Department.

February 2. 1

Mr. R.Gurney Orr,
Architect,
Ottawa Ont.

Dear Sir :-

I am very pleased to let you know that the contractor has left McIntosh on February 20th . The building is completed. The plumber is here checking the water connections and testing the plumbing, the steam-fitter will come from Winnipeg in a near future to clean the boiler and then the building will be ready for acceptance. It would be advisable however to ask the contractor to come in the spring to complete the levelling and cleaning around the house. Last fall when they graded the premi- [illegible] well done. After the washing of the boiler and the testing of the heating-plant some details might have to be adjusted. Of couse it is rather difficult to test the heating now , the building is hardly dry and up to yesterday the doors were practically opened all the time . We will be able to tell better in a few days how the heating system is working.

Regarding the acceptation of the work and the releasing of the contractor, what is to be done ? Please send me your instructions. I would be very pleased if you would come and accept the building yourself. But should you delay for some time I believe it not fair to hold back the contractor who has a certain amount tied up. We might accept the building ,conditionnally, tant is subject to rectification ,if not correct, and hold back a small amount to guarantee the completion or correction if there be any.

Hoping to hear from you soon,
and thanking you for your past favours ,
I remain,

Yours truly,

Principal.

BEDDING . The Paillasses made of ticking for the children's beds are arrived. We have nothing here to fill them. Could some mattress filler of some kind be got ? There are 50 ~~paillasses~~ casings .
We would also appreciate very much a white bed spread for the children's beds (50) and four for the Infirmary.

SIDE-WALKS . When the snow will be gone the surroundings of the house will be rather muddy. The grading during the contruction caused a ~~mix~~ mixing around the building and it will be very difficult to keep the
We would need about 4000 feet of lumber ,board measure, to make a side-walk 3 feet wide. For the cross-pieces we could use small timber ,
4000' 8" or 10" x2" lumber ,all lenghts.
We also need a bridge across the creek, but we can build it with timber.

FARM Implements .- There is now enough land cleared for making at least a good garden. We would require :-
1 Plough. 1 Disk Harrow, small. One Garden Cultivator, One Teeth-Harrow, One Brush Plow.
One Seeder for Garden. (complete with mounder)
Grub Hooks, Spades, Hoes, Garden-Iron-Rakes,
Picks and Shovels.

McINTOSH INDIAN Residential
SCHOOL
McINTOSH, ONT.

Mr. R.Gurney Orr,

Ottawa ,Ont.

Dear Sir :-

Thank be to God almighty the winter is drwing to a end ! Yet, we have to face some of the "pleasures" of our canadian winters. The road to the school to the station is yet in good shape but liable to break almost at any time . Last week we had two days of rather mild wheather and the thawing made things pretty bad.

We would appreciate it very much if you would order all the material you intend to order as soon as possible , to enable us to carry it with the team before the breaking of the road and the bad spring wheather. Until the opening of the lake we will be rather handicaped for hauling from the station.

I have the Bills of Lading for the Blankets, the Range and Slicer, the Fire extinguishers,and the Pot Rack.But there seems to be an unusual delay in the shipment . The blankets were shipped from Lindsay Ont on the 19th of Feb, the pot rack and Cook's table an the 21st of Feb,and they are not yet arrived .

Under separate cover I am sending you requisitions for other material for your attention.

I am also sending you the last Certificate of Mr. J.H.Simmons for the construction ,with the monthly report, Service sheet, etc.

The dam is partly completed and certainly not fit as it is to hold the water this spring. I understand that the engeneers from Winnipeg are coming to complete same before the spring floods, but they seems very quiet at Winnipeg. Mr. Attwood asked me to give him a sketch of the Hydro, machinery wanted , etc. I refused to do so because I understand that it is to be settled between you and the engeneers and it is not my duty to tell them what to do. Yet I expect to be in Ottawa at the end of April and I beleive that a few suggestions to the parties interested would save time and money to the department .

The Cess-Pool and Septic Tank are not completed, Mr. Attwood intends to complete it , I heard, when the wheather will get milder. In the meantime we have connected,under his instructions , the sewer to the Laundry sewer and discharging the sewarage directly in the lake . For the winter it is quite all-right , but this matter should be attended to as soon as the ice thaws out.

The building is now partly furnished, and looks very well. we certainly owe you sincere thanks and to Mr. J.R. Bunn, of winnipeg for the assistance given us .

The visitors' room is ready! Your visit would be

.... MONTHLY REPORT .....

..... Re- Construction of McIntosh School.....

To
Mr. R.Gurney Orr,
Architect,
Ottawa Ont.

Dear Sir:-

Themonth of February was spent in finishing and checking the balance of the work at the construction.

In the first part the plumber and steam-fitter completed and checked their work. They left on the 15th for Winnipeg.

The Electricians completed their work in putting the fixtures ,panel doors , etc. the finished their work on the 9th, and returned to Winnipeg leaving a few little things to adjust ,but that we will complete later on.

The painters and carpenters were hurrying to complete the building as soon as possible.

On the 21st the plumber came from Winnipeg to check his work . Since the 15th we had the water-works in the house ,and it was found that a few plumbing connections needed attention. The plumber also blew out the boiler.,according to the specifications.

According to your instructions in your letter to Father Boyer ,dated Feb. 25th I am prepared to accept the building and issue the final certificate ,but subject to the written guarantee of the the contractor. In my opinion some work , although made according to the plans and specifications might prove in the future not efficient. For inst. the painting and varnishing, the cement floor in the basement and the heating. There is also some grading to be done around the building . Last fall when the grading was made the ground was rather frozen and it has to be finished in the spring . In the prying room the floor should be scraped. The contractor pledge his word that he would put everything in good order. I believe that this work should be done before he is paid the balance of the money owed him.

Taken as a whole the building is very nice ,and well built, and is a great credit to the Department. Excepting a few details the contractor has done very good work and in good time .

Thanking your for your past favours ,
I remain ,
Yourstruly,

Inspector.

McIntosh Indian Rc. 6
School.

... REASONS WHY EXTRAS WERE REQUIRED AT SCHOOL.

ITEM No 1. No Closet was provided for in the Staff Rooms, this provides one in each room .

ITEM No 2. This door allows access from the Drying Room to flat roof ,making easy access to the ground floor.

ITEM No 3. To fall into the discipline in the Dormitories., both from the Staff Rooms, second floor.

ITEM No 4. This was deemed necessary to keep the plastered ceiling free from frost and dampness falling from the roof boards, hence making attics much easier to heat ,in winter ,and much cooler in summer.

ITEM No 5. To allow storage space on the Basement Ceiling Joists.

ITEM No 6. To provide access to the Main Roof.

ITEM No. 7. To provide access to the Attic Garret, above Attic.

ITEM No 8. To give additional storage and closet rooms in Basement.

ITEM No.9. This was necessary to carry the bottom of the footings to a solid bottom.

ITEM No 10. Wiring for the Drying Room was shown on the plan.

ITEM no 11. This extra grading was to provide earth for proper filling around basement walls. Also to grade earth in vicinity of building (west side) to keep the water away from the foundations.

ITEM No 12 This extra sink required for Laundry purposes was not shown on the plan.

ITEM No 13. Owing to the change of location of rooms one radiator had to be put in the Indian Parlor.This radiator was built with partstaken from the original radiator, a trap, valve and two legs being added.

N.B. Items No. 1, 3, 4. and 5. were authorised by the Architect in October 10th 1924.

McINTOSH INDIAN RESIDENTIAL
SCHOOL
McINTOSH, ONT.

Mar. 17 .19[illegible].

R.

Mr. R.Gurney Orr,
Ottawa Ont.

Dear Sir :-

Referring to your letter dated Feb 21 re- furnishing a Cordwood saw I have asked prices of different firms and decided to buy one at T.Eaton Co. Winnipeg Man. Their price was lower that J.H.Ashdown H'ware Co and the saw is much better. For the prices of the Fairbanks,Morse Co it does not compare with the other two. The frame is wood and the shape of the outfit was not suitable.

Enclosed please find the prices of the different firms and the receipted voucher from T.Eaton Co.

The Saw is already installed . We operate it from the shaft driven by the Gas Engine in the Laundry. We haul the logs from the bush ,cut them and throw the wood in the Coal bin next to the boiler room. -

Enclosed find a rough skaetch of the position of the machinery used in the temporary water system and lighting plant. The brother finished the installation on Mar. 14th , and everything works fine. We were delayed by the Canadian Westhinghouse people . We received the generator only on Mar 13th, and the Switchboard on the 14th.

Most of the furniture is here. With the Canada Furniture shipment expected this week nearly all the material will be at hand. A carpenter is setting the knock-down material, and by the end of the month we will be able to admit children ,a few at least.

If you have anything to ship from the east I would appreciate it very much if you would do so in a near future. The road to the station is "breaking" fast, in a short time we will be quite handicaped for transportation from the station.

Thanking you for your past favours,
I remain,

[signature]
Principal.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Lake Winnipeg Inspectorate
Inspector's Office

Winnipeg, 24th March, 1925

The Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir;-

The attached [illegible] the Star Electric Co. Ltd, of Winnipeg, covers sundry materials required for the electric wiring of the Indian Residential School at McIntosh, Ont.

These goods were selected by the Rev'd. J.B.Boyer and I was with him, the goods were listed by Brother Gautier, I did not ask for competitive prices, as the goods were wanted as quickly as possible, I considered prices and found that prices as charged are fair and right, and the quantities are cut out to actual needs so that there is no surplus, this was the object in making a personal selection of the materials.

I submit this explanation and trust that my action will be approved, I wished to avoid delay in getting the supplies, and to get just what was actually wanted.

I have the honor to be,
Your obedient servant,

Geo. A. Shaw
Inspector of Indian Agencies.

McINTOSH INDIAN RESIDENTIAL
SCHOOL
McINTOSH, ONT.

Lake Winnipeg Inspectorate
APR 25 1925
WINNIPEG, MAN.

April 22 1925

J.R.Bunn, Inspector,
Winnipeg Man.

Dear Sir :-

The pipes for the water-plant arrived at the staion on Tuesday April 21,; as the road through the bush is now impassible we will not be able to haul them before the opening of navigation. The ice is rather soft and we expect to be able to go through next week.

We are now cleaneng the surroundings of the house and preparing to seed a little garden . The land is good enough [illegible]
I do not know whether we should have a requisition from the Dept. Some time ago I sent a list of farm implements to Mr. H.G.Orr, but have had no reply yet. If you see it fit to order a plough and a Harrow please send them at your earliest convenience. What we require is a :-

14 inch Walking Plow, rather heavy and strong. . Steel
4 sections Drag Harrows , with single draw-bar.(steel)
Steel)

The best places to buy these are :-
The Cockshutt Plow Co .
The John Deere Co.
The International Harvester Co.

I expect to be in Winnipeg next week.

Au revoir,

Yours truly,

Indian Affairs. (RG 10, Volume 6219, file 472-5, part 1)

CANADA

Lake Winnipeg Inspectorate
Inspector's Office

Winnipeg, 27th April,1925.

The Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir:-

I beg to enclose herewith a letter that I received on Saturday the 25th instant from the Rev'd J.L.Leyer of the Indian School at McIntosh,Ont.

The Reverend Father is asking for a plough and 4 sections of Long Harrows. I am submitting this request for such action as you may direct.

I have the honor to be,
Your obedient servant,

J. R. Burns

Inspector of Indian Agencies.

INDIAN AGENT'S OFFICE

_____ Agency, Ont.

May 13th 1911.

IN YOUR REPLY REFER TO
120-20.

Sir.—

I beg to report that I made an official inspection of the McIntosh Indian Residential School on the 4th inst and I am pleased to state that the School appears to be well built,and the entire building is completed except the basement,and the dam where a little fixing up is needed.

The Knock down furniture is being assembled by the Lay Brothers,it appears to be of good quality.

The Principal informed me that they have received the matress covers,but no filling.It is suggested by them that they require 50 [redacted] matresses,and if they were sent filled they would be able to take in pupils in the course of a few weeks time,and not wait until September as was originally intended.25-5 feet matresses are required and 25-6 feet ones.The wole to be 30 inches wide with a 4½ inch band.

At present their are three Nuns,two Priests and two lay Brothers at the School,they would like to get two carpenters to help assemble the furniture and do other necessary work for two weeks.I shall be glad if authority will be granted to employ these carpenters.

The electric light is working but the batteries are not installed.There is good water pressure 60 lbs.

Will you please send me a Transfer [redacted] for Indians so that I can sign it for the use of the Priest in recruiting the children.I would like to be informed as to whether the expenses incurred by the Priest in recruiting the children etc are to be paid by the Department or by the Church authorities.I would refer you to Section 9 (3) of the Indian Act in this connection.

I enclose a Requisition for School Material [redacted] I would be glad to have filled out and shipped to [redacted] School.

Your obedient servant.

13-7-5

The McIntosh Indian Residential School,

McIntosh, Ont.

May 16th 1925.

Mr. Duncan C. Scott,
Ottawa, Ont.

Dear Sir,

The Oblate Fathers [illegible] a location for the McIntosh Indian Residential School, and residing here, to [illegible] and help the [illegible] and brought here the articles mentionned and certified by vouchers herein enclosed.

All these articles are in first class repairs, in fact much improved by the work and repairing made by the Oblate Bros.

The department is aware that these articles are an absolute necessity for the maintenance of the school, and I am convinced that we could not have them replaced for a much less amount of cost.

I therefore ask the Department to purchase same of the Oblate Fathers for the McIntosh School. The Oblate Fathers are entitled to have same [illegible] only actually cost them, namely $ 1387.76, not taking account the labor for improvement of a same.

Hoping that you will give this matter your personal attention and that a favourable answer is expected in a near future,

I remain,

Yours sincerely,

[signature]

Principal.

June 5, [illegible].

Memorandum

The Rev. Principal of the McIntosh Indian Residential School has asked the Department to purchase from the Oblate Order (1) the boats and boat equipment, (2) the stock and farm equipment which were provided by them when they commenced work at the school last year. The Department is also requested to reimburse the management for the freight charges on this equipment, which was supplied when the church authorities first occupied the site. The Department has paid the wages of the men that were engaged in clearing and for certain materials used for shelters. The stock, the boats and some of the equipment is required [illegible] conduct of the school and we are [illegible].

The total amounts to $1387.70 [illegible] divided as follows:

[illegible] Boat accessories [illegible]

I wish to recommend that the Department reimburse the Oblate Order for the cost of

[illegible] ories and freight

[illegible] farm equipment

PHONE ST JOHN 440 C P R RUNWAY, 704 MAIN ST

WINNIPEG, CANADA

June 18, 1925

Brother A. Gouthier,
c/o McIntish Indian School,
McIntosh, Ont

Dear Sir:-

In the first place the writer wishes to apologise for not quoting you sooner but was out of Town for a few days. However, we [illegible] as follows:-

1- [illegible] with one 42" inserted tooth saw, price - - - - - - - - - - - -$498.00
1- New 24" Eclipse planer & matcher, - - - - - - - - - - - - - - - - - - - [illegible]
1- S.H. planer & matcher in good working condition - - - - - - - - - - - [illegible]
1- Swing shingle machine - [illegible]
1- Log haul up, - [illegible]
2-7/16 shafting, pulleys, bearings, belting and belt tightener
Price - - - - - - - - - - - - - - - - - - - $460.00

When you were in here last you mentioned that you wanted a saw mill with a [illegible] receder and that there would only be a slight difference.

You saw two different sizes of saw mills here. One was a #5 Long mill which is considerably heavier than the plant which we have quoted you on above. That mill is worth - - - - - - - - - -$695.00

You also saw the #5½ mill which is equipped with the spring receder as per bulletin enclosed and which mill is worth - - - $725.00

These prices are exclusive of saws and a 42" inserted tooth saw is worth - $103.00

[illegible] hollow spindle, bronze bearings, steady rest and V shears on which we can make you a price of -$435.00

These prices of course are subject to change and the second hand machines are subject to prior sale.

"Crown" Shingle Machine

No. 4364

Our Crown Machine cuts 16" to 18" shingles and carries a 36" to 38" saw. The Frame is [illegible] entirely of iron and steel, the two upper [illegible] forming the carriage ways.

The Arbor is 1¼" in diameter, and runs in self-oiling, self-adjusting boxes. The Carriage is constructed of steel and wood, making it very strong as well as light. It runs on polished steel guides, and is constantly lubricated by oil pockets cast in same. Cast steel dogs, backed up by hard wood strips, hold the shingle blocks and allow the stock to be worked up with the least possible waste.

The Tilt Works are adjustable in each direction, securing thereby a fine adjustment for different thickness of shingles. This machine is furnished with balance wheel pulley.

Each machine is set up and thoroughly tested before shipping, insuring proper adjustment of all parts. Capacity, 10,000 to 20,000 shingles per day. Weight, 600 lbs.

Friction Log Hauls

These machines are strong, reliable, easily managed, and save labor and hard lifting. We can furnish the iron parts only or the complete machines as shown. Made in two sizes. Furnished complete, or in parts [illegible] as desired.

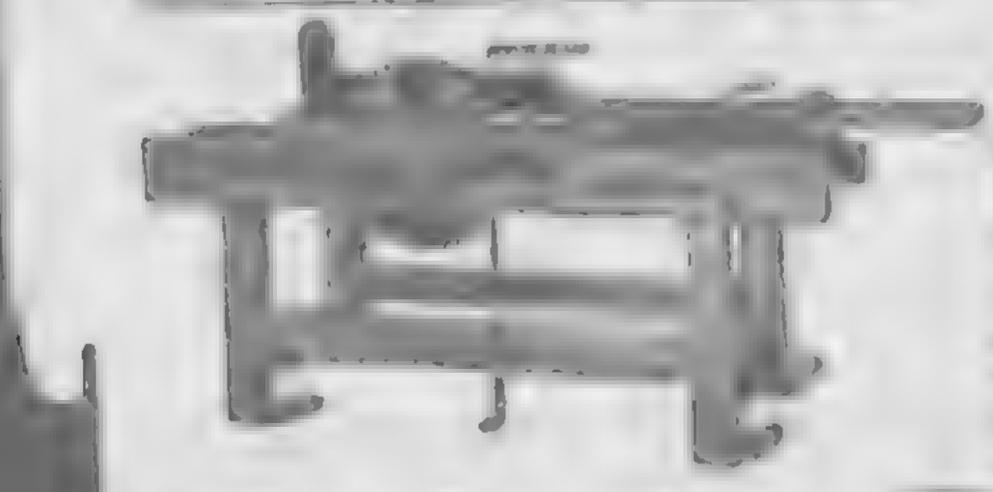
[illegible]	16"x8"	20"x10"
[illegible]	250 R P M	[illegible]

Up-to-date Power Feed Shingle Machine

No. 4360

A reliable low priced machine. Just right for small mills, farmers and others having light power who want to make a few thousand shingles a day. Makes a perfect shingle any length from 16" to 24". Has knot saw and edger for edging or jointing the shingles when made from round or split stock. Makes heading or crate slats. By removing the Tilt Frame at rear of carriage it can be used for Bolting and other kinds of sawing. Steel mandrel 1⅛". Shingle Saw, 24". Edger Saw, 8". Weight, 625 lbs. Ask for large circular and prices.



Friction Log Turner or Canter

This log turner is the well known type which has proven so satisfactory to our customers wherever it is simple and easy to operate, yet strong and absolutely reliable. It should be [illegible] over the carriage with the drum parallel thereto. Self-oiling bearings are furnished, but chain and hook are extra.

Furnished in two sizes as follows:

	No. 4367-1	No.
Driving pulley	24" x8"	
Driving shaft	[illegible]	
[illegible]	[illegible]

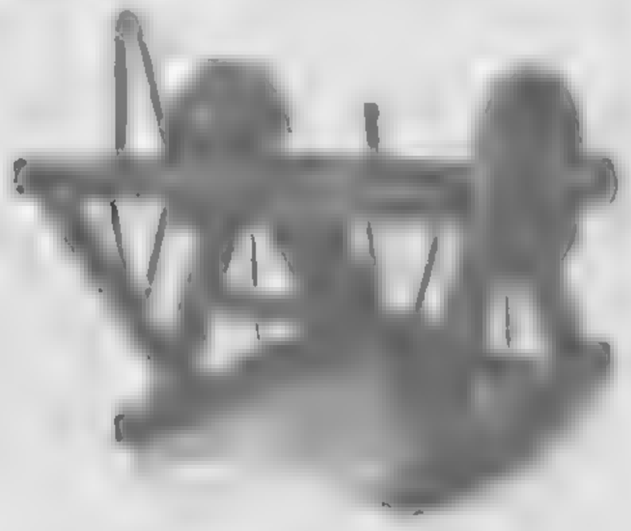
Sliding Table Saw Frame (Left Hand)

Saw Frames

These saw frames are made of hardwood, well braced and painted. As will be seen from the following specifications, they are high grade, durable machines suitable for use with Type "Z" oil or gasoline engines.

The mandrels are of 1 3/16" cold rolled steel, 53" long grooved at the bearings to prevent end play. The two bearing boxes are babbitted and are connected by a heavy iron bar, which keeps the mandrel in perfect alignment. These frames will accommodate saws from 20" to 30" in diameter with 1 1/16" arbor hole. The arbor flanges are 5" in diameter. Left hand cut is regularly furnished, but right hand cut can be furnished on special order. The driving pulley on each is 5" diameter with 6" crown face. The balance wheel weighs 95 pounds. All saw frames are shipped "knocked down", with full instructions how to set up and operate. Saws are not regularly included with the frames.

No. 4368-21—Sliding Table Saw Frame, wgt. 360 lbs.
No. 4368-23—Tilting Table Saw Frame, wgt., 310 lbs.



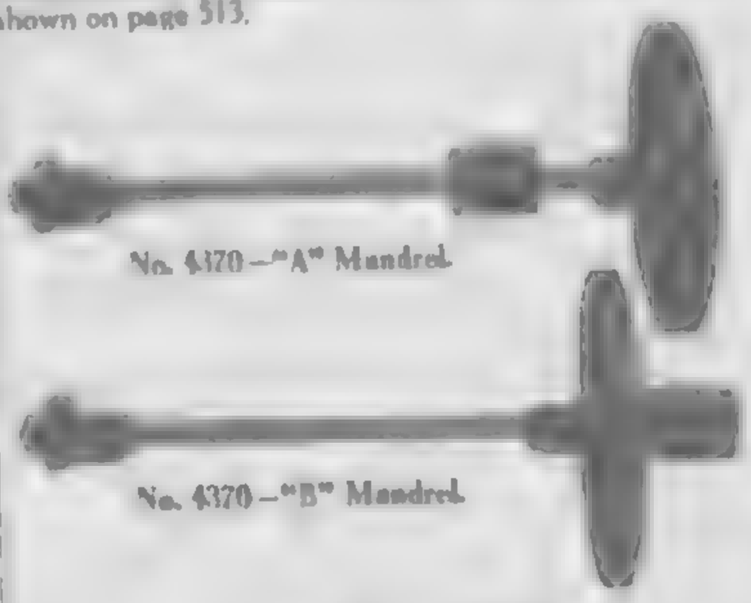
Tilting Table saw Frame (Left Hand)

Pole Saw Frame (Left Hand)

Pole Saw Frame

This frame is built especially for sawing long poles or fence rails, although it saws cord wood equally as well. The balance wheel is hung under the frame out of the way of the table. Both shafts are 1 3/16 inches in diameter, 53" long, extending entirely across the machine. Will take saws 20" to 30" diameter; arbor 1 1/16"; 95 lb. balance wheel; three 5" x 6" pulleys. Left hand cut always furnished unless otherwise ordered.
No. 4369-22—Weight, 400 lbs.

Special.—Balance wheels, different from ones regularly furnished, can be furnished to order direct from factory; 60 lb., 75 lb., 95 lb. or 125 lb. balance wheels for any of the above frames, or for saw mandrels shown on page 513.



No. 4370—"A" Mandrel.

No. 4370—"B" Mandrel.

Saw Mandrels

In addition to the frames listed on the previous page, we furnish a saw mandrel, designed to be bolted on rear end of the frame mounted on trucks and used in connection with an engine. This outfit consists of main shaft 1 3/16" cold rolled steel, 49" long, one end fitted with 1 1/16" arbor with 5" flanges, the other end fitted with a pulley 5" in diameter and 6" crown face and a 95-pound balance wheel. Babbitted boxes are furnished, suitable for bolting to timbers. Furnished in two styles, as shown in cuts. Both the same price. Always specify whether Style "A" or "B" is wanted.

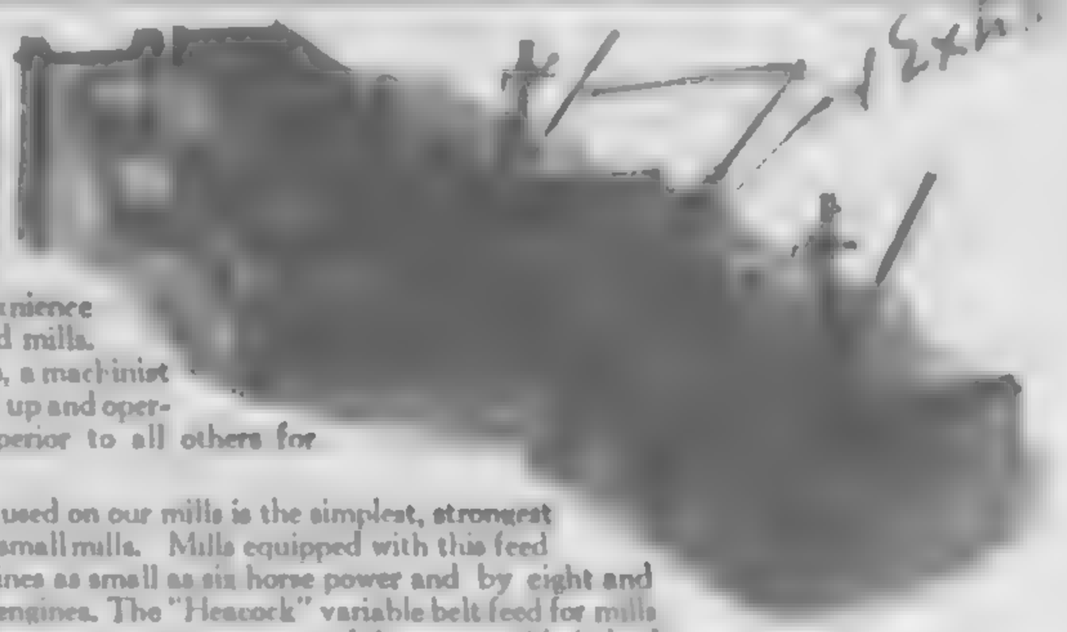
Variable Feed Portable Saw Mills



These mills are known and recognized throughout the United States, Canada and other countries the standard for Portable Saw Mills, and the only ones possessing all the advantages of accuracy and convenience to be found in large, high-priced mills. There being no complicated parts, a machinist or millwright is not needed to set up and operate them, which makes them superior to all others for portable purposes.

The Variable Friction Feed used on our mills is the simplest, strongest and most durable feed made for small mills. Mills equipped with this feed are being operated by steam engines as small as six horse power and by eight and ten horse power gasolene and oil engines. The "Heacock" variable belt feed for mills using 15 h.p. and up is preferred by many users on account of the very rapid gig back.

The combined ratchet set works and quick receder is the greatest improvement in portable saw mills in years. It is accurate and has advantages over any other on the market. Only one lever is used, the pull being always in one direction, whether setting up or receding. Two or three pulls run the knees back far enough for a new log.

Our Friction Feed is the simplest, strongest and most durable feed made for any mill for the market. It is furnished with all mills except No. 4337-1, or the smallest. All mills are furnished with Track way timbers and belt tightener.

No. 4354-1 is furnished with variable friction feed only. No. 4354-2 and 4354-3 are furnished either with variable friction feed or "Heacock" variable belt feed. No. 4354-4 is furnished with "Heacock" variable belt feed only. The general specifications are the same, except that the lengths of husks are slightly longer on "Heacock" feed mills. All mills have side dogs except No. 4337-1, which is equipped regularly with rack and pinion drive, but will be furnished with cable drive if so ordered, at small additional cost.

"Heacock" Variable Belt Feed Saw Mills

Our "Heacock" variable feed saw mills are strongly recommended for mills with 20 h.p. or more, and where a very rapid carriage action is desired. There are no friction clutches, the belts running in opposite directions and the feed and gig-back are controlled by means of a double belt tightener. The tension on the feed belt regulates the speed of the feed. Feed belts are included in prices quoted.

Standard Saw Mill

No. 4356-7½

This Mill is intended to meet the needs of those requiring a medium weight stationary mill. The Husk is usually fitted with our powerful "Hercules" type of feed, giving ample variation; but it can be used with Steam Feed of any type when so desired.

Mandrel is 3 7/8" and runs in chain oiling boxes. Carriage is 20' long, made of 5½" x 7½" timbers, and has three Steel Base Head Blocks opening 46" with 5" independent movement with accurate Double Acting Set Works and Power Rereder. It has 6 trucks with 12" wheels, 1 11" steel axles, 2 A" Set Shaft and 20 lb. T rail track 60' long. Head blocks can be fitted with Knight duplex dogs when preferred. Weight complete, 11,000 lbs

Friction Feed Drag Saw

No. 4357

The Friction Feed is very simple, yet positive and effective. It will start, stop or reverse instantly by very slight motion of the feed lever, without any effort on the part of the operator. It will not stick or get out of order and will last for years. This enables the operator to feed the logs ahead or back at will as much or little as desired, and stop at any point without running back or losing time. This feature alone puts the "Champion" ahead of any other drag saw in the market, yet it has every practical advantage that can be desired in a machine of its kind

Unless otherwise ordered each machine is furnished complete with 24" by 6" driving pulley, log truck power rolls, tumbling rod with two Universal Couplings 16' of track and one 5' 6" saw.

Capacity: 30 to 40 cords of wood per day, depending on kind of wood, power and speed

Power required: Two to four horse power will operate machine to good advantage; more power will give greater capacity.

Full specifications on application

Indian Residential School
McIntosh Ont June 21 1925

[illegible]oy Orr, Architect,
Ottawa.

Dear Sir,

I send you here enclosed prices and a specification of a saw mill, [illegible] The machines which those firms quoted the price on would be suitable for our place, thought the A.R.Williams Machinery Co. would be better; they give the price of two size saw mill, the No. O would be too small and there would be very little difference on price with the No. 5½ which is a very good one. They also give price on second hand planer that I did not see but it may be a good machine for this place.

The saw mill that the Canadian Fairbanks quoted me the price on would be too small and not handy enough when the man who is at the saw has to do the most of the work on the carriage, but a better carriage can be furnished by the same Company.

You will notice that I am asking for an iron turning lathe, the same will do well for wood work and we are so far for repairing and with all the machines that we will have here, we must have some way to do the repairings.

We expect that we will be favored with a saw mill, for we have we have so much to do yet in buildings. Here are some which we feel the necessity now: one duck at the Station; one temporary duck was built by the contractor for unloading the material of the house last summer but the timbers and planks were taken up. One bridge over the rapid and the pipe that will bring the water to turbine, We have land on the other side of the rapid and our land road to Station through the bush around the lake. One stable as we have only one little log building where we can put two horses in. One ice house ; one pig house. one hen house. some side walks and fences All this will require much dimention timbers, planks and lumbers, and all this would be found right here, provided we have a saw mill and permit to cut the logs for the wants of this School.

I send you also a list for tools that will be required here, as [illegible] put in one machine drill that I can turn into a power drill by putting on one pully that I can make here.

I made this list from the Catalogue of Wood, Vallance Ltd. Winnipeg and I have seen the manager and he told me the prices are correct.

Sincerely yours,

Adolphe E[illegible]

McIntosh Indian Residential School

McIntosh June 23

In answer to your kind favor of June 13, file 130-7-5, paragraph 1st, I beg to say that the School management is not in position to undertake the building of the ice house nor the root cellar as Brother Eugene Gauthier is away from here and Brother A. Gauthier our engineer is an old man and can not do much more than to fulfill the work attributed to him We can not count on the older boys as there are none. The material for the root cellar will consist of one door and about one hundred sacs of cement if our plan of having it dug ed between the boiler room and the main building is followed. We will be able to supply our team with the school hired men for all the work that could be done by them

As for the ice house we have no plans in hand and I beleive the [illegible]tment will be in better position than us to furnish a first [illegible] plan and the estimate of necessary material. I would only sug- [illegible]that if the Department would deem more proper to give us a [illegible] building for a freeser and freezer shed with the machineries [illegible]ll have all the necessary power, it might be more economical

Indian Affairs. (RG 10, Volume 6219, file 472-5, part 1)

[illegible] certainly give better satisfaction than [illegible] building for a ice house.

For the erection of those two buildings as we understand the Department is giving the work at the dam by contract, we will suggest that the contractor for the said dam would be given the erection of those two buildings.

Trusting this will meet yours and the Department's approval,

Mr R.T.Ferrier,
Superintendent of Education,
Department of Indian Affairs,
OTTAWA, Ont.

Dear Mr Ferrier,

Would you kindly look up the matter referred to in the annexed letter and advise Rev.Fr C. Perreault of McIntosh accordingly.

Rev.Fr Perreault takes exception to the second paragraph and asks your opinion in the matter. As this is not the same question as that of the sales tax [illegible] I could not answer the Principal query.

Yours truly,

[illegible]

Ottawa, July 16, 1926.

Reverend Sir:

I have your letter of the 23rd ultimo, with reference to an ice house and root cellar. I note that the school employees and town would assist in this work. In reply I have to inform you that the Department has no funds for capital expenditure this year at the McIntosh Indian Residential School, other than for the dam and power plant, which, I am informed, will be a very costly undertaking when we estimated. You will understand, therefore, that it is extremely desirable that economies be effected if at all possible. The Department is desirous of arranging for a small ice house and a suitable root cellar; but, if they are provided this season, all that can be allowed will be the necessary materials and a small grant for labour. I regret that we cannot give favourable consideration now or at any time to the erection of a refrigerating plant. This type of ice house is not provided for Indian residential schools.

The Department will give favourable consideration to purchasing a door, 100 sacks of cement for the root house and the necessary lumber for a small ice house. Further, we will allow a small grant for labour if it is found advisable to engage outside help. If this is satisfactory to you, please let us know what lumber is necessary for an ice house and instructions will be directed to you.

Your obedient servant,

A. Fr-Vaschevet
Acting Asst. Deputy & Secretary.

Ottawa, July 17, 1925.

Sir:

I should be grateful if you would give me a ruling in connection with the payment of the provincial tax on gasoline. In Ontario there are several Government-owned Indian residential schools. These institutions are largely financed by this Department but are managed by different churches interested in the work, who are paid a per capita grant for each Indian child in residence. Practically all the current expenses at a school of this type are met from the per capita grant receipts, but such expenses are paid by school cheque. It should be understood, however, that these institutions are not necessarily maintained entirely by the Government. Should these State-owned schools pay the gasoline tax?

Your obedient servant,

A. F.
Acting Asst. Deputy & Secretary.

Mr G.R.Orr,
Departmental Architect,
Department of Indian Affairs,
OTTAWA, Ont.

Dear Mr Orr:-

My first visit to an indian school was to that of McIntosh. I feel highly pleased to congratulate you for the plan of this institution and the choice of the equipment. Your work is certainly a credit to the Department and of course to yourself and I consider it my duty to mention this fact.

I take the liberty of bringing to your attention the following which would help to complete the equipment already installed: FIRE ESCAPES, 2 FOLDING BEDS FOR VISITORS but above and before all the COMPLETION OF THE DAM AND THE CESSPOOL and the CONSTRUCTION OF THE POWER HOUSE. I have written about those last details to Mr Chêné under whose jurisdiction those matters come I suppose. In my estimation the price paid to the engineers for the part of the dam already constructed is unreasonable and I would favor the completion of this work by Contractor Simmons who tendered the low figure of $4.500 for not only a part of the work but for the whole work.

I hope that you will see your way together with Mr Chêné for the rapid completion of the work intended for McIntosh School.

Yours very truly.

Ottawa, July 14, 1925.

Dear Father Guy,-

I have your letter of the 11th instant, and am very pleased to hear that you have found everything at the McIntosh School in good shape.

With reference to the fire-escapes, when I was at the school in the spring, Father Fryer promised to send me a price for the installing of pole type fire-escapes. To date I have not received this.

With reference to the septic tank and the completion of the power scheme, I know Mr. Chene is giving this matter his attention, and everything will, no doubt, be completed during the Summer.

Hoping you are enjoying your trip, I remain,

Yours very truly,

The Gasoline Tax Act, 1925, & Regulations

ASSENTED TO 14TH APRIL, 1925

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:-

Short Title.

1. This Act may be cited as THE GASOLINE TAX ACT, 1925.

Interpretation.

2. In this Act,-

Gasoline.

(a) "Gasoline" shall mean the liquid derived from petroleum or natural gas commonly known or sold as gasoline and all other liquids, by whatever name known or sold, containing any derivative of petroleum or natural gas and produced, prepared or compounded for the purpose of generating power by means of internal combustion or which may be used for such purpose except the product commonly known as kerosene oil;

Minister

(b) "Minister" shall mean Minister of Public Works and Highways.

Purchaser

(c) "Purchaser" shall mean any person purchasing or receiving delivery in Ontario of gasoline for his own use;

Regulations

(d) "Regulations" shall mean regulations made under the authority of this Act

Tax Payable by Purchaser

3. For the purpose of providing for a fair contribution by the users of roads in Ontario towards the cost of the construction and maintenance thereof, every purchaser shall pay to the Minister for the use of His Majesty in the right of the Province of Ontario, a charge or tax at the rate of three cents a gallon on all gasoline purchased or delivery of which is received by him.

Collection of Tax

4. The tax hereby imposed shall be collected, accounted for and paid over to the Minister by such persons as the regulations may direct.

Regulations

The Lieutenant-Governor in Council may make regulations,

(a) for the collection of the charge hereby imposed and designating the persons by whom the same shall be collected;

(b) for the accounting for and paying over of any sums of money so collected and the time and manner of such accounting and paying.

(c) prescribing the returns and statements to be made by importers, manufacturers, vendors and purchasers of gasoline in Ontario;

(d) exempting from the said charge any purchaser or class of purchasers and prescribing the proofs to be furnished upon any application for exemption;

(e) for holding inquiries as to the operation of this Act and into any charge or complaint that any purchaser has evaded payment of the tax or has made any false return or statement and as to any other matter arising in the administration of this Act and providing that the person holding such inquiry shall have all the powers which may be conferred upon a commissioner appointed under THE PUBLIC INQUIRIES ACT including the power to take evidence under oath;

(f) imposing penalties for the non-payment of the said charge or for non-compliance with the provisions of this Act or the regulations

(g) generally for the better carrying out of the provisions of this Act

Application of Rev. Stat. c. 90.

6. The penalties imposed under the regulations shall be recoverable under THE ONTARIO SUMMARY CONVICTIONS ACT.

Commencement of Act.

7. This Act shall come into force on the day upon which it receives the Royal Assent

(OVER)

REGULATIONS

MADE BY ORDER-IN-COUNCIL DATED THE 6th DAY OF MAY, 1925, UNDER THE GASOLINE TAX ACT, 1925

1. Where it is shown to the satisfaction of the Minister that gasoline purchased or delivered in Ontario for use in Ontario was not so purchased for use in supplying motive power for vehicular traffic on the highways of the Province, the Minister may upon the application of the purchaser of such gasoline remit the tax or any part of the tax paid by the purchaser under the said Act.

2. Every person selling or delivering gasoline in Ontario to a purchaser shall as the agent of the Minister collect the tax imposed by the said Act

3. The Minister, through the Department of Public Highways, shall supply all dealers in gasoline with stamps of such denomination as may be necessary and convenient for the payment of the tax and between the hours of 10 a.m. and 3 p.m. except on Saturdays when stamps need not be sold after 12 o'clock noon and except on legal holidays, shall sell such stamps as required.

4.—(a) The Minister may sell stamps to any person or persons in different localities in Ontario at a discount not exceeding ten per centum for the purpose of re-sale to persons requiring such stamps

(b) It shall be the duty of the person so purchasing stamps for re-sale to keep an account of the number, denomination and amount of the stamps sold by him and make a return of the same to the Department of Public Highways whenever required so to do.

5. If for any reason stamps cannot be obtained the tax shall be collected in cash and the person collecting the same in cash shall remit the same forthwith to the Minister together with a sworn return in such form as the Minister may require showing the amount of gasoline sold and the amount of the tax collected

6. Every importer, manufacturer, producer, refiner and distributor of gasoline shall monthly, on or before the 10th day of each month, forward to the Minister a return in the form of an affidavit or statutory declaration showing the number of gallons of gasoline sold in Ontario and the persons to whom the same were sold during the last preceding month

7. Every dealer in gasoline selling and delivering gasoline to a purchaser in Ontario shall keep a record of the number, denomination and amount of stamps sold, and monthly, on or before the 10th day of each month, make a return in the form of an affidavit or statutory declaration giving full particulars of the stamps sold and showing the number of gallons of gasoline sold by him and the persons from whom the same were purchased or procured during the preceding month

8.—(a) Every person selling or delivering gasoline in Ontario to a purchaser as defined in THE GASOLINE TAX ACT, 1925, shall inform such purchaser of the price of the gasoline by way-bill, bill of lading or sale note in writing showing the cost of the gasoline to the purchaser and separately stating the amount of the charge or tax imposed or collected from the purchaser under the said Act, and it shall be the duty of the purchaser to see that stamps sufficient for the amount of the tax are affixed to such way-bill, bill of lading or sale note and cancelled by the person so selling or delivering the gasoline

(b) Such way-bill, bill of lading or sale note shall be delivered to the purchaser and its production shall be necessary before the remission of the tax by the Minister under the first of these regulations

9. In lieu of the collection of the charge or tax in the manner hereinbefore provided, the Minister may arrange for the collection of the charge or tax through any persons as his agent in such manner not inconsistent with the provisions of the Act as may seem to him expedient, but nothing in this regulation shall relieve a dealer in gasoline from delivering to the purchaser a way-bill, bill of lading or sale note in writing as provided in regulation 8 when required by a purchaser so to do, notwithstanding that the Minister may have dispensed with the necessity of affixing stamps to such way-bill, bill of lading or sale note

10. Every importer, manufacturer, producer, refiner or distributor of gasoline in Ontario shall maintain an office in the Province at which at all times shall be kept books of account, with vouchers and records of business done by him in Ontario and such books of account and vouchers and the premises, warehouses and plant shall at all times be open to the inspection of the Minister or his duly accredited representative

11. Any person who contravenes any of the provisions of the said Act or these regulations shall be guilty of an offence and shall incur a penalty of not less than $10 nor more than $100 for the first offence and of not less than $25 nor more than $200 for any subsequent offence but no prosecution in respect of any such penalty shall be commenced without the previous leave in writing of the Attorney-General

Ottawa

Dear Sir,

About the 15th.of last june I wrote toryou about a saw mill and sets of carpenter and blacksmith's tools required for this school.I do not intend to be too [illegible] I know that you [illegible] the approbation of the Department,but now is the time that I need those tools. There are many little works that need to be done.I could have done them if I had had tools required.
We also have to [illegible] work with the team of horses;all these require some blacksmithing and repairing,and I [illegible] for a very often for the installation of the machines which we expect will soon be done here.

Hoping you will give us a favorable answer,
I remain,Dear Sir,yours truly,

Ord. Examiner.

Ottawa, August 17, 1926.

Reverend Sir:

I have to acknowledge Brother Gauthier's letter of the 7th instant, with reference to carpenter's and blacksmith's tools required at the McIntosh Indian Residential School. I regret that the Department cannot favourably consider the purchase of all the tools which were listed under cover of my letter of June 21st. This list is being returned to you, with authority to expend not more than $[illegible] in the purchase of the tools that are required at the School. Competitive prices should be secured before making purchases, and, when submitting a certified account in duplicate in favour of the firm awarded the business, please attach thereto a memorandum showing those asked to quote and the prices quoted.

I should be grateful if you would have all official communications to the Department signed by yourself as Principal and addressed to the Secretary.

Your obedient servant,

A. F. [illegible].
Acting Asst. Deputy & Secretary.

Dear Sirs:

Your reference #130-7-5

With reference to your favor dated August 15th in which you advise us that your remittance for $6.16 was given in settlement of merchandize supplied to the McIntosh Indian School, and charged to their account under date of Atril 20th.

On checking this matter up we find that, according to our figures, this item was paid and included in your remittance received here on July 13th for $27.98, which was credited to your account with an additional 42¢ discount.

We will, however, let this item stand to the credit of this account unless advised to the contrary when same can be deducted when making settlement of further purchases.

Yours truly,

[illegible]

100-7-5.

Ottawa, Sept. 23, 1925.

Reverend Sir:

Rev. Father Guy has left with me the encl sed papers, which relate to the erection of a root-house and fire escapes at the McIntosh Indian Residential School. I regret that the Department has no funds available for such expenditure at present. If you will refer to my letter of July 24th, you will note that it is extremely doubtful that approval can be secured. If a root cellar is to be provided this year, all that can be allowed is the necessary materials and a small grant for labour. The work would be done on a day labour basis, under your supervision. Please let me have a communication from you in this connection, indicating the estimated costs.

With reference to fire escapes, the Department considers that the pole type is quite suitable and much less expensive than the erection of either the Valean Iron Works or the Canada Iron Foundry Company. Early in the winter, the Rev. Father Guy promised to submit a price for the installation of the less expensive fire escapes, but to date this has not been received.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Ottawa, October 7th, 1925.

Reverend Sir,-

I have your letter of the 29th ultimo with reference to a root cellar and fire escapes at the McIntosh Indian Residential School. In reply I am pleased to authorize you to expend no more than $200.00 for a root house, you may purchase 100 sacks of cement, 1 door, re-inforcing wire, at a cost of approximately $150.00 and you may employ labour up to $50.00. Properly certified accounts in duplicate for the materials purchased and you should keep time sheets in duplicate showing the receipts of the labourers.

I have also to confirm official night letter of today's date as follows:-

"Please submit by telegram estimate of cost of erecting pole fire escapes by day labour Stop Department considers this improvement should be effected without delay."

Your obedient servant,

Deputy and Secretary.

J. D. McLean,
Asst. Deputy & Secretary.

Dear Sir,

In answer to request about fire escapes
to be erected at the McIntosh Indian Residential School, I beg
to say that the season being too far [illegible] for the work to
be done before winter, we would be compelled to wait till spring
to do it.
We agree to furnish the necessary material for the erection
of two fire escapes as shown on plan herewith enclosed, if it
is approved by the Department; and also do all the said fire
escapes for the sum of $ 650.00.
We believe this sum would cover expenses of material, trans-
portation of same, and also wages of one workman who would
assist Brother to do the work.
Will you please return the plan, as it's the
Trusting this will meet yours [illegible]

130-7-5.

Ottawa, October 15, 1925.

Reverend Sir:

I have to acknowledge receipt of your letter of the 8th instant, with reference to fire escapes at the McIntosh Indian Residential School. I telegraphed you today as follows: -

"Department wishes fire escapes to be provided McIntosh School without delay, if possible. Can you not arrange to have work outlined your letter 8th instant proceeded with immediately"

The Department considers it extremely desirable that this improvement be effected this fall. I also trust that the erection of the fire escapes can be undertaken on a day labour basis - the Department to pay for all materials and their transportation and the wages of one workman who would assist the lay brother at the school. Payment would be made upon receipt of properly certified accounts, in duplicate, and time sheets showing the time of the workman.

I am enclosing an account for freight, from Stanley Brock Limited, Winnipeg. This was directed to the Department, I believe in error, and should have been addressed to you for payment.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

DEPARTMENT OF THE INTERIOR
CANADA

DOMINION WATER POWER AND RECLAMATION SERVICE

R WINNIPEG, MAN.

November 11th 1925.

Father Perreault has forwarded to me your letter to him, of November 3rd, together with the duplicate invoices of Cranes Limited account for $40.00 dated October 12th.

The Crane company forwarded you this account by mistake as they were instructed to send the receipted invoices to this office. This account was paid out of the $500.00 advance made to me by your Department, for the paying of small accounts that might arise in connection with the McIntosh Indian school, as per your memorandum of June 19th.

The Crane company were requested to send invoices in quadruplicate, and if quadruplicate copies were forwarded to you I will be obliged if you will forward the remaining two copies to this office in order that I may, when making up the statement of disbursements for the $500.00, accompany all such disbursements with quadruplicate vouchers.

Your obedient servant,

C. H. Attwood.

District Chief Engineer.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ref No. ... ...

Lake Winnipeg Inspectorate
Inspector's Office

Attention of
R. Gurney Orr, Esq.-
Asst. Architect.

Winnipeg, 24th December, 1925.

The Asst. Deputy & Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Sir;-

Mr. J.H.Simmons, the General Contractor who built the Indian Residential School building at Pelican Lake, Northwestern Ontario, has submitted to me a copy of a letter addressed to him by Mr. R.G.Orr the Departmental Architect, under date the 30th May, 1925.

This letter has reference to a barge that Mr. Simmons had constructed for his use when he was carrying out his contract at Pelican Lake, this barge was used for transporting materials from the railway to the site of the school building. The value placed on this barge is $ 270.00, the cost of same when new, this price is subject to a discount of 37.7%, making the cost $ 107.94. I have made a fair, about this barge, and I am informed that it is in good condition, and is considered to be good value at $ 270.00. The school has used it for the past year, for which purpose it is very suitable, and there is no other barge of any description on the lake. I therefore recommend that the price being reasonable, I be instructed that Mr. J.H.Simmons should be offered the sum of $ 107.94 (One hundred and seventy dollars.) for this barge.

Mr. Simmons has also a list of lumber, shingles, sash, doors and siding, which he landed at the school site in the spring, which were given to him. In order that these materials for the most part may be utilized for repairs and other purposes at the school, the price fixed by the "Act" and above is a fair and reasonable one. I beg to recommend that the sum of $107.94 should be paid to Mr. J.H.Simmons.

Your obedient servant,

Inspector of Indian Agencies.

130-7-5.

Ottawa, February 8, 1926.

Sir:

I have your letter of the 24th of December, which has been inadvertently overlooked. I note your recommendation that a large and some miscellaneous lumber, which was left at the McIntosh Indian Residential School by Mr. J. H. Simmons, the contractor, should be purchased for the use of the school. You may inform Mr. Simmons and the school management that Department funds are extremely limited at the present time. If the school is not in a position to make purchase from the per capita or other earnings, if they care to bring the matter to the attention of the Department during the next fiscal year consideration will be given. You might intimate to Mr. Simmons that, as this equipment and material is really needed at the school, it will probably be taken off his hands and that he need not take steps to ship it to a new job.

Your obedient servant.

J. D. McLean,
Asst. Deputy & Secretary.

J. R. Bunn, Esq.,

130-7-5

Extract from Report Inspector Bennett on the [redacted] Residential School - dated March 27, 19[redacted]

Original on 130-7-6.

The following were brought to my attention:-

1. To the rear of the main building is the Annex containing Bakery, Kitchen, furnace room, storerooms etc. The roof is almost flat and roofed with ordinary roofing. It has leaked all along both sides clear through the ceilings. The paper was placed on in cold weather. It must be attended to. I am told that either of two things is necessary.
   1. A light gravel roof or 2. A layer of felt and good roofing on top placed on in warm weather. It is too flat for Galvanized iron roof or shingles.
2. The cement floor of the playground in the basement is so soft that when the children are there, as they have to be on many occasions, their feet continually scrape off the top. The result is that a fine dust is floating in the air and the cement floor will finally turn to sand. It has been patched already. It needs some kind of soft asphalt top. This is also true of the corridor; laundry and childrens diningroom, all in the basement. The whole trouble is that the cement top of the floor was not "cement" enough. It needs a top coating of some kind. I had a similar experience with a basement in Sault Ste. Marie.
3. There is urgent need of a root house for keeping vegetables and potatoes. At present the potatoes etc. have had to be placed in the Men's dining room with windows always open and steam turned off.

Mr [redacted]

Inspector Bennett is very efficient & his remarks are worthy of consideration.

Ottawa, April 7, 1926.

Sir:

The Department is considering a wood floor for the recreation room in the basement of the McIntosh Indian Residential School. Please secure an estimate for edge grain fir flooring for this room and submit it to the Department for attention.

I wish to refer to the last paragraph of official letter of December 9th, last. Please make arrangements as soon as possible to have the rear portion of the building covered with galvanized iron. No unnecessary expense should be incurred.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, April 9, 1926.

Sir:

I wish to refer to your letter of December 24th, last, in which you recommended that a barge and some lumber, left at the McIntosh Indian Residential School by the contractor, be purchased for the use of the school. You will please prepare a voucher, in duplicate, in favour of Mr. J. H. Simmons, for $377.94 - for the barge $270; and lumber, $107.94. The face of the voucher should carry an explanation similar to that of your letter.

The voucher, in duplicate, should be certified by yourself and directed to the Rev. Principal of the School. Ask him to certify to it that the goods were received and the prices were fair and just, and to forward it to the Department for payment.

Your obedient servant,

J. D. McLean,
Acting Deputy & Secretary.

J. H. [illegible],
Inspector of Indian Agencies,

Vulcan Asphalt and Supply Co. Ltd.
603 Trust and Loan Bdg.
Winnipeg, Man.

January 18th, 1926.

Rev. Father Perrault,
Indian Training School,
McIntosh, Ont.

Rev. Sir:-

Indian Training School, McIntosh, Ont.

We beg to quote you the sum of Two Hundred and Twenty Five Dollars ($225.00) for roofing as pointed out by Mr. E. Gauthier, and includes the following work:-

(1) Swab the entire surface of the present ready roofing with Asphalt and while hot imbed therein Asphalt Saturated Felt.

(2) Swab over the Asphalt Saturated Felt surface with Asphalt and imbed therein a thick Asphalt Saturated Cap Sheet.

(3) Swab over the entire surface with Asphalt so the surface of the cap sheet will be protected from the weather and will be a protection for walking on.

The Cap Sheet and felt would be brought down over the edge and securely fastened with special Kleets and would also be run under the metal flashing around chimney and penthouse so no water could get under.

In consideration of the price quoted it is understood this could only be done if the Asphalt Mastic Flooring were installed and this work done while the workmen were on the job.

Yours truly,

Vulcan Asphalt and Supply Co. Ltd.

Man.

Jan. 18th, 1926.

Rev. Father Perrault,
Indian Training School,
McIntosh, Ont.

Rev. Sir:-

Indian Training School, McIntosh, Ont.

We beg to quote the sum of Eight Hundred and Sixty Dollars ($860.00)for installing TRINIDAD LAKE ASPHALT MASTIC flooring, an average of 1" in thickness, in basement of above building, an approximate area of 3340 sq.ft. as pointed out by Mr. Gauthier, and included the following areas:-

Boys' Play Room including Lavatory.	Basement.
Girls' " " " "	"
Children's Dining Room.	"
Staff Dining Room.	"
Laundry.	"
Corridors.	"

It is understood that in consideration of above price the Institute would supply free to us Sand,Cordwood,Meals for 3 men for 5 days including sleeping quarters in construction shack, Haulage of material and kettles from McIntosh station to the job, and of kettles and remaining materials back to station.

Itis also understood you would remove free the top dressing of cement from floors to be done, and remove same from building ready for workmen to lay the floor.

Regarding the laundry room, we would grade this to make a fall to the two drains.

The floor we would install would be hard enough to resist standing weights, and finished off in good, workmanlike manner.

INDIAN AGENT'S OFFICE

IN YOUR REPLY REFER TO
No. 108-20
(Sd)
TO DATE OF THIS LETTER

Kenora, Ont.

April 21st. 1926

This is in reply to your letter of Dec. 9th, 1925, 130-7-5, and of April 7th, 1926.

I visited McIntosh School on Wednesday the 14th. inst. and took up the subject matter of your letters.

also include coal shipping floor & keeping the cinders.

The cost of covering the flat-roofed portion of the school with galvanized iron with the necessary flashing would be about $550.00, and the cost of covering 3340 sq.ft. of concrete flooring with sleepers and 1"x 3" edge grain fir flooring would be about $870.00. This price includes oiling. While discussing this matter, the principal and Father Provincial Beys showed me the enclosed letters from the Vulcan Asphalt and Supply Co. which are self-explanatory.

I would recommend the Asphalt mastic floor

You can see that it would cost $860.00 to lay Trinidad Lake Asphalt Mastic Flooring as compared with $870.00 for fir flooring, and the school would do a certain amount of the work. The same company, if this work were awarded to them, would be prepared to do similar work on the roof in question at a rate of $225.00 in comparison with $540.00 for the galvanized iron, which would be a good saving, besides which the Fathers have advice which says the joints in the iron roofing would eventually break at the solder from the temperature changes, and that water would back up from the fringe of ice on the cold cornice, making leaks on account of the very low pitch. Of the flooring they say that even edge grain fir will splinter, and that in every way asphalt is superior, being put in all their own new schools.

You will note that the Principal has obtained estimates for flooring boys' and girls' playrooms, dining rooms, lavatories, laundry and corridors. Your letter asks for prices on the recreation room only, but the staff inform me it would be useless doing one room since the concrete dust would be carried from other parts and erode the fir flooring.

The Assistant Deputy and Secretary,
Department of Indian Affairs,
Ottawa.

Concerning the deepening of the culvert, Mr. E.W. Robinson, Divisional Engineer of the Canadian National Railways wrote to the principal on Feb. 8th., and the principal replied on Feb. 15th. stating what was required, since which time nothing has been done in the matter. The principal asks that the work on this should be started as soon as possible, and that the engineer should see him before commencing.

The principal says that Mr. Orr promised the school a five horsepower electric motor for the laundry. The one at present doing this work is a gas engine needed and intended for wood-cutting outside. Please bring this to the attention of Mr. Orr.

I should be pleased to know, as soon as you can decide, what is to be done in these several matters.

The fire-escapes at the school are now installed, and are quite satisfactory.

Your obedient servant,

Indian Agent.

Ottawa, May 5, 1926.

Reverend Sir:

I should be grateful for a recommendation from you as to the most necessary improvements at the [illegible] Indian Residential School. A [illegible] is available for the fiscal year, nearly $[illegible] of which has been expended. The original intention was to erect a small barn, a [illegible] and a [illegible]: but recent reports would indicate the advisability of an early covering over the flat roof and the reflooring of portions of the basement. The cost of the reflooring in Asphalt matrix is $[illegible] and the roofing, $[illegible]. Please indicate if these improvements should be effected before the extensions are proceeded with. In other words, what do you consider most important this year for the satisfactory conduct of the school?

Your obedient servant,

[illegible]

J. D. McLean,
Asst. Deputy & Secretary.

Sir,

Enclosed please find voucher #3594 for the payment of $168.00, in favour of Messrs. Simpson and Simpson for lumber supplied to McIntosh Indian Residential School.

This was shipped on July 24th. 1925, but I would not send in the voucher until the company had completed payment of dues on timber cut on the Dalles reserve. These dues have now been paid, and I would be glad if you would send a check in payment of this account payable to the Royal Bank of Canada in Winnipeg, Man.

The authority for the purchase of the lumber was embodied in a Departmental letter (#130-7-5, of June 13th, 1925) to Rev. Father C. Perrault, O.M.I. Principal of the school at McIntosh.

Your obedient servant,

DEPARTMENT OF INDIAN AFFAIRS

CANADA

May 21, 1926.

Memorandum:

Dr. [illegible]

There is an item ($2500.00) in the Main Estimates, 1926-27, for the purpose of erecting outbuildings at the McIntosh Indian Residential School. An expenditure of $400 has been authorized, leaving a balance of $2100. The Rev. Principal and Mr. Indian Agent Edwards agree that two improvements to the main building are more urgent than the provision of outbuildings. It appears that the basement floor shall be finished with Asphalt Mastic and that the flat roof portion of the building should be suitably covered.($225). Mr. Orr and I recommend these improvements.

Something more than $1000 remains for outbuildings. I recommend that the Rev. Principal be so informed: that he be asked to state which outbuildings are most urgently needed and that the Department grant $1100 for materials - the school to be responsible for the labour. From past correspondence, it appears that a root cellar, provision shed, ice-house and hen-house are most important, at an estimated inclusive cost of $2500. $1100 worth of materials will, without doubt, meet some of the need. Next year, it will be necessary to vote funds for a barn, hog-pen and for clearing land.

Ottawa, May 26, 1926.

Sir:

With further reference to my letter of the 3rd instant, concerning improvements at the McIntosh Indian Residential School, I have now to authorize you to engage the Vulcan Asphalt & Supply Company, Ltd., of Winnipeg, to install 2440 sq. ft. of Trinidad Lake Asphalt Mastic flooring, 1 inch thick, in the basement, as shown in their letter of January 16th, last, for the sum of $[illegible]. It is understood that the institution will supply sand, cordwood, board for the workmen, etc. The said company should do similar work on the flat portion of the roof for the sum of $[illegible]. Please make arrangements without delay. When the work is completed to your satisfaction, you may forward a certified voucher.

Approximately $1,000 is available for outbuildings. I understand that a root-cellar, provision-shed, ice-house and hen-house are most important. The Rev. Principal should get out a list of material which can be purchased for this sum and submit it to you for the Department's consideration, indicating the buildings that will be erected, provided that the management will be responsible for all labour costs. Rev. Principal has received a copy of this letter.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Kenora, Ontario, 25th May 1926.

Sir,—

Referring to your letter # 130-7-5 of 3rd instant, re electric motor for laundry at the McIntosh Residential School.

Brother Gauthier, writes for the Principal, and says he "regrets to differ in opinion with Mr Orr, "it is wasting money to buy a 3 H.P. Motor for the "laundry, as when a 6 H.P. Motor is thrown in operation "when the washing machine is going the speed drops "considerably and takes quite a time to pick up again, "This goes to prove that a 3 H.P. Motor is not sufficient "for the same work and will be overloaded, with the "possible consequence of burning itself. The same thing "happened at Fort Frances School 2 years ago and I had to "replace a motor too small for the work. This same motor "had been rewound some time before. I have also installed "a 5 H.P. Motor in the Kenora School, some years ago, "for about the same size of machines and it is not too much."

From the above you will see the School Authorities are insistant in getting a 6 H.P. instead of a 3. H.P.

I shall be glad if you will place this letter before Mr Orr, and he can give me instructions as to what I should purchase, when he meets me at Sioux Lookout June 3rd, in connection with the new school there.

Rev. Father C. Perrault,

Dear Sir:-

Replying to your enquiry for Outboard Motor Boat and Johnson Engine.

We take pleasure in quoting you as follows: Peterborough No. 417 Outboard Boat as per illustration enclosed. This is a very fine sea worthy craft and we can thoroughly recommend it. The price F.O.B McIntosh, Ont. will be $170.00.

The Johnson 2½ H P Light Twin Motor will drive this boat admirably and give perfect satisfaction, coupled with economy in usage. The price of 2½ H P Johnson will be $175.00 F.O.B McIntosh, Ont.

Hoping to be favored with your further commands in this regard,

We remain,

Yours very truly,

.....enora, Ont.

.....June 14th 1926.

R

Sir,—

In reference to your letter (#130-7-5 of May 31st. last) to the principal of McIntosh Indian Residential School, I enclose a letter from him giving the price of a suitable boat and engine which can be got from the Timothy Eaton Co.

This has my recommendation, and I should be glad to have the necessary authority for the purchase.

Your obedient servant,

Hart Edwards

Indian Agent.

The Assistant Deputy and Secretary,
Department of Indian Affairs.

Ottawa, June 28, 1926.

Dear Mr. Beaubien:

I have to inform you that the Rev. Father Perreault, Principal of the McIntosh Indian Residential School, has reported the Department to supply a vessel with outboard motor. I am pleased to state that our Kenora representative was today authorized to secure the boat and engine recommended by the Rev. Principal.

Youre very truly,

Duncan C. Scott

Deputy Superintendent General.

Ottawa, June 22, 1926.

Sir:

I have your 108-20 of the 14th instant, concerning a suitable small boat with outboard motor for the use of the Rev. Principal of the McIntosh Indian Residential School. You may purchase from the T. Eaton Company, of Winnipeg, one Peterborough No. 417 outboard boat for the price of $170, f. o. b. McIntosh, and one Johnson 2½ H. P. Light Twin motor for $175, also f. o. b. McIntosh. Please inform the Rev. Principal that you are placing the order. A properly certified account, in duplicate, should be submitted to the Department for payment.

Your obedient servant,

J. D. McLEAN

INDIAN AGENT'S OFFICE

[illegible], Ont. ...

August 28th, 1916

Sir,

Referring to your letter 130-7-5 of May 26th last regarding the amount available for outbuildings at McIntosh Residential School I have only to-day received from the principal a letter enclosing a list of materials needed along with cost of same, a copy of which I enclose herewith. He says that the mild season being now well advanced, and himself wishing the completion of the root-cellar this fall, he has had to make some modifications to the original plan.

The provision shed will be of lumber with a concrete floor, and he wishes the balance of the $1,000 to be spent for lumber for later use in the outside buildings.

You will note his inclusion of wages, the reason being that no lay brother is at present available for this work.

I should be glad to have the necessary authority for proceeding with the root-cellar and the provision house.

Your obedient servant,

Frank Edwards

Indian Agent.

The Assistant Deputy and Secretary,

130-7-5.

Ottawa, September 3, 1926.

Sir:

I have your 108-20 of the 28th ultimo, concerning outbuildings at the McIntosh Indian Residential School. I note that the Rev. Principal estimates the total cost of a root cellar and provision shed at $[illegible]55.75. The statement made in the second paragraph of official letter 130-7-5 of May 26th, last, was conditional on the passing of our Estimates by Parliament. The $1,000 mentioned is not available at the present time; but, in view of the urgency of the root cellar and provision shed, I am pleased to authorize you to secure the materials, after competitive prices, and to arrange with the Rev. Principal to have the work performed on a day labour basis. Time sheets in duplicate should be kept, showing the receipts of the men employed. When you are submitting accounts in favour of the firm awarded the business, attach thereto a memo showing those asked to quote and the prices quoted. The estimate should not be exceeded, as our funds are extremely limited.

Your obedient servant,

T. R. L. MacInnes,
For Asst. Deputy & Secretary.

I beg to acknowledge receipt of your letter of [illegible]

[illegible]. Edwards, Esq.,

130-7-5

Extract from Report of Inspector Bennett on the McIntosh Res. School - dated October 9th, 1926.

Original on file 130-7-6

This school needs a case for books and material made by the children. There isn't a single place to keep childrens artistic efforts away from dust. I recommend a book case that can be purchased from Eatons for $16.75 - 5 ft. high - Catalogue No.28L-319-page 511. This is really necessary.

There is linoleum on all hall floors. The stairs are not so covered. Unless they are covered the step will be worn and in time become unsightly. One roll 6 ft. wide and [illegible] will do the stairs. Color dark brown Battleship Linoleum. It will pay in the long run.

I spent some time visiting all over the school plant. One thing is quite evident. It will never be a finished plant until the following are provided for:-

1. Root house and provision house (now kept in playroom)
2. A Modern poultry house.
3. An ice house for ice and storing meat and butter.
4. A barn for 12 horses - 4 cows and hay and feed. (40'x25')
5. More land will have to be cleared and broken.

Ottawa, October 25th, 1926.

Sir: -

In a recent report on the McIntosh Residential School, Inspector Bennett states that the school premises [illegible] for [illegible] and will not [illegible]. He recommends that [illegible] from the T. [illegible] that this is necessary, you may [illegible] from the [illegible] either from the T. [illegible] or locally at a [illegible] only the same price.

The Inspector also suggests that some covering should be placed on the stairs. Please let me have a recommendation from you in regard to this.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir,—

Replying to your letter 130-7-5. of 25th October last re Inspector Bennets report on the McIntosh Indian School.

I have ordered the bookcase from the Eaton Company, as I consider it necessary, we supplied one some time ago to the Kenora Residential School.

As regards flooring for the stairs, I would also recommend this, and suggest the school be supplied with one roll,(25 yards long by 6 feet wide) of plain brown 'A. A." Battleship linoleum, also 68 brass nosings for staircases, 30 inches long, corrugated, with screws.

The linoleum could be purchased from Ashdown Hardware Company, Winnipeg, and would be the same material, as we purchased for the passages the purchase was, I believe, made from this firm.

Your obedient servant,

Indian Agent.

Assistant Deputy and Secretary.

Department of Indian Affairs.

Ottawa.

P.S. If authority was given I could attend to the purchase of the linoleum.

Copy.

McIntosh Indian Residential School
McIntosh, Ont. April 13th,1927.

Capt'n Frank Edwards,
Indian Agent.
Kenora, Ont.

Dear Sir:-

In order to keep the school in good condition it would be necessary to oil the floor and in some rooms give them a coat of varnish.

You must have notice also that some walls would need to be painted. For these purposes we would need:

5 gallons boiled linseed oil
5 " floor varnish.
10 " white flat wall paint.
1 " white enamel
2 " turpentine.
6 Paint brushes, assorted.

Besides I would ask you to furnish the school with 1000 ft. of lumber in mixed widths. Up to this time we used the lumber left from construction. There are still cupboards, shelves etc. to do, and there is no more lumber left for the purpose.

I would also thank the Dept. if games would be furnished for the children: foot balls and indoor balls.

I intend to have the carpentry and painting done by the boys. The success they have had in this kind of work during the year proves to me that they would be able to do it.

There is another matter I wish to speak about. The plaster of the walls along the stairs on the boys' side is quite broken. Although we would have wished to mend the long since, I could not find anyone to do the work. Even Brother Gauthier says he is unable to do it, so if you could send a man with the necessary material, hardwall etc. to do the work I would be very grateful to you.

Sincerely yours

C. Perreault, O.M.I.

P.S.The total costvfor material, paint lumber and games will be around $150.00. For the repairs ofthe walls I have no idea.

C.P.

OFFICE OF
INDIAN AGENT

Kenora, Ont.
April 18th, 1927.

Sir:

Enclosed please find copy of a letter given to me by the principal of McIntosh Indian Residential School, making a request for paint, 1000 ft. of lumber, footballs etc. Providing it seems right that the Department should bear the expense, I would recommend his requests, which would cost about $150, as I agree with the principal that in addition to the necessity involved it would be a good thing for the boys.

With reference to the plaster, I think it should be attended to. We could get a man to do this, and I do not imagine the cost would be great.

I should be glad to receive your instructions in these matters.

Your obedient servant,

Indian Agent.

The Assistant Deputy and Secretary,
Department of Indian Affairs,

Sir:

I [illegible] Indian Residential School in which he requests that a quantity of paint and lumber in mixed widths, as well as [illegible] be granted to have the plaster on the walls along the stairs on the boys' side repaired.

In reply I beg to say that you may arrange for the purchase and delivery of the following quantity of paint:

3 Gals. boiled linseed oil,
2 Gals. floor varnish,
10 Gals. white flat wall paint,
1 Gal. white enamel,
2 Gals turpentine,
6 Paint brushes, assorted sizes.

You may also arrange for the purchase and delivery of 1,000 feet of lumber, mixed widths, to be used in building cupboards, shelves, etc.

If possible, you should obtain competitive prices for [illegible] the firm quoting the lowest price. You should forward properly certified vouchers, in duplicate, covering the expenditure incurred. The work in having the painting and carpentering [illegible] expense to the Department.

With reference to the repairs to the plaster, you may arrange to have a competent man carry out these repairs. No unnecessary expense, however, should be incurred. You should also supply any material required for this work. Properly certified vouchers, in duplicate, should be forwarded covering the cost of the labour and for the material required.

Relative to the playground equipment, I beg to say that we are placing an order here and will forward to the Principal, 2 footballs and 2 indoor baseballs and bats.

MAY - 1927

105-20

Kenora, Ont.
May 11th, 1927.

Sir:

The principal of McIntosh Indian Residential School informs me he has received instructions to have the school boiler inspected annually by the boiler inspector. Would it not be a good idea if arrangements were made so that the inspector could visit the schools at McIntosh and Sioux Lookout at the same trip. This would no doubt effect some saving. I should be glad to receive instructions in this regard.

Is it advisable that the boiler at Kenora Residential School should be inspected also?

I presume in the case of Cecilia Jeffrey School that it lies with the church authorities, who own the building.

Your obedient servant,

Hank Edwards

June 9, 1927.

Memorandum:

Dr. Scott.

During the night of the 2nd instant, a fire partly destroyed the upper portion of the laundry wing at the McIntosh Indian Residential School. I have already taken steps to repair the electric wiring as there was an immediate need in this connection. I am now informed that the repairs to the building will cost approximately $500. Mr. Inspector Bunn suggests that Simmons, the contractor for the building, undertake these repairs on a cost plus basis. I wish to recommend that this action be taken.

No.

Ottawa, July 18th, 1927.

Rev. Sir:

I have your letter of the 7th instant relative to the clearing of land at the McIntosh Indian Residential School, and requesting, in order that this work can begin at an early date, that the sum of $, the amount provided for the purpose, be sent you. In reply I would herewith enclose cheque No. 1[illegible], for $, in order that the payment of the labour in the clearing of the land.

It will be necessary for you to keep returns, in duplicate, of the labour employed. The names of the men employed and all the other columns on the return sheet to be filled in properly. You are also to sign the returns, in duplicate, in the presence of a witness. You should certify the returns and hand them to Mr. Agent [illegible], who is being informed of the authority granted you to have the above expenditure. He will forward these returns to the Department. These labour returns are to accompany the application for the employment of the labour to the extent of the grant. Should there be any balance on hand after the work is completed, you should remit same to Mr. [illegible] for transmission to the Department. The object of this is all to be carried out at the present time through the cost of clearing the land.

Your obedient servant,

J. D. [illegible]
Acting Asst. Deputy and Secretary.

McIntosh Indian School,
McIntosh Ont.
July, 21st, 1927.

Mr. J.R.Bunn,
Inspector,

WINNIPEG. MAN.

Winnipeg Inspect
JUL 23 1927

Dear Sir :-

While making the repairs caused by the recent fire in the Drying Room at the McIntosh Res. School, we made a thorough investigation as to the origin of the fire. Everything indicates that the fire was caused by the stove which was used both for heating the flat-irons and drying the linen. At the time of the fire the stove was quite alive and most probably a spark blown from the kindling wood ,or a back flue , into the linen or on the floor set the fire. With all the possible and careful attention this stove was always a source of danger.

As the same thing may happen again, I would suggest to discard this stove and replace the ordinary flat-irons by electric ironers ; the heat costing us very little ,nay nothing, it would be a saving besided the security.

Regarding the drying of the linen ,having ample good supply of steam from the boiler in the laundry ,I would suggest to install a Steam dryer,or a Tumbler preferred.

In my opinion these two improvements would minimize the causes of fire in the future.

In this fire we lost approximately $250.00 worth of linen and clothes. Do you beleive that the Department would be satisfied to help us in repairing our loss.?

Thanking you for your past favours and the keen interest you have always shown to our school,

I am,

Youre sincerely,

McIntosh Indian School

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Lake Winnipeg Inspectorate
Inspector's Office

Winnipeg, 26th July, 1927.

The Asst. Deputy & Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Sir;-

I received the enclosed letter from the Principal of the Indian Residential School at McIntosh.

[illegible] fire that recently occurred in the Laundry of the School at McIntosh. After a short talk, I suggested that he better write me a letter and therein set out clearly what caused the fire and the effects of same.

This is done in the enclosed letter. Apparently the stove in question is the cause and is a menace, even with most careful supervision.

With reference to a Steam Dryer or a Tumbler for drying the clothes etc handled in the Laundry, please note the remarks of the Reverend Principal. I think that a Tumbler would be preferable and for safety and efficient service in this work would be the best. I beg recommend this matter for consideration.

The Reverend Principal made reference to the loss of linen [illegible] this request with a recommendation for consideration.

I have the honor to be,
Your obedient servant,

Inspector of Indian Agencies.

Enclosure.

Sir:

I have your letter of the 26th ultimo, [illegible] of the McIntosh Indian Residential School. I note that the recent fire was evidently caused by the stove in the laundry which is used for heating irons. You may authorize the Reverend Principal to take steps to line the danger points with galvanized iron or asbestos. He should be informed that the Department [illegible] electric irons at [illegible] schools. [illegible] request for a dry [illegible] when [illegible] estimates.

You may inform him that the Department [illegible] losses at the time of the fire.

[illegible] servant,
[illegible].

A. F. Mackenzie,
Acting Asst. Deputy and Secretary.

August 23, 1927

Dept. of Indian Affairs,
Commercial Bldg.,
CITY.

Attention Mr. J. R. Bunn.

Dear Sir:

In reference to our letter 21st of July concerning the recent fire in the laundry of the Indian Boarding School at McIntosh, upon closer examination I have found that the laundry stove, as well as the pipes, which were through the fire, are unfit for further service in their former capacity. The stove is badly warped and the pipes twisted. It would certainly not be safe to make any further use of them.

With reference to the laundry, the schcol, to avoid any future danger and providing that the department would authorise the wiring for installation of electric ironing, are willing to furnish the irons for same. Estimate for said wiring, which has been taken, is between $25.00 and $30.00. We consider that this would be a very safe device and are most anxious to do whatever we can in order to avert a recurrence of the past misfortune.

We hope that the department will lend to this proposal, their favourable consideration and grant us as soon as possible their authorisation.

Yours truly,

INDIAN RESIDENTIAL SCHOOL
McINTOSH, Ont.

Re Letter 130-7-5.
1st Aug. 1927

Inspector's Office

Winnipeg, 26th August, 1927

The Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir:-

Herewith I beg to enclose a letter (the original) that I received yesterday.

The Reverend Principal states his case with referenceto the use of Electric Irons for the laundry of the school, they are prepared to furnish the irons if the Department will do the necessary wiring.

I informed the Reverend Principal that I would submit his proposition for consideration, and, providing that it is regular, I beg to recommend same for favorable consideration

I have the honor to be,
Your obedient servant,

Inspector of Indian Agencies.

Enclosure.

OFFICE OF
INDIAN AGENT

Kenora, Ontario,
October 14th, 1927.

Dear Sir:

I have received a letter from the principal of the McIntosh Residential School, in which he draws attention to the fact that the hull of the launch at the school is in a dangerous condition and nothing more can be done with it. He would like authority for the expenditure of Three Hundred ($300.00) Dollars for lumber and material for a new boat. The building and all labor cost would be borne by the school and it could be built this winter.

I would therefore like to receive authority for this expenditure.

Your obedient servant.

Indian Agent.

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Ottawa, October 18, 1927.

Sir:

I have your letter of the 14th instant, relative to the present condition of the hull of the launch at the McIntosh Indian Residential School.

In reply I beg to say that the Department will approve of an expenditure not exceeding $300 in the purchase of lumber and material to build a new boat during the coming winter. Competitive prices should, if possible, be obtained and the material purchased from the firm quoting the lowest price. It is to be understood that the building of the boat and all labour costs will be borne by the school authorities.

After the material has been forwarded, you should forward a properly certified voucher, in duplicate, covering the cost.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

ONTARIO

DEPARTMENT OF HEALTH
PARLIAMENT BUILDINGS, TORONTO

October, 27, 1927.

Dear Sirs:-

This Department has been in receipt of certain complaints in regard to the disposal of waste and sewage from the McIntosh Indian School, North Western Ontario.

Our District Officer, Dr.Spar[illegible], Fort William has made an investigation and desires that this matter be brought to your attention. He states that the effluent from the septic tank is discharged directly into Canyon Lake, and that the drainage from the stable cannot help but drain into the water also.

It is the understanding of our District Officer that the design of this disposal system included the use of field tiles to treat the effluent from the septic tank, but that these tiles were never installed, and the effluent is run directly into the lake.

This information [illegible] tion, and I should be [illegible] hat action you propose [illegible].

Deputy Minister of Health.

Sir,-

I beg to enclose herewith copy of a communication received from Dr. A. J. Hall, Deputy Minister of Health of Ontario, advising the Department of the result of an investigation made by a Provincial District officer of the present condition of the sewage disposal system at the Delaware Indian Residential School, and my reply to same.

As you are aware this system was designed and carried out under the supervision of one of your District Engineers. I would ask you, therefore, to be kind enough to have this matter fully investigated with the least possible delay, in order that this Department might take the necessary steps to remedy any existing condition that might be defective in connection with this system.

Your obedient servant,

J. D. Hawkes.
Assistant Deputy and Secretary.

DOMINION WATER POWER AND RECLAMATION SERVICE

Your file No.130-7-5

OTTAWA, ONT., November 10, 1927.

Sir: Attention Departmental Engineer.

I have received your letter of the 8th instant enclosing copy of a communication received from Mr. W. J. Bell, Deputy Minister of Health of Ontario, with reference to the present conditions of the sewage disposal system for the McIntosh Indian Residential School, with your reply to the same, and have asked our District Chief Engineer at Winnipeg to make an investigation and report as soon as possible.

You will remember that Mr. Craig's report on the ~~possible~~ sewage disposal system for this school called for a disposal bed with open jointed tile drains laid throughout it, the understanding being that the disposal bed would be constructed by the residents at the School after the rest of the work was completed, as described in Mr. Attwood's letter of October 27th, 1924, a copy of which was sent you at that time.

Mr. Craig's report of July 5th last stated that the sewage system appeared to be working quite satisfactorily but does not mention whether the tile drains had then been laid. This point will no doubt be dealt with in the report which Mr. Attwood has been asked to furnish.

Your obedient servant,

J. T. Johnston,
Director.

Gentlemen:

Please ship addressed to Rev. C. Perreault, O.M.I., Principal, Indian residential School, McIntosh, Ont., the following fire equipment: -

[illegible]

These should be supplied at your lowest possible price.

Please forward your account, in duplicate, to Rev. Father Perreault, which should cover the cost of the extinguishers F.O.B. McIntosh, Ont. He is being informed that the order has been placed with you, and requested, upon receipt of the extinguishers, to certify the account and send it to the Department, when payment will be made. For your information I may say that McIntosh is on the C.N.R. about 160 miles east of Winnipeg.

I would request that you make early shipment.

Yours very truly,

Sgd. F. H. Paget

Ottawa, November 26, 1927.

Rev. Sir:

I have your letter of the 15th instant, relative to the fire equipment at the McIntosh Indian Residential School.

In this connection I beg to inform you that we are [illegible] order with the Pyrene Mfg. Co. of Canada, Ltd., Toronto, to forward, charges prepaid, [illegible] to you, McIntosh, Ont., the following:

3 - 5 Gal. [illegible] Tanks, complete with [illegible],
2 - 12 Qt. Pyrene Extinguishers, complete with [illegible].

It is considered that these extinguishers would be more satisfactory at this school. When they arrive, and with the Foamite extinguishers which have already been supplied, it is considered that there should be an ample supply of extinguishers on hand if they are properly distributed at strategic points throughout the school and at the power house. The [illegible] tinguishers are to be placed in the power house, as they are suitable where oil and electricity are used.

The above firm will send their account, in duplicate, to you, and upon receipt of the extinguishers, you should certify the account in the usual manner and send it to the department in order that payment can be made.

Relative to your request that 5 step ladders be supplied, in order to reach from the fire escapes to the ground. I may say that this would be an easy means of access to the dormitories. If these ladders were supplied, could it be arranged that access to the building could not be obtained? You might furnish an estimate of the cost of having French windows and storm sashes opening outside from the exits of the dormitories and the infirmary, and you should also obtain prices for the supplying of 6 fire axes, and the cost of installing a lightning arrester at the power house to protect the dynamos in case of an electrical storm.

When we have full information as to the cost involved in carrying out the above requirements, consideration will then be given to authorising the same. Your early reply giving the information asked for is requested.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

DOMINION WATER POWER AND RECLAMATION SERVICE

WINNIPEG, MAN. November 22, 1927.

Sir:-

I have your letter of November 10th with enclosures from the Department of Indian Affairs respecting the sewerage system of the Indian Residential School at McIntosh, Ontario. In a letter from Mr. J. D. McLean, Assistant Deputy and Secretary of the Department of Indian Affairs to Mr. W. J. Bell, Deputy Minister of Health, he states "In reply I beg to say that the Dominion Water Power Branch is being requested to immediately furnish me with a report as to the reason why the effluent from the septic tank has been made to discharge directly into the lake".

The present sewerage system of the McIntosh Indian School was constructed in the fall of 1924 following a report prepared by Mr. Craig which outlined the requirements considered necessary for the proper disposal of the school sewage. This report, dated October 25, 1924, recommended that the septic tank, together with the disposal bed, be installed. The disposal bed was included in the design of the system because Canyon lake was used as a summer resort and it was not considered advisable to discharge untreated sewage directly into the lake. In November instructions were received to install the system as designed with the exception of the disposal beds. At that time the school building was still under construction, it was late in the season, and the Department of Indian Affairs decided to leave the construction of the disposalbeds over to the following year, or until such time as it was considered advisable to have the disposal beds installed.

The sewerage system and septic tank have now been in operation nearly three years and from reports and inspections are giving complete satisfaction. The effluent from the tank itself is practically free of solids and is quite clear, and although immediately at the sewer outlet the water of the lake is discolored and cloudy, this is caused by the waste from the laundry which, after being by-passed around the septic tank, joins the sewer outlet and discharges through the same pipe into the lake.

The discharge of the sewer from the school into the lake will no doubt cause a certain amount of contamination as the main function of the septic tank is to break up solids and it only reduces to a small extent the dangerous bacteria. Whether this contamination is at present dangerous or whether it is made harmless by dilution a short distance from the sewer outlet can only be determined by having water samples taken at various points and analyzed.

The Director,
Dom. Water Power & Reclamation Service,
Dept. of Interior,
Ottawa, Ont.

The school is situated on a bay about a mile south of the CNR crossing and there are no summer residents between the railway crossing and the school. It is highly improbable that any summer residents would build in this bay because of the poor passage under the railway tracks. In view of the fact that there are so few summer cottages on the lake, and also that the effluent from the septic tank must be largely diluted and eliminated before reaching the outer lake, it seems to me that if samples of the water were taken and these showed there was no danger of contamination, that the matter might be taken up personally with the Ontario Department of Health and the matter of installing disposal beds held until cottages were built closer to the school.

With respect to the Doctor's comment on the stables, I can only say that conditions, in my opinion, are not different from those of settlers and farmers elsewhere in the Province of Ontario.

Your obedient servant,

[illegible]
Chief [illegible].

Attention Departmental Engineer.

Sir:

In further reference to my letter of November 10th regarding the sewage disposal system for the McIntosh Indian School, I enclose herewith Mr. Attwood's report thereon, from which you will notice that Mr. Attwood recommends the analysis of samples of water to ascertain whether there is any contamination. Whether this should be done now or in the Spring when the ice has left the lake is not stated, and I have asked Mr. Attwood what he would recommend in regard to that.

Ottawa, December 6, 1927.

Reverend Sir:

I have your letter of the 30th ultimo, with reference to a letter [illegible] for the [illegible] at the [illegible] Indian [illegible] School. I trust that certain funds will be available for improvements at your school next year. Parliament is being asked for a small appropriation for the purpose. It was proposed to erect a small barn, to provide a boat house and to purchase a little live stock. You might let me know if the drying [illegible] is of more importance than any of these items. If so, it may be possible to exchange purchase in the near future.

Your obedient servant,

T. R. L. MacInnes,

This work was authorized in your letter of October 6th. Will you please have this forwarded to the Department of Indian Affairs and request them to send a cheque to Mr. [redacted] of [redacted] Indian Residential School, [redacted], Ont.

With reference to the painting of the penstock, I wish to advise you that the quantity of paint purchased and forwarded was not sufficient, with the result that only 180 feet of the penstock has been done to date. As the cold weather set in at this time it was considered advisable to leave the painting of the balance until spring. This will necessitate the purchase of about 16 gallons more of Ebonal paint and 16 gallons more of creosote oil. The quantity purchased was considered sufficient as before deciding on the amount required the matter was taken up with the manager of the Sherwin-Williams Paint Company, who estimated the amount that would be required for this work. As it turned out, their estimate was quite far astray and it will therefore, as stated above, be necessary for the Department of Indian Affairs to authorize the supplying of more paint next spring when the painting of the balance of the penstock can be done.

Your obedient servant,

C. H. Attwood,

District Chief Engineer.

OTTAWA, ONT., December 5th, 1927.

Referring further to your letter of October 5th, regarding repairs to the Hydro Electric water supply system at the McIntosh Indian Residential School. I enclose for your information copy of a letter received from our District Chief Engineer at Winnipeg, to which is attached a time sheet showing work performed by Mr. Fortier, on the painting of the wood stave penstock.

Will you kindly arrange for the issue of a cheque in Mr. Fortier's favour for $26.00 and forward same to him addressed in care of Reverend Father Perrault.

Your letter of October 5th authorized expenditure of $100.00 on the painting of the penstock. Of this amount $74.31 will have been spent with the payment of Mr. Fortier's account.

OTTAWA, ONT. December 12, 1927.

Sir,

Your file number: 130-7-5a.

In further reference to my letter of the 2nd instant regarding the sewage disposal system of the McIntosh Indian School, with particular reference to the analysis of samples, the following letter has been received from our District Chief Engineer at Winnipeg, under date December 7 -

"This will acknowledge your letter of December 3rd with reference to the sewerage system of the Indian School at McIntosh. In connection with the taking of samples of water in Canyon lake to determine whether the sewerage from the school is causing contamination, it is recommended that samples be taken some time during this winter, again during the spring and some time during the summer.

Before having these samples taken it would be advisable for the Department of Indian Affairs to take the matter up with the Ontario Provincial Board of Health in order to obtain the necessary containers for the water and also in order that the samples be taken in the proper way."

Your obedient servant,

J. T. Johnston,
Director.

Winnipeg, Manitoba,
[redacted] 1928.

[redacted]

Mr. Attwood.

re McIntosh Indian School.

On December 22nd, 1927, the Department of Indian Affairs wrote with reference to the power development at the McIntosh Indian Residential School the following letter:-

> "The Department is advised that a considerable amount of water is leaking through the earth embankment near the dam of the Hydro-Electric Power Plant at the McIntosh School, near McIntosh, Ont. As it is feared that considerable damage might result owing to the increasing amount of water lost, I would like to know if one of your engineers at Winnipeg could be instructed to make an inspection of the existing condition at the first opportunity, and furnish me with a report and estimate of the cost of the work required to put this dam in a state of repair."

Following instructions to have an engineer visit the school and prepare a report on this matter, the undersigned visited McIntosh and inspected the works on the 4th and 5th of this month.

While at the school, in addition to examining the conditions referred to in the Department of Indian Affairs letter, opportunity was taken to make an inspection of the hydro-electric plant, the water supply, and the sewage system, and in the following memorandum a description is given of the present condition and the operation of the different systems.

[redacted].

On taking up the question referred to in the Department of Indian Affairs letter with Father Perrault and Brother Adolph it was found the earth embankment referred to

Indian Affairs. (RG 10, Volume 6219, file 472-5, part 2)

www.collectionscanada.gc.ca

in the letter is the high water channel located about half a mile west of the school, which had already been inspected during the past year and reports and estimates of costs submitted with reference to closing up this channel. These [illegible] dated September 16th, 1927.

On January 4th last Forest lake was standing at an elevation of 110, or two feet below the spillway elevation. At this elevation there is no leakage through the high water channel at the present time, though Brother Adolph thinks there would be a certain amount of seepage [illegible] more erosion with consequent further loss of head and storage. It was suggested to them that it would be advisable to leave this matter until the spring run-off and by careful inspection note if there was any additional erosion which would warrant the immediate construction of a dam to stop all flow through this channel. To this the school authorities agreed and stated that their only idea in pressing the matter was that by [illegible] to the [illegible] building of a more extensive dam. As the high water of last year only washed away the accumulation of silt and did not actually enlarge the channel itself, the danger of enlargement from the coming spring run-off is not considered very great. In view of this it is recommended that the damming of this channel be left until after break-up at which time if an inspection then shows that the erosion warrants it, the dam can be constructed during the coming summer.

The inspection of the concrete dam showed that the structure is in good condition, no leakage occurring [illegible] out the entire length of the structure.

Indian Affairs. (RG 10, Volume 6219, file 472-5, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The 36-inch wood pipe penstock is also in good condition having had a coat of creosote oil on its entire length and 180 feet of it being painted with the special creosote black paint. The remaining 180 feet will be similarly treated during the coming summer.

The powerhouse and machinery are giving entire satisfaction. Brother Adolph, who has charge of this plant, states that no trouble of any kind has been experienced and, as he put it, "Everything is more than satisfactory".

The water turbine has been running continuously since the plant was first started and the school has had continuous electric service more than sufficient to meet all requirements.

[redacted].

The ordinary water supply is obtained from a small Typhoon plunger pump which is kept running at a slow speed continuously, any excess water beyond the requirements of the school being taken care of by a relief valve which, when necessary, discharges into and flushes the laundry drains in the basement of the school. Beyond the attention necessary for the oiling of the different machines both the electric and water systems are practically self operating.

For fire protection or when any need arises for a large supply of water the centrifugal pump can be started up within one or two minutes. This pump has a capacity of 500 gallons per minute against a head of 80 pounds, and at the time of the fire last fall three powerful streams of water were available within four minutes after the fire was discovered. With this supply of water the fire was extinguished in fifteen minutes and both Father Perrault and Brother Adolph state that without this plentiful supply of water at a high pressure the fire could

not have been extinguished and that the entire school would have been destroyed.

SEWAGE SYSTEM.

Owing to the winter conditions it was not possible to inspect the sewage system, but it was stated that no trouble of any kind has occurred and that even during summer months there is no odor at the outlet of the sewer into the lake. It was suggested to the school authorities that as the septic tank [illegible] able some time during the coming summer to inspect the tank and ascertain whether it was necessary to remove the accumulation of sludge from the bottom of the tank.

WATER POWER AND RECLAMATION SERVICE

OTTAWA, ONT. January 16, 1928.

Your file number: 130-7-5a.
Attention: Departmental Engineer.

In further reference to my letter of December 12 regarding the sewage disposal system for the McIntosh Indian school, with particular reference to the analysis of samples, the following letter has been received from our District Chief Engineer at Winnipeg under date January 10 -

"At the time of Mr. Craig's visit to McIntosh on the 4th and 5th of this month four bottles were received by Father Perrault, Principal of the school, from the Ontario Department of Health for the taking of water samples in Canyon lake. As Father Perrault had received no word from the Department of Indian Affairs nor from the Ontario Board of Health it was explained to him that these samples were being taken as a result of the visit to the school of the Ontario Board of Health inspector last summer.

A blue print showing Canyon lake in the vicinity of the school has been forwarded to Father Perrault with the different points at which it would be desirable to take samples shown in red. Two copies of this blue print are enclosed."

Copy of the blue print referred to is attached. I am also enclosing a report from Mr. Craig to Mr. Attwood regarding an inspection which he has recently made of the school, with particular reference to the leakage through the earth embankment referred to in your letter of December 22.

Regarding this latter matter it appears that there is no great danger of trouble at this point which is at the high water channel located about half a mile west of the school, regarding which a report was prepared under your instructions covered by memoranda dated July 5 and September 16 last.

As pointed out in Mr. Craig's report it will be advisable to delay the damming of this high water channel until after the spring run-off, when the

channel can be inspected and the amount of erosion caused by this year's run-off determined. If the inspection then shows that there is danger of considerable erosion taking place a dam across this channel can be constructed during this coming summer.

Mr. Craig's report is to the effect that the hydroelectric development, the water supply system, and the sewage system are all functioning satisfactorily.

Your obedient servant,

J. T. Johnston,
Director.

Dera Sir:-

We have purchased from the firms quoting lowest prices the necessary material for building a new boat. I am sending you herewith the accounts bills for same.
The competitive prices were given verbally to Rev. Brother Gauthier at his recent trip to Winnipeg.
I hope you will find every thing O.K.

Your Sincerely

E. Pineault Om.

Ottawa, May 21st, 1928.

Sir:

I have your letter of May 10th, relative to the contamination of the water of Canyon Lake through sewage from the McIntosh Indian Residential School.

In this connection I beg to say that there is no raw sewage from the school going into Canyon Lake. There is a good disposal field built according to approved plans into which the raw sewage from the school empties, which is in good condition and excellent working order. We understand that there are other sources through which the water might become contaminated. The school authorities have forwarded samples of the water from Canyon Lake to the Ontario Department of Health for analysis, but up to the present time this Department has not received any report as to the result of this analysis, but hope to have this information at an early date.

Your obedient servant,

T. R. L. MacInnes,

Parliament Buildings,
Toronto, March 12th, 1928.

BACTERIOLOGICAL REPORT

REPORT ON WATERS RECEIVED FROM..... Indian Residential School. OF McIntosh,

ON THE.....7th.....DAY OF.....March...1928....

LABORATORY ENTRY NUMBER	NUMBER	WHERE COLLECTED	HEALTH GOOD BACTERIA PER C.C. AT 37°C	SMALLEST AMOUNT OF WATER IN WHICH COLON BACILLI WERE FOUND	Classification of the water as indicated by the Analysis.
456	1	Canyon Lake	..	20cc.	"D" Fair ..
57	2	" "	..	20cc.	"D" Fair
58	4	" "		None in 30cc.	"A" Good

In properly treated municipal supplies, colon bacilli should not be found in 50cc. Favourable results from a limited number of samples are not to be interpreted as indicating that water from this supply is always of good quality.

Classification of water as indicated by the examination of sample submitted:—

"A"—Good quality—Examination failed to show the presence of colon bacilli in all portions tested.

"D"—Fair quality—Not sufficient pollution present at the time of sampling to regard the water as definitely unfit for drinking purposes.

"B"—Doubtful quality—Presence of colon bacilli present to such extent as to be regarded as on the limit of safety for a drinking water supply. Further samples should be sent to ascertain whether the amount of pollution is variable.

"C"—Unsatisfactory quality—Presence of abnormal organisms present in such numbers as to render unsafe for a drinking water supply unless the water is previously treated by boiling, chlorinating or by other recognised methods.

Sterile bottles for collecting water samples may be obtained upon request. Persons sending water samples in oil bottles must satisfy themselves as to the sterility of the containers.

(For further information see reverse side.)

Reverend Sir:

On December 6th, last, I wrote to you regarding improvements at the McIntosh Indian Residential School. Funds are available for the erection of a small barn, for the provision of a boat house and to purchase some live stock. You will remember you asked for a drying tumbler. Please let me know, without delay, just what you consider the most urgent and let me have a proposal as to how the work should be undertaken.

Your obedient servant,

D. M. L. Scott.
Acting Asst. Deputy & Secretary.

DEPT. OF INDIAN AFFAIRS
JUN 11 1928
RECORDS

McIntosh Indian Residential School
McIntosh Ont. June 4 th 1928

Dr. Russell T. Ferrier
Supt. of Indian Education

Dear Sir:-

May I request the Department to supply varnish and oil for the floors so that these may ever be kept bright and clean.

A coat of paint on the Asphalt floor in the basement would greatly add to its appearance. In fact it would change the gloomy rooms of the basement into bright ones.

I believe that painting, &, could successfully be done by our older boys.

The paint, &, needed is as follows:

25 lbs white lead
5 gallons floor varnish
6 " green asphalt paint
5 " boild linseed oil
2 " turpentine.

Needless, our boys and girls who are quite as fond of play as they are of work, would be most thankful if the Department would supply the following games:

1 foot ball
2 playground balls
2 catcher's mitts
1 Single end striking ball, complete with swivels.
1 Basket ball: Balls only, extension brackets complete with base

Hoping you will grant this request,
I remain
Yours Sincerely

C. Perreault Jnr.

Principal

Ottawa, ~~July~~ June 11, 1928.

Rev. Sir:

I have your letter of the 4th instant, requesting that a supply of varnish, paint, oils, etc., be furnished for the floors at the McIntosh Indian Residential School.

In reply I beg to say that you may arrange for the purchase of the following:

25 Lbs. White Lead,
5 Gals. Floor Varnish,
6 Gals. Green Asphalt Paint,
5 Gals. Boiled Linseed Oil,
1 Gals. Turpentine.

You should, if possible, obtain competitive prices for this material and make the purchase from the firm quoting the lowest price. After the paint, etc., has been received, you should procure an itemized account, in triplicate, properly certified, covering the cost. It is noted that the staff and pupils will perform the labour in painting without any expense to the department.

Relative to the playground equipment, I beg to say that as soon as possible an order will be issued to you for the following:

1 Football,
2 Indoor Baseball Bats,
2 " Baseballs,
1 Basket Ball,
1 Set Basket Ball Goals.

Rev. C. Perreault, O.M.I.,
Principal,

McIntosh Indian Residential School
McIntosh Ont. June 6th. 1928

T. R. L. MacInnes
Acting Asst. Deputy & Secretary

Dear Sir:-

Yours of May 31, file 130-7-5 just received I am pleased to hear the barn and boat shed will be erected and that live stock will be purchased.

If the drying tumbler cannot be supplied along with these I suppose we will have to wait till the Department is prepared to purchase one which I hope will be in the near futur.

As the plan for the barn may not yet be made/I would ask the Department to build it large enough to contain: stanchion stalls for ten milch cows, one box stall for bull, two extra box stalls for calves or other purposes, two double horse stalls, a room for [redacted]. Under these rooms a root cellar for beets & for the milch cows, would be very handy. I would also ask that the hay-loft may be spacious enough to hold at least twenty five tons of hay.

As the barn will have to be supplied with water, we would design it built below the dam, so that the special water pipe placed in the dam to that effect may be used, 300 feet of one inch pipe would be needed for that purpose.

Electric lights could also be placed in convenient places. May I also ask to have a cement floor covered with planks and also a cement trough for watering the cattlee.

Would not the Department also supply a manure & hay carriers.

As to how the work should be undertaken, I believe the best would be to give the contract to a man of your choice. This would give better and quicker work.

I hope the Department will pardon my being so suggestive. Although I hope to meet with the Department approval I will readily comply to what may be decided.

Yours Sincerely

Principal

Ottawa, June 18, 1928.

Reverend Sir:

I have your letter of the 5th instant, relative to the erection of a barn at the [illegible] Indian Residential School. The funds which we have available for this purpose would not be sufficient to erect a barn of the type and size requested by you. As you were informed in our letter of May 31st, funds are only available for the erection of a small barn.

Mr. Ferrier, Superintendent of Indian Education, intends visiting your school on or about August 15th, next, and you might look into this matter up with him. He could inform you which is the most urgent - the erection of a small barn, the building of a root house, the purchase of live stock or the completing of a drying building.

Your obedient servant,

Ottawa, July 16, 1926.

Sir:

I have your letter of the 9th instant, with reference to the payment of the [illegible] machine and material for fencing.

Relative to the sewing machine, the Department is not prepared at the present time to supply another machine for the use of this school. We note that the school has four machines on hand, and it is considered that this number should be sufficient for the number of pupils in attendance.

The Department will approve of an expenditure not exceeding the sum of $125 in the purchase of barb wire, gates, staples, etc., and you may arrange for the purchase and forwarding of these materials. Competitive prices should, if possible, be obtained. The school authorities are to furnish the labour required in erecting the fence. Please forward an account, in duplicate, properly certified, in the usual manner covering the cost of the various materials.

You will be informed in a separate communication regarding the repairs required to the dam.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

T OF INDIAN AFFAIRS

August 8, 1928.

Mr. McLEAN.

I visited the McIntosh Indian Residential School last week, and, among other matters, we discussed the most urgent requirements at this institution. Very Rev. Father Magnan, O.M.I., Provincial Superior, of St. Boniface, accompanied me from Winnipeg. The most urgent need is a barn, and they are willing to undertake the work if we will send them a plan as a guide and allow $3,000 for the purpose. This amount is specifically available in the Main Estimates and I wish to recommend that your authority for the activity be given. The boat house and other requirements that were named in our Estimates will have to stand until next year, as the cost of the barn is higher than originally estimated.

Next year, the main building should be painted; a boat house, at a cost of $600, should be erected; a small electric mangle ($200) should be supplied and some clearing done. Later, a hen house will be needed. All these requirements have been noted for future estimates.

The Rev. Principal is not satisfied with the Dominion Water Power Engineer's report concerning a dam to stop erosion, which might result in lowering the water [illegible]. I intend to [illegible] fully and may initiate correspondence relative to it.

Later this year, it will be necessary to supply the school with a few more milch cows, and I will bring this matter to your attention when timely.

McIntosh Indian Residential School
McIntosh Ont.Sept.11 1928

Russell T.Ferrier
Supt.of Indian Education

Dear Sir:-

Enclosed please find the return of labour for the work of the telephone line.The expenses for the work has amounted higher than we thought,owing to the fact that we could not use the C.N.R.posts.Brother Gauthier has given most of his time with the mentioned labourers but do not charge for his work.

Hoping matter will give satisfaction.

Yours truly

Principal

McIntosh Indian Residential School
McIntosh Ont.Oct.5th. 1928

Mr.Russel Ferrier
Supt. of Indian Affairs

Dear Sir:-

I acknowledge the receipt of yours of the 27 Sept. giving authorization for clearing land for a pasture ground Please accept our sincere thanks for this favour.

I also take the opportunity to acquaint you of a few other facts:Viz.

The Taylor Singer Sewing Machine with S.A. 930 electric motor allowed for the McIntosh School such as mentioned in yours of the 15th Aug. has not yet reached destination.

With respect to the work of the telephone line I wish to recall that the Return of labour was sent on the 11th Sept.

We have had the misfortune to break our large electric Motor.Will you allow us a machinist to have it repaired;It is very awkward,but still Mr Ferrier,it can't be helped and the Motor is indispensable.

I have hitherto asked the quarterly School returns forms from the Agent,but most probably he has but a little supply himself for he sends just the necessary sheets for the going reports,if unwillingly I spoil one it is annoyous.So will you kindly send me a supply of a few dozen forms.

Thanking you in anticipation for these favours,
I remain,
Yours Sincerely

Principal

McIntosh Indian Residential School
McIntosh Ont.Oct.15th 1928

DEPT. OF INDIAN AFFAIRS

Mr.Russell T...
Supt.of Indi...

Dear Sir:-

I beg to inform you that the Barn I was authorized to build is about nearing completion,but notwithstanding the few alteration I made,by making the barn a smaller dimension etc.the cost will overpass the allowed amount,to $200.00 thereby coming to a total of around $ 3200.00

A reason for this deficiency,was also caused by the difficulty we encountered in crossing the culvert.We were obliged to hire some men to carry off materials from there,so that it both delayed and occasioned more expenses.

I dare hope the Department will allow the exceeding amount.

Thanking you,
I remain,Yours truly

DEPT. OF INDIAN AFFAIRS
NOV 9 1928

Russell T.Ferrier
Dept of Indian Education

Dear Sir:-

The School furnace was examined lately by Inspector John M.Kelly.He advised that the Boiler for heating purposes should be washed out now with common soda,and also occasionally during the winter.This process was also necessitei last year. The immediate quantity of common soda required would be 50lbs. I would be most thankful,if it could be forwarded at earliest convenience.

130-7-14

I take the opportunity to tell you that I purchased two good milch cows,I intend to get two others in course of the winter.

Refering to the broken Motor I had asked for repairs,I am pleasei to say that Brother Gauthier managed to do the repairing himself.Nevertheless I thank you for the kindly offer of a machinist.

I remain,
Sincerely Yours

Principal

Ottawa, November 13, 1926.

Rev. Sir:

I have your letter of the 2nd instant, requesting that 50 pounds of common soda be supplied for the use of the [illegible] Industrial School to be used in washing out the boiler.

In reply I beg to say that you may arrange for the purchase of the quantity of soda mentioned.

Please obtain an account, in duplicate, covering the cost, which you should certify in the usual manner and send to the Department for payment.

Your obedient servant,

J. D. McLEAN

| | | |

Kenora, Ont.
December 20th./28.

I have received a letter from the Principal of the McIntosh Indian Residential school, in which he asks for authority to purchase a set of light bob sleighs for everyday travelling to and from the station. The estimated cost of this would be $45.00. The Brother will make the box for the sleigh at the school.

The principal also states that the furnace and the kitchen stove need repairs, the fire boxes being burned out and should be renewed. I recommend that these requests of the Principal be approved, although it appears to me that the fire-boxes should not have become burned out so soon unless there has been carelessness inleaving ashes under the grates.

Your obedient servant,

[redacted]
Indian Agent.

WHEN REPLYING REFER TO DEPT. NO. 47

MAIN STREET STORE
W. J. ILLSLEY
MANAGER

January 11, 1928.

F. H. Paget, Esq.
Chief Accountant,
Department of Indian Affairs,
Ottawa, Canada.

Dear Sir,

Answering your letter of January 7, in connection with alleged error, our account numbered 19683 of August 15 for $124.65

We have checked this item, and find that the Lyman Barbed Wire should be charged at $4.70, and is on our original shipping sheet. The error was a typographical one, and the total of the invoice is still correct with the exception of the third item which should read $14.50 and not $7.25. We are enclosing copies of our invoice number 28379 and would ask that favor us with remittance as soon as possible.

Yours very truly,
THE J.H. ASHDOWN HARDWARE CO.
Limited.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

105-20

Kenora, Ont.
January 10th./29.

Asst. Deputy & Sec'y.
Indian Department,
Ottawa.

While on an inspection trip to the McIntosh Indian Residential school last week, the Principal informed me that they are having trouble with the water pipe between the school and the barn, as it was continually freezing. He informed me that if we would supply the material, lumber $35.00 and piping $25.00, that the school would be responsible for making the box and protecting same; and in the spring they would bury the pipes so as to experience no further trouble.

Therefore I informed him that he could order this material, at a cost not exceeding $60.00, as I felt sure that you would authorize this most necessary expenditure. I would be glad to receive the necessary authority for my fyles.

The school authorities also asked for two knock-down cupboards for the playroom and the sewing rooms. I will obtain prices on these and submit same for your consideration.

The Principal showed me Dept. letter 130-7-9, of October 5th. last, re. appropriation of $2000.00 for ~~dipping~~ the culvert under the C.N.Ry. The Principal informs me that he gave the Father Provincial, in October or November, 1927, a copy of a contract which had been given him by Mr. Fred McIntosh, who was the Divisional Engineer on that section of the railroad, and in which it was stated that the Railway authorities would see to it that the water in the culvert would be at least 4 feet deep. I would suggest, therefore, that you ascertain if this work should not be done by the Railway, without any charge to our Department. It would be cheaper and better to have the work done before the ice goes out in March, instead of in June. There is only 12 inches of water, in the culvert at the present time.

Your obedient servant,

Indian Agent.

Sir;-

With reference to my letter of the 10th. inst. re. the cupboards for the McIntosh Indian Residential school, I have received a reply from the Acme Sash and Door Co. quoting a price of $ 205.70 F.O.B. McIntosh for the necessary cupboards.

The above firm made the other cupboards in the building, and we would be glad to receive authority to order these cupboards for the school, if you consider it advisable to supply them.

(14)

Mr.Russell T.Ferrier
Supt.of Ind.Education

Dear Sir:-

In the course of last year,our School was given authorization for the purchase of four milch-cows. We did buy two good ones last fall,but the supply of milk being now sufficiant,the purchase of the other two is not necessary at present.

However,I hope you will accede an exchange:last fall the difficulty of access at the Culvert has about ruined our Outboard Motor 2½ Twin Johnson;so that a new one is necessary for the coming navi.ation season.I hope you will approve the substitute and allow this purchase instead of the two cows.

Thanking you for the past favours,

I remain,

Yours gratefully

Principal

RECORDS

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I visited the McIntosh Residental School last week. The Principal wishes to know if he can purchase anew dynamo, 10 H.P. for the power house as the small one now in use is toeheavily loaded. The small one could be used for sawing wood, etc.

He also requests refills for five Foamide Extinguishers.

Bookcase for the school room (cost about $25.00)

New plow -cost about $20.00 and repairs to old one.

3 gals. Turpentine
15 " White flat wall paint,
10 " boiled linseed oil,
10 " Floor Varnish,
2 " White Enamel,
25 lbs. black lead.
Also burlap for the passages and smoke room, including glue and strips. The School authorities to be responsible for the work.

1000 ft. lumber , planed two sides for partitions - cost about $45.

An amount for clearing and brushing land.

The Principal informs me that nothing has been done as regards deepening the culvert under the C.N. Railway. It will only be possible to get through with a small boat. He wishes to get through and has to use the large boat for bringing the supplies from the station to the school.

There is also a large hole in the concrete dam which should be attended to while the water is low. This has been reported before.

130-7-6.

Ottawa, April 20, 1929.

Sir:

I have your 129-20 of the 22nd instant, with reference to improvements at the Mohawk Indian Residential School. I am pleased to inform you that the D. M. R. has been requested to prepare a channel under the railway culvert, 4 ft. deep and 10 ft. wide. I expect this work will be attended to without delay. The request for a new dynamo is being given consideration at the present time and you will be further advised. The refills for the fire extinguishers are being ordered by the Department and will be sent direct to the school.

You may expend $20 in the purchase of a new plough and you may supply for the use of the school the turpentine, paint, oil, varnish, enamel and black lead requested by the Rev. Principal. You might get an estimate of the cost of supplying burlap for the corridors. You may purchase 1,000 ft. of lumber, at an estimated cost of $40. The question of filling in the hole in the concrete dam is receiving the attention of the departmental engineer and you will be further advised. A separate communication will be addressed to you regarding extra land, which has been requested for the use of the school.

With reference to the Principal's request concerning the Department's proposals for improvements at the Mohawk School this year, I beg to say that there are no funds for the purpose of an addition. $300.00 is available for clearing land and $600 for painting the main building. Funds were also provided for the channel under the culvert. There has been some correspondence regarding a frigidaire, a small engine and a boat house; but these improvements will have to stand until the cost of the other work has been determined.

I am enclosing an extra copy of this letter, which you may forward to the Rev. Principal for his information.

Your obedient servant,

A. F. Mackenzie,
Acting Asst. Deputy & Secretary.

EXTRACT FROM LETTER FROM FRANK ALLARD, INDIAN AGENT, KAMLOOPS, B.C., His No. 108-20, dated May 23, 1929.

Original on 130-7-16

Referring to your letter 130-7-5 of April 30th, the cost of burlap would be around $45.00.

The Principal would like to receive an accountable cheque for clearing the land and painting the main buildings and would have the work proceeded with at once as he expects the Archbishop to visit the school June 11th, and would like to have the work done by then. He suggests that he purchase the paint and have the work done by day labour, the bigger boys helping.

I would like you to send instructions direct to the Principal, and a copy to me, as I will be away paying Treaty.

Ottawa, May 30th, 1929.

Rev. Sir:

- With Cheque -

A communication has been received from Mr. Agent Edwards, Kenora, requesting that an accountable cheque be sent you to pay for the labour in clearing land and painting the main building at the McIntosh Indian Residential School, as you wish to proceed with this work as soon as possible. I am enclosing herewith cheque No. 1009 for $500 to pay for the labour, only, in carrying out the above work. For your information, I may say that the sum of $[illegible]00 is available for clearing land and $600 for painting the main building. These amounts include the cost of labour and material and should not, if possible, be exceeded. You should arrange for the purchase of the paint and other material required, obtaining an account, in duplicate, which you should certify and forward to the Department for payment. The enclosed cheque is to be spent in paying for labour only.

Time sheets, in duplicate, should be kept for the labour employed. A supply of forms for this purpose is enclosed herewith. These returns should be prepared in duplicate at the end of each week and signed by the individual labourer in each case. These should be certified by you and forwarded to the Department in accounting for the expenditure of the enclosed cheque. Should there be any amount left over when the work is completed, you should return same to the Department, or, if a further advance for labour is required, you should make a request for same, stating the amount. You should see that a good grade of paint is used and that the labour is satisfactorily performed.

You may also expend an amount of approximately $45 in the purchase of burlap, glue and strips for the passages and smoke room. Please obtain an itemized account, in duplicate, which you should certify and forward to the Department for payment. It is to be understood that the school authorities will be responsible for the work of installing the burlap.

You will be advised later regarding your request for a 10 H.P. dynamo.

Your obedient servant,

Encl. (2).

J. D. McLean,
Asst. Deputy and Secretary.

1[illegible]-7-5.

Ottawa, July 23, 1929.

Sir:

I have your 1[illegible]-[illegible] of the [illegible]th instant, with reference to a frigidaire for the [illegible] Indian Residential School. In reply I beg to state that the Department has already authorized an expenditure of over $4,[illegible] for improvements, the more important of which are as follows:-

1. [illegible] of channel under culvert by C. N. R.
2. Clearing.
3. Painting.

Expenditure has also been authorized in connection with repairing the concrete wall.

As the funds which are available for improvements at this school are practically all authorized, it will be necessary to limit any further expenditure to that which is absolutely necessary. There has been [illegible] a frigidaire, a boat house and a small [illegible] for the laundry. You might let me have a recommendation covering the urgency of these items and an estimate of the cost.

Your obedient servant,

H. D. McLEAN

Dear Sir:-

Refering to your letter July 26 # 108-20, I beg to inform you that from the three items mentioned in your letter: frigidaire, boat house and mangle, two are absolutely necessary, frigidaire and boat house. The cost for the first one as you were informed by Brother Eugene will be around $ 1600.00; the boat house will cost about $ 800.00.

I will be very disappointed if at least those two items are not granted this year. I am asking them since four years and they always replyed that they have no funds for that. Besides that Mr. Ferrier told Rev. Father Magnan, our provincial at St-Boniface that all my requests were granted.
As for the mangle, it will be very useful and helpful for the Sisters, but as there is no funds again I could wait till next year

As for the Culvert nothing has been done yet and now it is quite nearly impossible to go to the Station even with a light boat on account of the low water which is decreased all the time

As for painting, the work will be finish in two or three weeks, but the amount granted for that was quite half enough. To have the work done 1st. class as the Department asked, we needed more than $ 600.00. I notified already the Dept. about that but did not received any reply. I did not stop the work, thinking that the Dept. will agree to pay all these expenses.

Hoping that my request will be granted
I remain, Sincerely Yours

L. Perreault O.M.I.

CANADA

INDIAN AGENCY

Kenora, Ont.

August 15th, 1929

AUG 19 1929

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I have received a letter from the Principal of the McIntosh Residental School re Frigidaire, boat house and mangle, which I enclose herewith.

I will be glad if you will advise me regarding same.

Your obedient servant,

Encl.

Indian Agent

[illegible]-7-6.

Ottawa, August 21, 1929.

Sir:

I have your [illegible] of the [illegible] inst., with reference to a frigidaire, a [illegible] and a mail order for the [illegible] additional [illegible]. I am pleased to inform you that funds can be found for the construction of a [illegible], at an estimated cost of not more than $[illegible]. If [illegible] should be received for the [illegible], you will please deduct the resultant saving. The work should be done by [illegible], under the supervision of the Rev. [illegible]. He should requisition to you for the materials required, if he is unable to purchase them to advantage locally.

I regret there are no funds for a frigidaire for this school. There is no question concerning the need of power that we are developing there, and it is possible that there may be some change made. The matter of a frigidaire will have to stand over for the time being. If a small mangle is required in the laundry this year, the school authorities will have to purchase it themselves.

I note by the [illegible]'s letter that he is requesting [illegible] the school current for [illegible]. In this connection, I may say that we were written on August [illegible], authorizing an additional $[illegible].

Your obedient servant,

A. F. Mackenzie.
Acting Asst. Deputy & Secretary.

INDIAN AGENT

JAN 10 1930

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Replying to your letter #130-7-5 of the 16th instant, I only received your letter this morning re provision for water connection in the Infirmary at the McIntosh School. Whilst at the school a few days ago the Sister pointed out the necessity of water connections there and as I considered it absolutely imperative, I authorized the installation as requested by her, the cost not to exceed $40.00 and the Principal being responsible for all labor.

Trusting this meets with your approval.

Your obedient servant,

Indian Agent.

Ottawa, February 1, 1930.

Sir:

I have your letter of the 27th ultimo, relative to the water connections required in the Infirmary by the Sister Superior of the McIntosh Indian Residential School.

In this connection it is noted that you have authorized the installation as requested by the Reverend Sister at a cost not to exceed $40, the Principal being responsible for all labour. Your action in this matter is approved, and you should forward a properly certified account, in duplicate, covering the cost.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT Kenora, Ont.

January 29th, 1930

DEPT. OF INDIAN AFFAIRS
FEB 1 1930
RECORDS

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

The Principal of the McIntosh Indian Residental School wishes me to ask for a cheque for $500 so as to enable him to clear more land at the school and to give employment to Indians before the rat season opens. The Indians in that neighborhood are very badly off and there is practically no trapping, most of the fur having been trapped out. They also wish for an amount of $500 for a chicken house for about 200 fowl. He also states that a drying tumbler is needed in the worst way.

I have informed him I would bring these matters to the attention of the Department but make no recommendation as I understand most of our school funds have been expended. I took upon myself the responsibility for authorizing an extra room being made in the school for one of the Sisters, the cost not to exceed $30. Also a door being made from the bedroom to the bathroom at a cost not to exceed $15, as these were very important for the convenience in taking care of sick. He also asks for an extra $50 for moving the bath and making a few extra changes in the bathroom for the convenience of sick patients. He wishes too, extrashafts, pulleys and belting for laundry at a cost of $25.

He informs me the hole in the dam at the school which I understand was to be repaired by the Greater Winnipeg Water District last Fall has not yet been attended to. I shall be glad if you will take this matter up with them as the work should not be delayed too long owing to the high water in the Spring enlarging the hole.

Your obedient servant,

Indian Agent.

Ottawa, February 5, 1930.

Sir:

I have your letter of the 29th ultimo, relative to certain requests of the Principal of the McIntosh Indian Residential School.

Regarding the providing of an amount of $500 or the erection of a chicken house, I have to say that nds for this purpose will be available in our appropriation the next fiscal year. In the meantime, however, you ld obtain from the Principal a report as to the size and n house required and how he would propose erecting the building be undertaken. ried out by the school authorities - the purchase and supplying of the ter's required?

the request to be supplied with a o say that the department has no purpose.

approves of the authority given made for one of the Sisters m the bedroom to the bathroom.

also approve of an ex- moving the bath and e bathroom for the con- 25 for the purpose of and belting for the laundry. should only be forwarded al year, when funds

arate communications clear more l nl

obedient servant,

F. MacKenzie,
Deputy and Secretary.

OFFICE OF
INDIAN AGENT Kenora, Ont.

March 11th, 1930

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Enclosed please find voucher #4986 for $76,65 in favor of the Standard Plumbing & Heating Company for wash basin and drinking fountains at the McIntosh School. We have authority for the basin but not for the drinking fountains. The Principal informed me he had a chance to pick these up very cheap and didi so, and would like the Department to pay for same. I have, therefore, included them in my voucher. If the Department will not pay this account, kindly return to me.

Your obedient servant,

Indian Agent.

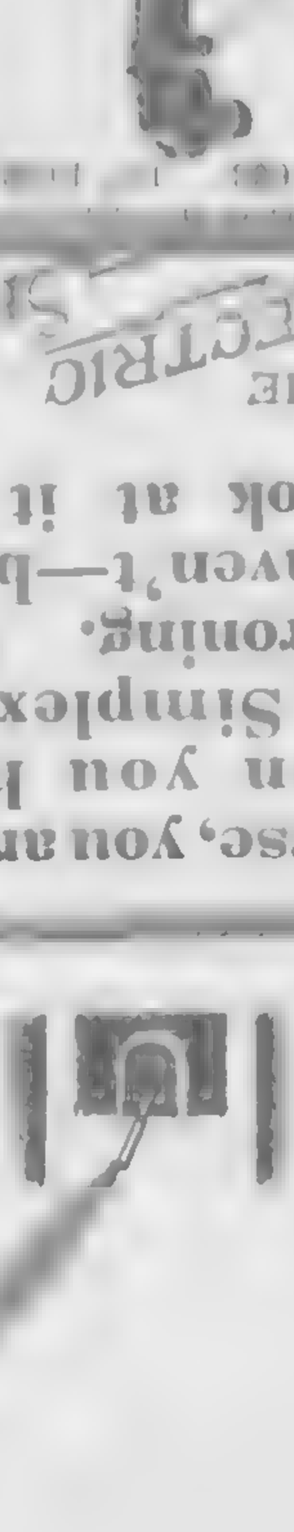
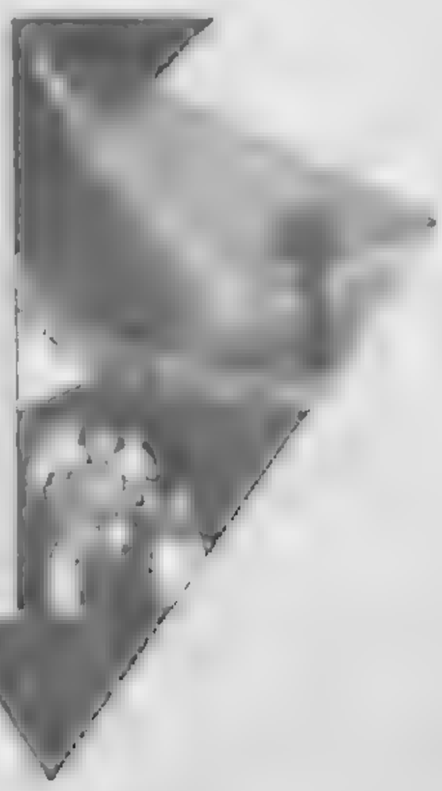
"Of Course, I'm READY"

Of course, you are ready — when you have a Super Simplex to do your ironing. But if you haven't—be sure and look at it today.



Isn't it delightful to be ready, even to the last quick dab of powder from your tiny puff—ready for the matinee, the bridge party, for your friends—and leave your house with every last bit of work finished—yes, even the ironing!



"Of Course I'm READY"

Because it's made of steel and has gadgets and things to make it run, we might call it a machine. But it really isn't. A machine sounds formidable—difficult—complicated. The Super Simplex is none of these. Rather it is an obedient servant that in the simplest, quickest manner imaginable, does all your ironing, from flat pieces to finest lingerie, and men's shirts, that take such a lot of time with an old fashioned hand iron. Does them all in a third the time—while you are comfortably sitting—does them ever so much better and without a bit of effort on your part.

McIntosh Indian [illegible]
McIntosh Ont May 1[illegible]. 1[illegible]

[illegible]ssell.T.[illegible]r
Supt.of Ind.Educ[illegible]

Dear Sir:-

We have made several attempts to obtain from the Department [illegible] of which we are in great need.They were promised for a certain time [illegible] ago.One of the articles is a Tumbler for the laundry.As we have explained before the present laundry room is treacherously dangerous for the children's health, on account of the excessive dampness which is in the apartment when drying the clothes.At all cost this mode of drying clothes should be changed and the only way favorable should be to install a Tumbler,this we could do our share by setting it place through Brother Gauthier's ability.

Next we wanted an electric [illegible],We were promised one sometimes ago but as the Department [illegible] no funds we were left [illegible] should be very [illegible] waiting patiently it was [illegible] to me this time.After [illegible]ing several types of mangle,I found the one [illegible] Institution [illegible] to answer to our needs,under [illegible] one than this.I [illegible].

Then comes [illegible] a "[illegible]".It [illegible] one of $ 800.00 [illegible] have explained [illegible] that the one at Kenora's Catholic School is [illegible]. We have examined that of the other School at Kenora and [illegible] some type would give complete satisfaction [illegible] to have [illegible] we wish for [illegible]. Their [illegible] demands be favorably [illegible].

I remain,
Yours very truly

C [illegible]

15)-7-5.

Ottawa, May 20, 1930.

Reverend Sir:

I have your letter of the 13th instant, with reference to a drying tumbler, an electric [illegible] and a [illegible] for the [illegible] I regret that [illegible] at present this year. On February 5th, I wrote Mr. [illegible] with reference to a hen-house. [illegible] drying tumbler and an electric [illegible] Mr. Edwards without delay in this connection, so that the most urgent improvement can be arranged.

I regret that consideration to the supplying of a [illegible] year. [illegible] for the present, in the second place, we have not yet made the final [illegible] with the power that is to be developed at the McIntosh School.

Your obedient servant,

A. S. Williams,
Acting Asst. Deputy & Secretary.

THE history of laundry methods is in a very real sense the history of the industry itself. For twenty years laundry owners have been concerned primarily with problems of production. Modern living conditions have encouraged a tremendous increase in the total volume of business, and new types of work have come to progressive plants as rapidly as equipment could be devised to handle them.

It is therefore natural that the attention of equipment manufacturers and laundry owners has been concentrated upon the technical phases of the business. As a result of this extensive research, there have been great forward steps in every department of the laundry. The devices which served a useful purpose in the old fashioned plant have become as obsolete as the words which described them. Even the word "laundryman" with reference to laundryowners, and the term "mangler" as a name for flat work ironers, have passed out of the industry's vocabulary.

Vorclone equipment has played an important part in this transition from the crude devices of early days to the smooth-running, efficient, scientific, mechanical operations of the present. From an engineering standpoint, Vorclone machines are the climax of an evolution which began years ago when laundry equipment was in its rudimentary state.

It is not so long ago that clothes were wring out by hand or in power wringers and dried in the open air. Then came the early extractors, crude adaptations of the basket centrifugals first used for spinning molasses from sugar and the era of the dry room. Now 75 per cent extraction has reached a high point of efficiency with the use of high speed extractors. Drying tumblers, too, have progressed far beyond the high temperature methods of the past to the new standards set by tumblers operating at low temperatures.

Today the industry is well on the road toward new and greater development—the merchandising of its perfected service is being accomplished through widespread effort and publicity. Laundryowners realize that they

www.collectionscanada.gc.ca

cannot reap the benefit of their years of expensive technical improvement unless they tell their customers about it. And they are constantly alert to the new opportunities for educating the public to the value of what has already been accomplished. The next logical step in the growth of the industry is the constant effort to better the quality of work through adequate and efficient equipment. The most forceful advertisement of all is the satisfied customer, and only work of the highest quality can create this type of client.

Here, at this point in the laundry business—the getting of new customers and the retention of old friends—Vorclone equipment plays a vital part. Just as quality work begins in the washing, so the Vorclone Washer has been developed to the highest point of efficiency. Thorough washing and perfect rinsing in the Vorclone Washers starts the bundle off right—next the clothes are sent to the Ace Extractor, for speedy and more complete extraction than can be obtained in any other extractor of equal size available.

Here the Vorclone Dry-by-Air Process plays an important part, not only because of an unmistakable difference in quality, but because the Dry-by-Air idea has an unfailing appeal to the imagination of the housewife. She can readily understand how drying with fresh air at 125 degrees accounts for the difference and adds months to the life of her clothes.

Thus, with a complete line-up of Vorclone equipment, from the washing to the drying operation, the highest quality work is possible. The housewife gets the fresh, clean "Clothes Line Quality" bundle that the widespread educational efforts of the laundry industry have taught her to expect, through the Vorclonized laundry in her town or city.

Vorclone Low-temperature method Principles and Advantages of the

WITH all its mechanical refinements the Vorclone is not merely an "Improved" tumbler. It goes right to the heart of the drying problem with a new basic principle—the Vorclone Dry-by-Air method.

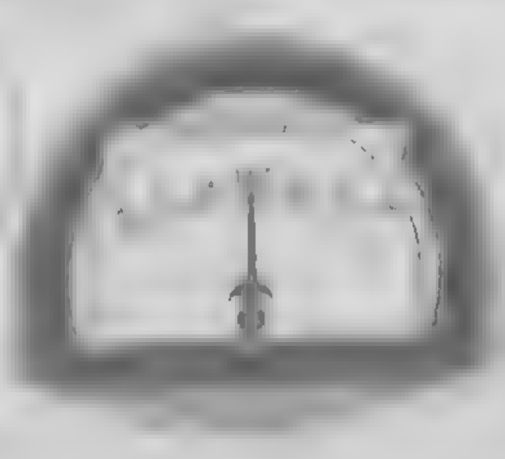
The Vorclone drying tumbler was designed for two definite purposes: To approximate as closely as possible the conditions and results of natural drying in the open air, and to set new standards of speed and economy in the drying operation. Both of these results have been accomplished, and today the Vorclone tumbler has revolutionized drying practice.

No other drying tumbler can equal Vorclone drying speed when operating at the same low temperature, because the Vorclone is the only tumbler operating on the Vacuum principle. This is best proven by the fact that even on most efficient types of "Hot Blast" tumblers the replacement of the fan with a Vorclone Patented Suction Device increases the drying speed from 25 to 40% and reduces the temperature to as low as 150 degrees Fahrenheit. This proves that the Vorclone Principle of absorbing moisture is more practical than the old fashioned evaporation process and high temperature

What Is the Vorclone Principle?

In the Vorclone Dry-by-Air Process, immense quantities of mild, warm air replace the confined, intensely heated air of high temperature drying methods. Because of this tremendous volume of fresh air, Vorclone dries rapidly and perfectly at a temperature of approximately 125 degrees.

This remarkable achievement is made possible by the Vorclone Suction Device, a patented feature which cannot be duplicated. This amazing invention, many times as powerful as an ordinary centrifugal fan of the same size, is built into the machine at the lower right or left end. When the fan motor is started, the action of the Suction Device immediately creates a "Vorclone" (miniature cyclone), with a whirling motion which draws all air from the drum and creates a powerful vacuum. The vacuum in the drum instantly sucks enormous volumes of pure, clean, fresh air (room temperature) through the inlets at the top of the machine Here the air passes through a series of coils and is warmed to a temperature of 125 degress. Perfectly dry, it enters the drum, and, completely permeating the clothes, it absorbs moisture to its full capacity. Laden with moisture and lint, it is then drawn in swirling currents in its downward course into the trough at the bottom of the machine and through the suction outlet from which it is discharged outside of the building



Indian Affairs. (RG 10, Volume 6220, file 472-5, part 3)

www.collectionscanada.gc.ca

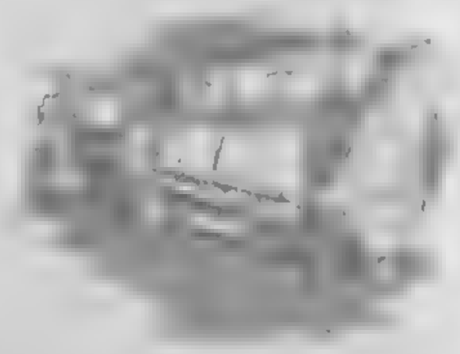
Quality, Odorless Drying

THE Vorclone suction principle of drying at low temperature is a direct opposite of the evaporation process, which depends on blasts of hot air to vaporize the moisture content of its load. The downward course of air travel assists the drop of clothes which loosens the free moisture content, permitting the air to attain its fullest efficiency. The downward course is the natural gravitation of all articles heavier than air. Only extremely hot air and steam vapors rise, but hot air above a temperature of approximately 160 degrees decomposes animal fats, causing a bad odor. Animal fat is the base of laundry soap and almost impossible to eliminate entirely in the rinsing process.

No other method can even approximate the results obtained with the Vorclone, because rapid, perfect drying cannot be done at a low temperature without the immense volume of air drawn through the clothes by the Vorclone Suction Device, provided exclusively with the Vorclone tumbler

Rapid Drying Plus Economy

The Vorclone drying tumbler produces a direct and immediate improvement in the operating cost of laundries. It saves time, labor and money. One important factor in these savings is the speed with which Vorclone dries clothes. The operating tests on page eight show the average results obtained. It is the universal experience of Vorclone users that Vorclone speeds up the drying operation and handles more pounds of clothes per day. There is a further increase in capacity, due to the fact that work of all kinds can be dried in the Vorclone at one time without the slightest sacrifice in quality. That means maximum output for every dollar invested in drying equipment. For example, a 5-pocket machine with a load of 30 lbs. in each pocket will dry in from 20 to 25 minutes, depending upon extraction.



The steam consumption of the Vorclone tumbler is surprisingly low. Some plants estimate that the Vorclone uses about one-third less steam than other types.

No Lint Accumulation

Another important saving results from the continuous discharge of lint outside of the building. There is no lint accumulation on the coils or about the machine, and there are no lint screens to clean. This one item alone represents hundreds of hours of labor in the course of a year.

Clothes dried in the Vorclone are just warm. There are no clouds of steam or lint blown out into the room when doors are opened. No time is lost in waiting for the clothes to cool, and no blast of cold air is necessary. The operator opens the cylinder immediately after drying is completed, and handles the clothes comfortably without gloves.

The machine itself is compact and carefully constructed for long, uninter-

www.collectionscanada.gc.ca

rupted service. In actual performance, Vorclone has a remarkable record for the elimination of repair charges and costly shutdowns.

Every analysis of actual drying costs shows that the Vorclone tumbler dries clothes at less than a quarter of a cent per pound

Dries Light and Heavy Materials in One Load

Because of its low operating temperature and steady flow of fresh air, the Vorclone tumbler handles all classes of work at the same time. The materials in one bundle may include everything from heavy woolens to filmy laces, with perfect assurance of quality results without danger of overdrying.

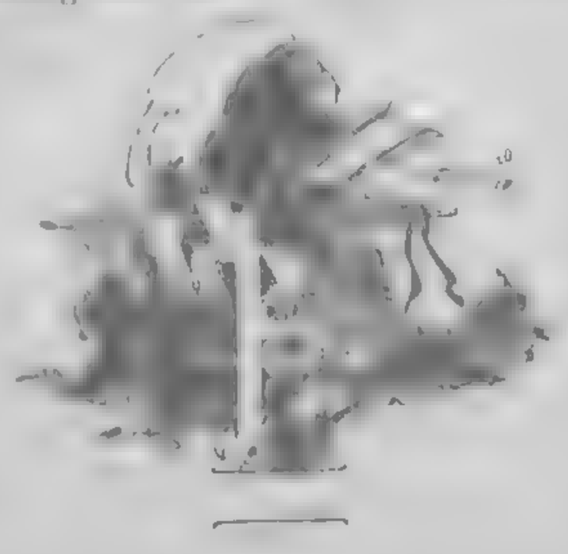
Better Working Conditions

The Vorclone Dry-by-Air Process also has an important effect upon the efficiency of laundry workers. It is not only simple, understandable, and free from operating troubles, but it creates more pleasant working conditions.

It prevents the air in the room from becoming heavy, foul, and unhealthy due to lack of ventilation and the presence of lint, moisture, and foreign matter. The air is kept clean and pure at all times, with no overheating in summer

No Unpleasant Odor

With a maximum drying temperature of 125 degrees and the continuous discharge of lint, Vorclone air-dried clothes never have the stuffy, unpleasant odor which results from drying at high temperatures. The moment the housewife opens a bundle of laundry work, she notices the difference. The clothes have a freshness and fragrance heretofore obtainable only by drying outdoors in a stiff breeze



Ideal for Blanket Drying

Because of the small margin between the drying temperature of 125 degrees and a normal room temperature, woolens can be dried in the Vorclone **along with other work** without the slightest danger of shrinkage. Blankets come out fresh, fluffy, and with the nap raised.

No Scorching or Discoloration

Scorching or discoloration is impossible when clothes are dried in the Vorclone at 125 degrees. Housewives appreciate having their linens come back from the laundry snowy white. No artificial method ever devised can duplicate the bleaching ability and purifying potency of the oxygen in the air.

The drying temperature not only determines the quality of every piece that is laundered and dried in a power laundry, but it has a far-reaching effect on the life of the clothes

Easy on Clothes

At the Vorclone temperature of 125 degrees, the finest fabrics can be handled without injury. 180 degrees is

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

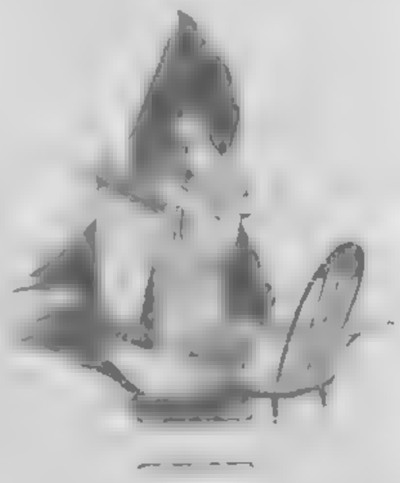
the deterioration point. Above this point, the heat of the drying process bakes out the natural oils which give life to the fibres of cottons, woolens, and various other materials

This accounts for the familiar saying of the housewife, "The laundry wears out my clothes too soon." It is a well-known fact that clothes are not worn out by washing in a power laundry, because modern processes cause less wear and tear than rubbing clean on the old-fashioned wash-board. It is the excessive heat in drying that takes the life out of clothes

Drying at 240 degrees is dangerous. Subjecting a load of freshly washed garments to this temperature for a period of 25 to 40 minutes has a direct bearing on the general quality of the finished bundle. The clothes are harsh and stiff, yellowed from overheating, and sometimes scorched. A more disagreeable result is the foul odor due to scorching of the fine fuzzy fibres and baking them into the clothes. Worse still is the hidden damage which has destroyed the very life of the fibrous structure in every garment.

A Drying Temperature Below the Danger Line

Such ruinous results are impossible with Vorclone Drying at 125 degrees.



If the clothes should accidentally be tumbled all day, there would be no trace of deterioration.

This feature makes the Vorclone Dry-by-Air Process one of the most important accomplishments in years in the field of laundry engineering. With its remarkable combination of low temperature and fresh air, at an actual reduction in drying time and drying cost, it has removed one of the greatest obstacles in the path of future development in the industry and laid the foundation for a tremendous growth

Hundreds of laundry owners have already seen its advantages from this standpoint. Some have not stopped with pocketing the savings which result from drying with Vorclone. They have begun to tell their customers about it, merchandising Vorclone air-dried clothes as an important part of their service.

Vorclone Builds Future Business

Between the laundry owner and a vast new field of potential business has stood the old-time prejudice of many housewives against power laundries. The big outstanding service of Vorclone to the laundry industry is its part of overcoming that prejudice and making power laundry work popular.

Average Operating Results
With the Vorclone Tumbler

RECORD OF DRYING SPEED

These facts and figures are quoted from data furnished by a well-known laundry

The following test was taken on a five-compartment 42 x 90 inch tumbler. The room temperature varied between 70 and 80 degrees. Steam pressure, 95 lbs. **Extraction, 75%. Working under normal laundry** conditions with a good extraction, the Vorclone tumbler will dry heavy damp wash lots at the rate of a pound of dry clothes per pocket per minute.

RESULT OF TEST ON THREE RUNS OF FAMILY WASH

FIRST TEST—

Five 30-lb. bundles (dry weight):

Wet	Dry
[illegible] lbs.	30 lbs.
[illegible] lbs.	30 lbs.
[illegible] lbs.	30 lbs.
[illegible] lbs.	30 lbs.
[illegible] lbs.	30 lbs.
[illegible] lbs.	150 lbs.

47 lbs. water removed.

10-minute run in 30-inch extractor at 1200 R P M. Tumbler cylinder 26 R.P.M. 95 lbs. steam pressure.

Exact 25-minute run. Clothes fine [illegible]

SECOND TEST—

Five 25-lb. bundles (dry weight):

Wet	Dry
33 lbs.	25 lbs
34 lbs.	25 lbs
32 lbs.	25 lbs
32½ lbs.	25 lbs
31½ lbs.	25 lbs
163 lbs.	125 lbs.

38 lbs. water removed

10-minute run in 30-inch extractor at 1200 R P M. 90 lbs. steam pressure in coils

Exact 20-minute run. Clothes fine [illegible]

THIRD TEST—

Five 25-lb. bundles (dry weight)

Wet	Dry
[illegible] lbs.	[illegible] lbs.
[illegible] lbs.	[illegible] lbs.
[illegible] lbs.	[illegible] lbs.
[illegible] lbs.	[illegible] lbs.
[illegible] lbs.	[illegible] lbs.
171½ lbs.	125 lbs

46½ lbs. water removed

9-minute run in 30-inch extractor at 1200 R P M

90 lbs. steam pressure

Clothes not dry after running 20 min [illegible] minutes)

The length of time required to dry clothes depends upon the speed of the load and the percentage of water left after extracting in the centrifugal extractor. The more water left in the clothes the longer it will require to dry them in the tumbler.

The Vorclone Suction Device Explained

THIS patented fan is one of the outstanding Vorclone features of construction. The Vorclone Suction Device produces a suction so powerful that lint screens are entirely eliminated. It moves a much greater volume of air than any other type of fan and its efficiency is not impaired when discharging against a colder outside temperature.

The separate motor on the Suction Device is an important factor in the high efficiency of the Vorclone drying tumbler. It not only eliminates additional belt drives, with their attendant troubles, but it maintains the whirling action of the air at a constant speed

The best of materials and workmanship are built into this vital part of the Vorclone tumbler. The fan blades, made of sheet steel, are sturdy and durable. Free, easy action at all times is assured by the self-aligning ball bearings.

The Suction Device stand is cast iron. Combined with the stand is the outlet, which is made of steel, accurately tested, specially shaped, and multiple riveted

All lint, dirt, and moisture sucked down by the Vorclone Suction Device is discharged through this [illegible] building.

Analysis of the Vorclone Suction Device in actual operation shows four outstanding characteristics:

1. Discharging against a colder outside temperature does not effect the volume of hot air displaced.

   There is positive suction through the entire length of its air force. The suction is just as powerful up in the drum as it is at the mouth of the Suction Device.

2. Suspended in its whirling air currents, dirt, lint, and foreign matter are collected and held until discharged. This assures cleanliness in the machine. Definitely eliminates the possibility of unpleasant odors and unclean appearance. No clogging. No explosions due to lint accumulation

3. The Vorclone Suction Device is not limited to operate at a certain speed as is the case with centrifugal fans, which if speeded up above a predetermined speed lose their ability to displace an additional volume of air.

   It would be possible to operate the Vorclone tumbler with a much smaller Vorclone Suction Device at a higher speed. However, a larger fan at lower speed is used because it radically reduces wear on bearings and other parts.

Actual tests prove that the Vorclone Suction Device will circulate or displace more cubic feet of air per minute than a number of ordinary fans of equal size.

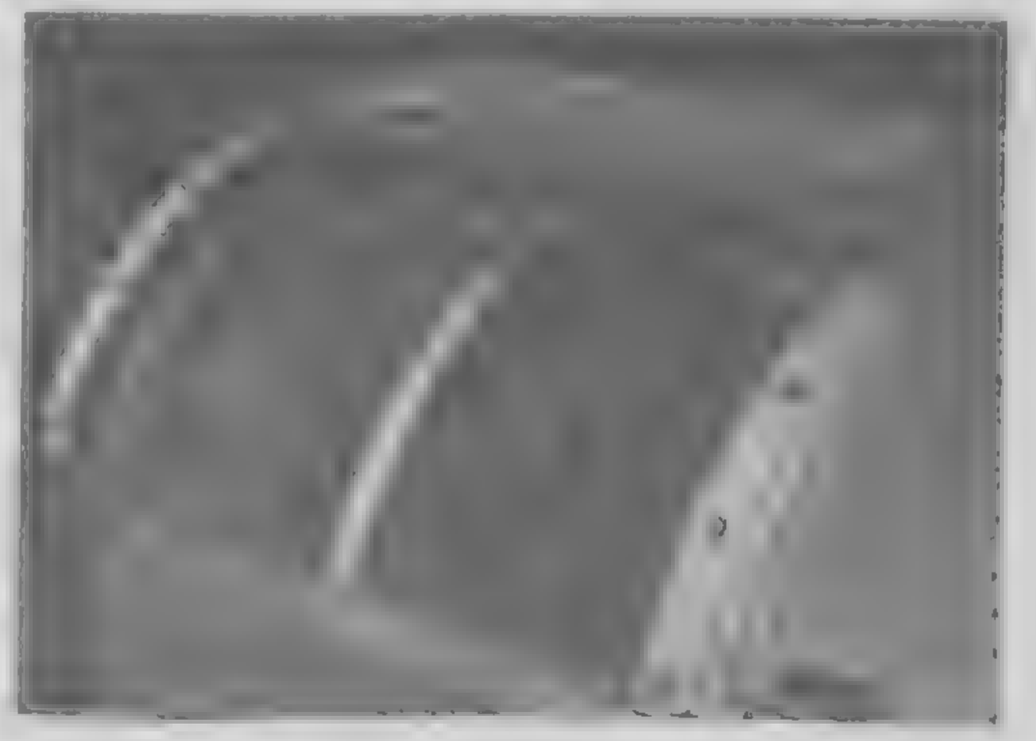
Cylinder Construction

THE cylinder can be divided into individual compartments, reached through sliding doors. Each cylinder is specially built and can be furnished with any number of pockets, as long as the minimum width of each pocket is 15 inches.

The 46 x 120 and 42 x 120 cylinders are available from one to eight pockets. The 42 x 90 cylinder can be divided into six pockets. The 42 x 60 cylinder can be supplied with as many as four pockets, and the 42 x 40 cylinder is available in one or two pockets. The Junior can be had in two pockets.

Cylinder partitions are made of high quality, three mesh to the inch, galvanized-after woven wire screen, to permit the circulation of air currents throughout the tumbler. This gives a distinct advantage over solid partitions. The tumbling bars themselves are made of smooth, heavily galvanized iron, rigid in construction and incapable of damaging clothes or ripping off buttons, as is often the case with cast iron bars



Sliding doors are built in sections—easily operated and perfectly fitted. The improved sliding doors are developed to a considerable degree, light weight sheet steel with perforated embossing, reinforced on top and bottom. The end runners are constructed of cold-rolled steel, case-hardened to provide long life. The door retainer strips are machine formed and welded into one piece. The slides are interchangeable and can be taken off by removing a few bolts.

The Vorclone drying tumbler is a dependable piece of equipment. It combines the distinctive features of the Dry-by-Air Process with a construction which is simple, understandable, and mechanically sound.

Carefully selected materials are built into the machine with painstaking care. Motors, bearings and other accessories conform to high engineering standards. Every possible effort has been made to insure continuous, uninterrupted operation and maximum life for the tumbler.

The remarkable record of the Vorclone tumbler in actual laundry service is a logical result of this policy.

Safety Drum Locking Device and Locater

This perfected safety device was developed by Vorclone engineers to guarantee absolute protection to the operator when loading or unloading the tumbler. It locks the drum securely in any position. It prevents the cylinder from starting and injuring the operator if the belt is thrown accidently onto the driving pulley

The sliding door latch is an added provision for the convenience and safety of the operator He is protected by a self-locking mechanism, which locks the compartments instantly and automatically when the drier is open or closed, and prevents the constant motion of the machine from opening them.

Double End Drive

All tumblers with a cylinder length more than 60 inches are double end driven. This eliminates any possibility of cylinder twisting out of shape, a common fault with older types of tumblers

Perfect Balance with Ball and Roller Bearings

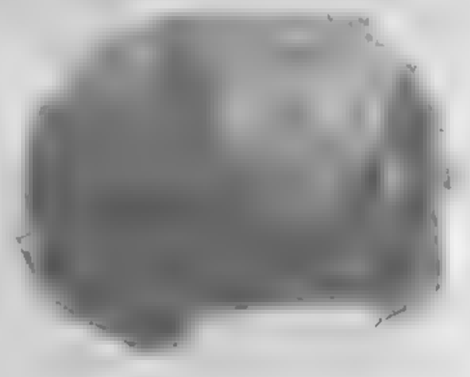
Particular consideration was necessary in the selection of the ball and roller bearings, to insure uninterrupted service of the driving mechanism.

Oversize, self-aligning ball bearings are installed on the main trunnion shaft, and roller bearings of standard make on all driving mechanism. This assures easy, frictionless action at all times The maximum load on the bearings is never more than 30% of their rating. With ordinary care they will function perfectly during the entire life of the machine

The bearing equipment of the Vorclone drying tumbler greatly reduces the consumption of power and maintains an accurate balance which aids in producing smooth, continuous operation

Silent Chain Drive for Cylinder

All motor-driven machines are regularly equipped with a silent chain drive running in a bath of oil. The oil is retained in a leak-proof cast iron case. The chain, of standard make, is very durable and with ordinary attention will last throughout the life of the machine. This method eliminates grinding noises and the clattering of gears. The silent chain drive is standard on all machines having motor drives.



Aspirator and Steam Pressure Control

The Aspirator performs a definite function. It draws off the condensate from each of the three coil sections and maintains an even team pressure at all times. Unless the condensate is properly disposed of, it seriously hampers the efficiency of the tumbler.

SPECIFICATIONS AND DIMENSIONS 46''x120

MAIN FRAME—Steel steel, cast in three sections.

OUTER SHELL—14-gauge galvanized sheet steel.

CYLINDER—Inside measurement, 46" diameter, 120" long. Constructed of 14-gauge, three mesh to the inch, galvanized woven wire screen. Sheet steel sliding door, embossed perforated, reinforced with cast iron end rollers and slides, chromium plated after assembly. Four tumbling bars, with internal truss rods to reinforce cylinder. Compartments, one to eight. Cylinder speed, 28 to 30 R.P.M.; double end driven, either through elevated header as belt driven type, or by direct connected reversing type ball-bearing motor as motor belted type.

TRUNNION BEARINGS—Double row, self-aligning ball-bearing, pillow block type.

FAN—Patented Vorclone 22", cabinet steel construction, steel blades, either belt driven or by direct connected ball-bearing motor.

GEARS—Cast iron, machine cut, [illegible]

PULLEYS—Fan—7" diameter by 6" face ball-bearing loose pulley, to rotate at 1800 R.P.M. Header—18" diameter by 5" face to rotate at 200 R.P.M.

STEAM COIL—1000 running feet of 1" black iron pipe in three sections, individual steam valve for each section, [illegible] of ground joint unions, malleable iron return bends.

CYLINDER BRAKE—Special contracting type mounted on trunnion shaft, manually operated by lever in front of machine

DIMENSIONS

Length—With motor driven fan 16' 4"
With belt driven fan—16' 10".

Height—8'.

Width—5' 6½".

Shipping Weight—10,000 pounds.

On standard machine fan is placed on left end. Can be placed on right end if desired. For convenient handling, ma[illegible] chine can be knocked down in two or three sections; coil box is detachable, and u[illegible] half of outer shell can be lifted

REAR VIEW 42 "x120 MOTOR BELTED CYLINDER

The cylinders of the 46 x 120 and 42 x 120 are available in any number of pockets from one to eight. Number of cylinder doors provided depends on number of pockets. A cylinder having from one to six pockets is provided with three sliding doors, six and eight pocket cylinders have four doors.

Outer shell door is in one section, balanced by four counterweights of chain and pulley type. A 22-inch Fan is provided, which can be driven by belt from counter shaft, or by direct connected seven and one-half horse power motor. Actual power consumed on fan is slightly below five horse power.

Painted in standard aluminum and battleship grey.

The 120-inch tumbler is available in five standard types: Belt driven fan and belt driven cylinder, motor driven fan and belt driven cylinder, motor driven fan and motor belted cylinder, or motor driven fan and direct connected reversing type ball bearing motor driven cylinder.

The most popular type is the motor belted cylinder with motor driven fan. It is a self contained unit requiring only electrical connection to put into operation. The next best type is the belt driven cylinder with direct connected motor driven fan. A direct connected motor driven fan eliminates belt slippage troubles, assuring constant speed on fan and a definite standard of production.

12"x90" MOTOR BELTED CYLINDER

The Motor Belted Cylinder and Direct Connected Motor Driven Fan.

This type of machine is very popular among those laundry owners who consider upkeep costs as a factor in determining values of machinery. The cylinder motor on this size and type is a one-way motor; there are no switches other than safety overload and cut-out for power line. It is a self-contained unit with header and counter shaft mounted on machine. Separate push button control is provided for each motor. Safety shield on locking device prevents power application while machine is in locked position for unloading.

Double end driven cylinder is standard. Roller bearings are provided on intermediate shafts. All shafts are ground and polished.

42" x90" REVERSING TYPE MOTOR DRIVEN CYLINDER

Direct connected reversing type motor and individual panel control is provided on this machine as special all motor driven unit. Reversing apparatus is controlled by automatic switches of standard make. Regular equipment consists of a two horse power low torque ball-bearing motor on cylinder drive, roller bearings on double end drive shafts, safety disconnecting and automatic overload switch.

It is surprisingly quiet in operation because power from motor is transmitted through chain drive operating in bath of oil.

Separate push button control is provided for each motor. Safety shield on locking device prevents power application while machine is in locked position for unloading.

STANDARD BELT DRIVEN 42"x60

This type is especially suited for the plant where all belt driven equipment is operated. Cylinder and fan can be driven from main or counter shaft. No motors are furnished. When ordering this type of machine care must be taken to provide sufficient room for large enough pulley to drive fan at speed of 1800 R.P.M. This requires at times a pulley as large as 24-inch diameter on drive shaft. Care must be exercised to provide head room for that diameter pulley to avoid trouble upon installation.

This type is available in the 42 x 60, 42 x 40, and 32 x 40 Junior size. See specifications on respective size desired.

REAR VIEW OF MOTOR BELTED CYLINDER
AND MOTORED FAN

There are certain advantages in operating this type of tumbler. It is a self-contained unit having direct connected motor on fan and motor belted cylinder. The fan motor precludes any possibility of inefficiency due to belt slippage or high speed belting which requires attention. Constant speed on fan assures uniform production.

The direct connected motor on fan is one H.P. on Junior size and two H.P. on 40 and 60 inch size, ball-bearing type. It is 30% oversize. The power consumed to drive fan 1800 R.P.M. and loaded cylinder is slightly more than one and one quarter horse power. Cylinder is provided with separate one horse power motor.

This self-contained unit is available in 42 x 60, 42 x 40, and 32 x 40 Junior size. See respective specifications covering desired size. The illustration shown above is that of 32 x 40 Junior.

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 3)

REAR VIEW MOTOR DRIVEN FAN BELT DRIVEN CYLINDER

Here again is a general type with direct connected motor driven fan and standard header for belt driven cylinder. This type is very popular because it eliminates any possibility of losing efficiency due to belt slippage on fan drive. The power factor is negligible because on the 42 x 40 and 42 x 60 sizes only a two horse power motor is required while the 32 x 40 Junior requires only a one horse power on fan. In each case the motor is 30% oversize.

This type is available in all standard sizes, 32 x 40, 42 x 40, 42 x 60. It is very often used in laundries for blanket drying as well as individual wet wash or rough dry service.

See standard specifications on respective size.

Dear Sirs: ATTENTION: Mr. A. F. MacKenzie,
Acting, Asst. Deputy & Secretary.

Please accept our thanks for yours re: McIntosh Indian Residential School, McIntosh, Ontario, and we have pleasure in quoting you on the following:-

One (1) 32" x 40" Beaver-Vorclone Tumbler, Motor Belted Cylinder, Direct Connected Motor Driven Fan, FOR THE SUM OF . . . . . .$ 1,534.00

One (1) 56" Canadian Simplex Ironer FOR THE SUM OF . . . . . .$ 472.00

These prices are F.O.B. - McIntosh, Motor characteristics to be 120 Volts, Direct Current as per wire from Mr. Perrault, copy of which is enclosed herewith.

We have supplied our Beaver-Vorclone Tumblers at the following Indian Schools:-

Size 32" x 40" - Dept. Indian Affairs, Winnipegosis.
" " - Duck Lake Indian School, Duck Lake.
" " - Indian Residential School, Kenora.
" " - Cartston Indian School
" " - Old Sun Boarding School, Cleichen
" " - Sioux Lookout Indian School

Shipment of these machines can be made in thirty days from receipt of order.

Canadian "S" Flat Work Ironer

Motor Driven, as shown, or Belt Driven
Electric Heated (110 or 220 volts) or Gas Heated (artificial and natural) or Gasoline Heated

Heated Chest.

Shall be 48" inches in length, concave in shape to conform to padded rolls with surface ground and polished

Padded Roll.

Shall measure 8½ inches in diameter, when padded, by inches in length, revolving in heated chest. Shafts on ends of roll shall operate in bored bearing boxes held in position in recess in frames. These bearings shall be attached to moving levers connected by feed table permitting removal of the padded roll from the contact with heated chest.

Frames and Gears.

The two end frames shall be cast iron of a neat and substantial design. Gears shall be machine cut from solid blanks and covered by solid cast iron guards.

Pressure.

Shall be adjustable by means of springs and applied by means of levers at each end. connected with feed table

Driving Mechanism.

Shall consist of pulley. Automatic Feed Board Control

Table Support.

Shall consist of two cast iron end frames, substantially held together by through tie rods

Table Top.

Shall be wood neatly finished sufficiently large to carry the flat work ironer and give room for folding

Motor.

Shall be Canadian design, of ample capacity and proper speed to insure quiet running, guaranteed to meet operating characteristics of machine and shall be mounted on table support, driving same by means of belt

Direct current motor shall be furnished with grid type covers as protection to commutator and brush rigging, box type brush holders having adjustable tension springs and with high-grade brushes insuring perfect commutation without the use of compound or oil on the commutator

Both direct and alternating current motors shall be horizontal type and insulated to withstand heat and dampness incidental to laundry machinery

Starting Device.

Shall consist of Snap Switch and 8 feet of cord when machine is motor driven.

Junior Drying Tumbler

Single Motor—Belted Motor Driven

Size and Style

The inside cylinder shall measure 30 inches in diameter by 42 inches in length, constructed of galvanized woven wire, and shall be of REVERSING type

Reversing or Non-Reversing

Frames

Shall be of heavy galvanized cast-iron, bolted together and connected by heavy stiffening angles and shall support housing, cylinder, fans, coils and driving mechanism. Two heavy iron uprights bolted to frames at each end of machine shall provide bearings for an overhead shaft and motor and starting device shall be attached to same

Housing

Shall be of No. 16 gauge sheet iron, riveted to iron frames and made tight to prevent the escape of heat and air. The door shall be constructed of No. 16 galvanized sheet iron, hung on heavy wrought iron strap hinges and securely latched by malleable iron clamps, making it close fitting and preventing the leakage of air and heat. Shall be provided with cleanout door at bottom between fans

Cylinder

Shall be constructed of No. $2\frac{1}{2}$ mesh galvanized woven wire, rolled after being woven, so that the intersections shall be interlocked. Shall be riveted to inwardly projecting cast-iron trunnions and re-enforced by wide hoops. Shall be further strengthened by channels riveted to trunnions. Shall be constructed with three galvanized cast-iron ribs projecting 4 inches into cylinder, securely riveted to the woven wire and bolted to the trunnions. Door shall be of sheet metal, perforated hung on heavy hinges and fitted with heavy door latches

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada

Junior Drying Tumbler—Continued

Single Motor—Belted Motor Driven

Coils

Shall be located within the housing at rear and consist of 202 lineal feet of one-inch iron pipe connected at each end with right and left return bends.

Fans

Shall be equipped with 2 single fans of the multi-blade type, 7½ inches in diameter, mounted on fan shaft beneath cylinder, for circulating air through the coils and thence through the cylinder and out through an 8 inch duct leading to rear of machine. Shall be fitted with screened air intakes

Gearing

Gears shall be machine cut from solid blanks of sufficient width and diameter, and provided with suitable cast-iron gear guards. Shall be equipped with hand wheel gear lock for bringing cylinder door into position and locking same.

Driving Mechanism

Reversing type shall consist of one tight and two loose pulleys, each 10 inches in diameter, requiring 1-inch and 1½-inch belts, operating in connection with a worm and cam movement, producing a fixed number of reverse revolutions of the cylinder.

Non-reversing type shall consist of one tight and one loose pulley, taking a one-inch belt to operate cylinder. Cylinder shall revolve in one direction only.

Driving mechanism shall be mounted on cast-iron adjustable swiveling arm, bolted to machine, and embody strength, simplicity and reliability. Shall be 3-inch diameter tight and loose pulleys on fan shaft, taking 2-inch belt to operate fans. Fan belt shall be equipped with foot treadle shifter and shall be protected by sheet metal guard.

Motor

Shall be American design, of ample capacity and proper speed to motor speed running guaranteed to meet operating characteristics of machine and shall be mounted on tumbler, driving same by belt to overhung shaft. Shall be supported by two cast-iron uprights bolted to frame of machine and shall be equipped with pulleys of proper size for belting to fans, motor and driving pulleys

Both direct and alternating current motors shall be horizontal type and insulated to withstand heat and dampness incidental to laundry machinery.

Direct Current

Shall be furnished with grid covers, as protection to commutator and brush rigging; box type brush holders having adjustable tension springs and with pigtail type high-grade brushes, insuring perfect commutation without the use of compound or oil in commutator

Alternating Current

Shall be squirrel-cage constant speed type

Starting Device

Direct Current — Shall consist of enclosed hand starter and line switch with fuses

Alternating Current — Shall consist of enclosed switch with fuses.

Wiring

Shall be furnished in conduit between motor and starting device. Proper terminals for line connection shall be left at starting device.

Dear Sirs :- Attention Mr. A. F. MacKenzie,

Subject - McIntosh Indian Residential School,

Further to your letter of August 4nd, will you kindly note that we quote as follows:

One only Canadian Junior Belted Motor Driven Drying Tumbler, 30"x42" with Galvanised Wire Cylinder, Reverse type, 2 fans directly under cylinder of machine, all gears fully protected; manufactured completely in Toronto, Canada by the Canadian Laundry Machinery Co. Limited - complete as per specification sheet D-101 attached.
All for the sum of $1,050.00
f.o.b. cars McIntosh, sales tax included.

One Canadian "S" Electrically Heated Motor Driven, Single Roll Flat Work Ironer, 48" wide, complete as per specification sheet attached.
All for the sum of ..... $ 575.00
f.o.b. cars McIntosh, sales tax included.

Hoping that we may be favored with your order, and thanking you very much indeed for this inquiry, we are,

Yours very

W.B/H.

OFFICE OF
INDIAN AGENT

Kenora, Ontario.
August 23th. 1930.

Dear Sir,

In reply to your letter 130-7-5 of July 24th. last re Shoemakers Sewing Machine for the Ko. Intosh Indian School.

The Principal informs us he requires one No.29 K universal feed arm Singer Sewing Machine as per attached Booklet,

He says he can purchase this for $82:50 F.O.B. Ko.Intosh from Winnipeg.

If we purchase this type of Machine in Kenora from the Agent, who by the way is the Mayor of the Town, we can get it at $110:00 Cash price less the usual discount allowed our Department, which is either 40 Or 50%.

We shall be glad to have your authority to purchase this machine,

Your obedient servant,

Indian Agent.

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Sir:

I have your letter of the 12th ultimo, enclosing the report of the Provincial Boiler Inspector on his inspection of the boiler at the McIntosh Indian Residential School.

In this connection it is noted that you have instructed [illegible] to have the work recommended by the Inspector carried out. Your action in this matter is approved. An account covering the cost of the repairs, etc., should be forwarded in the usual manner.

Your obedient servant,

J. F. MacKenzie,
Secretary.

Ottawa, September 8, 1930.

Sir:

I have your letter of the 26th ultimo, relative to the shoemaker's sewing machine required for the use of the [illegible] Indian Residential School. In this connection I have to inform you that all orders for sewing machines are placed through the office of the Singer Sewing Machine Company here, to be supplied from their nearest branch office to the point of requirement. We are today placing an order with the Singer Sewing Machine Company here to supply one No. 2 shoemaker's sewing machine. This firm have been requested to notify you from their nearest branch office when this machine will be available, and you should then furnish them with the necessary shipping instructions.

The account covering the cost of the machine will be sent you. This account will show the retail price and discount of [illegible] allowed off the 90 day list price "on which terms purchase is made". When the machine is delivered, if in good condition, you should certify the account and send it to the Department, when payment will be made.

If Kenora is the nearest branch office of the Singer Sewing Machine Company to the school, the order will, no doubt, be placed through that Agency.

Your obedient servant,

A. F. MacKenzie,
Secretary.

W.A.F.MacKenzie
Acting Asst.Deputy &Secretary

The prices submitted by the Beaver Laundry Co.on 32 x 40 Drying Tumbler Vorolone I beg to say that the one specified at $1400.00 would be the type required for this School:of course the one listed with a reversing motor at $1650.00 is a much better equipment but considering the difference in price will be satisfied with the belted one.

Sincerely yours.

Principal

Dear Sir:

On August 14th, we put in a tender for the Drying Tumbler for McIntosh Indian School, and we were wondering if any award had been made of the tender as yet, and would certainly appreciate a line from you.

Have any contracts been let for the new school at Sault Ste. Marie, or has the Government decided to hold this up until next Spring?

Trusting that we may hear from you by return, we remain

OFFICE OF INDIAN AGENT

Kenora, Ontario.
November, 14th. 1930.

NOV 17 1930

Referring to Mr.A.F.Mc.Kenzie's letter of October 31st.1930 to the Rev. Principal of the Mc. Intosh Residential School re Tumbler made by the Canadian Laundry Co.through Stanley Brock Ltd.

The Principal is here now and informs us that the Tumbler has not been shipped, and he wishes to know if you would not reconsider the matter, and purchase the one from the Beaver Laundry Co. as supplied to the Kenora,R.C.School.

There is a difference of the two in price, but the difference in satisfaction would more than make up for this difference.

We know the order has been placed with Stanley Brock Ltd. but consider this could be cancelled.

Would you please write direct to the Principal in regard to this.

Your obedient servant,

Indian Agent.

EXTRACT FROM LETTER OF MR. FRANK EDWARDS,
INDIAN AGENT, KENORA, DATED NOVEMBER 17, 1930.

Original on No. 130-7-13.

The Principal (McIntosh Indian Res. School) requests the amount of $500 from the Department for the purpose of outting wood, etc., on the shores of the Lakes south of the school flooded by the dam. He says that part of this amount could be used for clearing land on the school property and also requests a further $500 for painting the inside of the school, which could be done this winter.

We are passing these requests on without making any recommendations as we have spent so much on the schools in this Agency lately.

We have authorized the expenditure of about $15 for the purchase of 3 fire bells for the school - 1 in the laundry, 1 on the top floor and 1 in the center of the building, as this is very necessary owing to the building being a frame one and isolated and no place for the children to go in the case of fire.

EXTRACT FROM LETTER OF MARCH 11, 1931, FROM PROVINCIAL SANITARY INSPECTOR TO MR. INDIAN AGENT EDWARDS, FORWARDED UNDER COVER OF HIS 118 of March 16, 1931.

Original on 129-1-5

With respect to the Indian Residential School, R. C., at McIntosh, I made an inspection here some time ago and found that while all other conditions at the school are exceptionally good, that a similar condition with respect to sewage disposal exists at this school as at Pelican.

The septic tank effluent is passed into the lake without preliminary treatment of any description. I wish to make it perfectly clear that ordinary treatment by sedimentation in a septic tank only removes 25 to 75% of the bacteria present in the sewage. Where, however, the septic tank is combined with either broad irrigation filters or contact beds, the percentage removal of bacteria is increased 10 to 15%.

MR. INDIAN AGENT EDWARDS REPLIED IN PART AS FOLLOWS:

The same applies here, as there is a strong current, and the outlet is some distance down stream from the water intake.

You may rest assured that the Department's first consideration is for the health of the people, and we don't consider there is any danger to health at any of the schools.

Before installation of the sewage disposal plant at schools is made, great care is taken that the health situation is being cared for.

OFFICE OF
INDIAN AGENT

Kenora, Ontario.
July, 22nd.1931.

Dear Sir;

Inclosed please find Voucher #5775 for $31:62 in favour of the Acme Sash & Door Co. Ltd. of St. Boniface. for material for Cupboards in the Dispensary at the Residential School Mc. Intosh.

Authority for this was given at treaty payments in June 1930, the school supplying all the labour and part of the material.

There were no Cupboards of any kind in the Dispensary and as they were absolutely necessary I took it upon myself to give the necessary authority.

We regret the delay in rendering this account, but it was only received at this Office while we were on treaty this Summer.

Your obedient servant,

Indian Agent,

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

E X T R A C T from Separate School Inspector Greening's Report regarding his visit to the McIntosh Indian Residential School on October 29, 1931.

Original on File 130-7-6.

This cess pool has a wooden cover and the Principal considering it more or less dangerous, he has had it surrounded by a fence. If a concrete cover could be placed on the cess pool, it could be covered with a couple of feet of earth and the appearance of the front of the school improved immensely. The boy Archer at the school would do the work if the material were supplied by the Department.

EX M.

Ottawa, December 9, 1931.

Sir:

The Separate School Inspector, in a report on the recent [illegible] of the [illegible] Indian Industrial School, has drawn attention to the cess pool. He states that this pool has a [illegible] which is [illegible] and in bad condition, and the Principal has had a frame erected round the pool. The Inspector states that if a [illegible] were placed on this cess pool it would be covered with a mound of earth and the appearance of the front of the school thereby improved. He states the lay brother at the school would do the work if the material required for the purpose is supplied by the Department.

I shall be pleased to have a report from you regarding this matter, stating the material required to cover the cess pool and the approximate cost of same, also if you would recommend that the work be done at the present time or left over until next Spring.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

108-20

Kenora, Ontario
December, 23rd.1931.

Dear Sir

Replying to your letter 130-7-[illegible]
of 9th. inst. re Concrete Cover for Cess
pool at the Mc.Intosh Residential School.

I visited the School on the 20th.
inst. and the cover required would be about
27' long by 10' wide and 9" thick according
to Brother Eugene Gautier's measurements.

He had some difficulty in working out
the material required, but figures it would
cost in the neighbourhood of $300:00 owing
to the difficulty in getting the material to
the School.

He would require Cement, Lumber for the
frame, Mesh, and extra strong twisted Steel
bars as reinforcement, Gravel etc.

The work cannot be done at the present
time as the cess pool would have to be emptied
and the only reasonable time to do this, would
be when the Children were on vacation next
July, and in this connection the School have no
Pump to do this work and might have to rent one
either from Winnipeg or Sioux Lookout.

This meets with the approval of the
Principal and we would be pleased to have the
authority for this to be done at that time, as
it would no doubt improve the appearance of the
School and be much less dangerous.

Your obedient servant,

Hauk Edwards

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

108-20

Kenora, Ontario.
February, 20th. 1934.

Dear Sir:

Brother Eugene Gothier and the Principal of the Indian Residential School at Mc.Intosh request authority to purchase a Fairbanks-Morse Duplex Ball Bearing centrifugal Pump, capacity at 80 foot head, 25 Gallons per minute. They would also require a Nozzle and 100 feet of 1½" Hose, one length of 1½" Galvanized Iron Piping, and one 1½" Tee, Four Elbows and Hose Valve for Fire prevention at the School.

The Pump is No. 525 in Fairbanks-Morse catalogue, and the total cost of the items mentioned, including freight, would not exceed $100:00. The School would make the necessary pulleys and install.

The old Pump which cost about $20:00 to repair last year, is now worn out, and if fire took place, they would not be adequately protected, and we would be glad if the Department can authorize this expenditure.

[redacted] Gothier has made [redacted] arded to Ottawa, for an addition to this School. The Principal inf[redacted] the Church would advance the money for the building, provided the Department would guarantee repayment. We informed him that we did not think the Department would do this, but no doubt he would hear in due course. If the School was enlarged, we think pupils could be got to fill it.

The Principal also informs us he has not received Medical and School supplies requisitioned for, in December, and is getting very short of some of the [redacted] asked for and wishes that the requisitions could be expedited

Ottawa, February 26, 1932.

Sir:

I have your letter of the 20th instant, relative to the request of the Principal of the Mohawk Indian Residential School to be supplied with a Fairbanks-Morse Duplex Ball Bearing Centrifugal Pump, also a nozzle and 100 feet 1½" hose, one length of 1½" galvanized iron piping, one 1½" tee, four elbows and hose valve for fire protection at the school. It is noted that the total cost of the items mentioned, including freight, will not exceed approximately $100, and that the school authorities would make the necessary pulleys and install the equipment.

The Department will approve of the Principal or yourself arranging for the purchase of the above pump from the Fairbanks-Morse Co. Ltd., 300 Princess St., Winnipeg, as well as the other equipment mentioned if they will supply same. If not, it should be purchased from a firm on the list to receive consideration, in accordance with departmental instructions. After the purchase of this equipment has been made, please forward accounts, in duplicate, properly certified, covering the expenditure incurred.

Regarding the medical and school supplies requisitioned for by the Principal in December, last, I have to say that these supplies will go forward in the course of the next few days.

Your obedient servant,

A. F. MacKenzie,
Secretary.

SCHOOLS BRANCH
DEPARTMENT OF INDIAN AFFAIRS
1932

Duncan C. [illegible], Esq.,
Deputy Superintendent General,
Department of Indian Affairs,
O t t a w a.

Dear Sir,-

Under separate cover, I am mailing you a copy of the plans for the proposed addition to the McIntosh School. These plans call for two wings measuring each 30 X 60, of the same style of construction as the present building. We had in mind at first to propose that these two wings be made fireproof but we realize that the cost would be rather high and, in view of the fact that the present building is only of frame construction, we personally see no objection to adopting the same kind of construction for the two wings.

The matter of enlarging the McIntosh School was placed before you as late as 1929 by Archbishop Beliveau, of St. Boniface, and myself. If my memory serves me well, the Archbishop was very insistent at that time that the enlargement of the school be proceeded with immediately. While no definite promise to that effect was made by your Department, it was nevertheless felt by both Archbishop Beliveau and myself that the school would be enlarged as soon as conditions permitted it.

The school now accommodates 75 pupils but there are as many children in the territory served by the school who are not attending a school at all and who are, therefore, growing up in ignorance. It is with a view to bringing a remedy to this situation that we are now pressing for the needed enlargement of the school.

In view of the fact that your Department, owing to existing conditions, has deemed it necessary to considerably reduce its Estimates and also in view of the fact that the Church authorities are most anxious to provide school accommodation for the children who are not now attending school and who are, as mentioned above, in the territory served by the McIntosh School, we would be prepared to consider some form of cooperation with the Department whereby we could proceed immediately with the proposed additions to the school.

From the information given to us by Bro. Gauthier, we estimate that the proposed wings would cost about $50,000, - $25,000 of which would be for materials and the balance for wages. If your Department were prepared to assume the payment for the materials, the Church authorities would finance the wages on condition that the amount so spent be refunded within, say, a period of four years, at the rate of 25% in April, 1932, and the balance at the rate of 25% per annum until fully paid, the full amount not to bear interest.

In view of the fact that we consider the enlargement of the McIntosh School urgent and also in view of the fact that the Church authorities are prepared to cooperate to the extent mentioned above, we hope that your Department will favourably consider our request.

Thanking you for the sympathetic consideration you will give this [illegible],

Yours truly,

J.O. Rémas

McIntosh Indian Residential School
McIntosh Ont. April 29th. 1932

Mr. Russell T. Ferrier
Supt. of Indian Education

Dear Sir:-

We are having a Night Watchman for over a year at present service, for this reason I am pleading to the Department for a watchman' clock. I do not think it would be a great expence for the Department. It would be a great benefit for us, and a safe guard for the children and the Department's property. The service would be more satisfactory in having this clock and I am asking if the Department would be kind enough as to furnished us with one or give authorization to purchase one. We were informed that a clock complete with stations was worth around $ 100.00

Thanking you in anticipation
I remain
Yours truly

L. Perreault O.M.I.

Principal

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 3)

Ottawa, May 7, 1932.

Rev. Sir:

Replying to your letter of the 29th ultimo, requesting a watchman's time clock for the use of the McIntosh Indian Residential School, I have to inform you that we are today placing an order with the Canadian-Fairbanks Morse Co. Ltd., here, to supply, from their nearest branch office to the school, one (1) [illegible] watchman's clock, complete with ten stations and one year's supply of record dials.

The above firm have been requested to forward the clock to you, charges prepaid, together with their account, in triplicate, covering the cost. When this clock is received, you should certify on the account as follows: "Goods received. Prices charged fair and just", and forward the triplicate accounts to the Department.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Rev. C. Perreault, O.M.I.,
Principal, Indian Residential School,
McIntosh, Ont.

I70-7-5.

Ottawa, May 7, 1932.

Gentlemen:

I have to request that you will supply from your nearest branch office, for the use of the Indian residential school at McIntosh, Ont., one (1) only D-P 's clock, complete with two stations and also one year's supply of record dials. The clock should be shipped, charges prepaid, addressed to: -

Rev. C. Perreault, O.M.I.,
Principal, Indian Residential School,
McIntosh, Ont.

This clock should be furnished at the same price as those recently supplied.

Your account, in triplicate, covering the cost, together with receipt for the shipping charges prepaid, should be forwarded to Rev. Father Perreault, who is being informed of the order placed with you, and requested, upon receipt of the clock, if in good condition, to certify to that effect and send it to the Department, when payment will be made.

Full instructions should be supplied with the clock.

Your obedient servant,

A. F. [illegible],
Secretary.

McIntosh Indian Residential School
McIntosh Ont. May 5th. 1932

Mr.Russell T.Ferrier
Supt.of Ind.Education

Dear Sir:-

As we have done the previous years, We would gladly make the small repairs which need to be done at our School;re paint for the coming season,also to paint the hen's house. For these purposes may we ask the Department to authorize us to purchase the cement paint for basement floor,varnishes for the wooden floors also outside paint for hen's house.In all it would amount to about $150.00,providing we do the work ourselves which we would do with pleasure.These small repairs made things last much longer,so will you please grant us this favor.

Thanking you in anticipation
I remain
Yours very truly

C. Tennent Dent.

Ottawa, May 13, 1932.

Rev. Sir:

I have your letter of the 5th instant, requesting that a grant be provided to purchase [illegible], and varnish for the wooden floors.

In reply I have to inform you that the [illegible] to arrange, after consulting you as to the paint required, [illegible] exceeding in cost the sum of $100. This is the full expenditure we can authorize in the purchase of the paint, etc., at the present time. Mr. Edwards will, no doubt, consult you at an early date as to the paint and varnish you require, and you should give him the necessary information, in order that he can make the purchase and have same forwarded to the school.

It is noted that the staff will perform the labour without expense to the Department.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, May 13, 1932.

Sir:

The Department has received a request from the Principal of the McIntosh Indian Residential School for a grant to cover the cost of the purchase of paint to paint the two floors; [illegible] for linseed floor oil [illegible] for the wooden floors, and stating, if these materials are supplied, the school authorities would do the work without expense to the Department.

In this connection I have to request that you will arrange, after consulting the Principal as to the paint, etc., required, to purchase same, to an amount not to exceed $100. You should arrange for the purchase from a firm on the list to receive consideration. After the purchase has been made, you should forward itemized accounts, in duplicate, properly certified, covering the whole transaction.

We are informing the Reverend Principal that the purchase of the paint has been placed in your hands.

Your obedient servant,

D. C. Scott

Ottawa, June 1, 1932.

Gentlemen:

I have your account covering the cost of a watchmen's clock supplied for the use of the Indian residential school at McIntosh, Ont. This account includes an item of 60 cents for express charges from Toronto to McIntosh, Ont. Before this account can be paid, it will be necessary, in order to meet the requirements of the Auditor General, for you to forward to the Department a receipt for the amount of the express charges from Toronto to McIntosh, viz., [illegible] cents. I shall be pleased if you will forward this receipt direct to the Department, when payment of the account will be made.

I also wish to draw attention to our letter of the [illegible] ultimo, requesting you to forward a receipt covering the transportation charges - $2.30 - on the clock shipped from Winnipeg to Belcarres, Man., for use at the Pile Hills Indian Residential School, and also a receipt for the transportation charges - $1.1[illegible] - on the clock shipped from Toronto to Fort Frances, Ont., for use at the Indian Residential School at Fort Frances. The Department will be pleased to receive the receipts mentioned at an early date.

Your obedient servant,

A. [illegible]

McIntosh Indian Residential School
McIntosh Ont.June 15th. 1332

Mr.Russell T.Ferrier
Supt.of Indian Educ[illegible]

Dear Sir:-

[illegible] I applied a FRIGIDAIRE for our School,but for one reason or another,it is yet to come.It would not be a luxury to have one but a great necessity as the log house we were using to keep the ice in,is going into ruin even after the many and one reparations made to it.

With the heat we are having now constantly,there is no food that can be kept palatable without a cold room.It is a very hard and not a mere trifle besides a great expense to have meat or other food sent to us every week from Winnipeg.You may well think that during this hot weather meat does not keep more than a day or two ahead.

For this reason,I am pleading to the Department to provide us with a FRIGIDAIRE. Presently they are lower in cost as they were before and I can have it installed without expenses for labor.This summer, if a frigidaire is not granted an ice-house will be needed,but such house would cost more,counting lumber labor and installation of a cold-room.

I also would require a potato peeler.Presently [illegible] having the little ones peel the potatoes,but [illegible]ugh they are doing their best,enough cannot be peeled for the two principal meals each day.We have plenty of good potatoes and would like to give some to to the children,but we are having to much difficulty in getting them ready.No matter we would have a machine,some would be peeled by hands every day to teach the girls how to do them.

Thanking you for the present and past favors and hoping my requests be granted

I remain

Ottawa, June 21, 1932.

Reverend Sir:

I have your letter of the 15th instant, requesting a frigidaire for the McIntosh Indian Residential School. Certain funds are available for improvements at this school and the Department wishes to know what is the most urgent requirement. Should a frigidaire be considered before we do anything more with clearing land or any additional painting of the interior? An early reply is requested.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

The Department of Indian Affairs,
Office of the Secretary,
Mr. A. F. MacKenzie,
Ottawa, Ont.

Dear Sir:-

In connection with your letter of June 1st, file 472-5, concerning freight charges to your agencies at Balcarres, Sask., Fort Francis, Ont., and McIntosh, Ont., we are herewith attaching original express receipts showing that the prepaid charges amounted to $3.00 in all.

It would appear that we undercharged you on our original invoice covering a shipment to McIntosh and overcharged you on shipments to Balcarres, and Fort Francis.

We are making up separate sets of invoices which you will find attached hereto covering the amounts in question and we trust that this will answer your requirements satisfactory.

If there is any further information you desire, please advise.

Yours truly,

Sir:

I wish to refer you to official letter of the 10th ultimo, concerning the arrangement at the [illegible] Indian Hospital in Sioux Lookout for the services of a night watchman. An estimate has been received from the Principal for the salary of a watchman for the three months period, April first to June 30th, last. I would be pleased to have your report, stating the name of the man appointed for this service, the special duties which he performs, etc. Your early reply will be appreciated.

Your obedient servant,

A. F. [illegible],
Secretary.

Sir:

I have your letter of the 17th instant, regarding the services of a night watchman at the Mohawk Indian Industrial School and stating the arrangements made by the Principal for this service. The Department will allow a grant towards the salary of the night watchman at the rate of $60 per month. This grant will be paid the Principal at the end of each quarter, upon receipt of a voucher, in triplicate, from you, properly certified. This voucher should read as follows:-

"To Grant towards salary of night watchman at the Mohawk Indian Industrial School, for the quarter ended - - - - - - -
(3 months @ $60 per month) - $180."

Please advise the Reverend Principal of the grant allowed for the above services.

Your obedient servant,

A. F. Macdonald.

OFFICE OF
INDIAN AGENT

Kenora, Ontario.
November, 12th. 1932.

Dear Sir:

Inclosed please find Voucher6390 for the amount of $73:80 for labour in connection with the making of a concrete cover for a Cesspool at the Indian Residential School, Mc.Intosh. The labour amounts to $73:80 and Voucher #6153 in favour of Toupin Lumber & Fuel Co. for material amounting to $173:50 and Voucher #6154 in favour of the Fairbanks-Morse Co. amounting to $56:63 also for material brings the total to $303:93.

Department letter 130-7-5 of December 0th. 1931 only authorized an amount of 300:00 for this work, and the total expenditure is therefore a shade over the amount, but you will notice that the rate of wages paid by the Principal is very low. We are inclosing his letter for your information.

Your obedient servant,

Indian Agent.

Winnipeg, December 31st, 1932.

General Superintendent of Indian Affairs,
Ottawa,
Ont.

Dear Sir:

The following is a list of the requirements (for 1933-34) for the Indian Schools under our jurisdiction.

1- This School has no root cellar and although one has been promised for several years past nothing so far has been done. A sum of $600.00 would be sufficient for this purpose.

2- The School is situated about 2½ miles by water from the railroad station and materials and supplies have to be freighted on a barge. The present one is too old and dangerous to be used any more for this purpose. If the Department will supply the sum of $400.00 for the purchase of materials required the School will provide the necessary labor.

3- This School has a very small acreage for farm purposes and more is urgently required. The sum of $1200.00 would go a long way towards clearing more land.

4- This School has no implement shed. The sum of $300.00 would suffice for this purpose.

(Sgd.) J. O. Plourde, O.M.I.,

OFFICE OF
INDIAN AGENT

Kenora, Ontario.
February, 22nd. 1933.

Inclosed please find a letter received from Brother Eugene Gauthier at Mc.Intosh Indian Residential School.

and no complaints were made about the Generator at that time. However I have never found Brother Gauthier asking for anything unless it was really necessary.

He requires a lathe and says he can purchase a second hand one for $475:00 this price apparently

We shall be glad to have your instructions re this expenditure.

Kindly return the Brother's letter for our files.

Your obedient servant,

Indian Agent.

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,-

Replying to your letter of the 22nd with reference to the Makatosh Indian Residential School, I beg to say that you may arrange for the purchase of the lathe as suggested. It is noted that the cost will be approximately $475.00. Purchase should be made immediately and the accounts forwarded to reach the Department before the 31st of March.

I am returning Brother Gauthier's letter as

Yours very truly,

Ottawa, October 19, 1933.

Sir:

I have your letter of the 6th instant, relative to the request of the Principal of the [illegible] Indian Residential School, that a generator, at a cost of $600, be supplied and also that the lathe be moved from the boys' basement and placed upstairs.

In reply I have to say it is expected that the Department will have to bear from the appropriation for the current fiscal year the cost of supplying a new generator. However, the Department will approve of exchanging the material required in changing the lathe and installing the upstairs, near the boys' dormitory. You should arrange for the purchase of this material, from a firm on the list to receive consideration, obtaining an account in triplicate, covering the cost. This, you should attach to proper voucher form, certify in the usual manner and forward for payment. Please state on each copy of the voucher that the expenditure was incurred under authority of E. H. No. 1049, a copy of which is enclosed. You should keep the cost within the amount authorized, viz.: $600.

Your obedient servant,

Encl.

1[illegible]-10

Kenora, Ontario.
October, 30th. 1933.

Reverend Principal,
Indian Residential School,
Mc.Intosh, Ontario.

Reverend Sir:

Replying to your letter of 27th. inst. re Fire Guns. We are writing the Department about these. You mention that the hearth of the [illegible] and [illegible] are all broken and burned and that the frames down and frames are broken and cannot be repaired so require to be replaced, and that you would like to have two [illegible] instead of the [illegible], as it is dangerous for fire. It is too bad you did not [illegible] them in your estimates, as we are afraid of fire, after so many of the Indian [illegible] have been burned and [illegible]. [illegible] to why the Department [illegible] watchmen at different schools.

[illegible] let us know immediately, the size and make of the fire guns, and if they can be repaired, also estimated cost of the repairs and [illegible] for the [illegible] and the [illegible] and make of your boilers, and we will put the whole matter up to Ottawa, as it may not be too late to get them in the estimates.

Yours faithfully,

[illegible].

Gentlemen:

I have to request that you will forward, charges prepaid, addressed to,-

Rev. C. Perreault, O. M. I.,
Indian Residential School,
McIntosh, Ont.,

ten (10) Refills for one quart Firegun.

Please forward your account covering the cost of these refills, in triplicate, to Rev. Father Perreault, with receipt for prepaid freight charges attached. Father Perreault is being informed of the order placed with you and requested, upon receipt of the refills, to certify the account and send to the Department for payment. The refills should be supplied at the lowest possible cost. Your early attention to this order will be appreciated.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, November 13, 1933.

Reverend Sir:

Mr. Agent Edwards has forwarded to the Department your letter of the 31st ultimo, regarding the condition of the one quart Firegums on hand at the McIntosh Indian Residential School. It is noted that some of these fireguns are out of order.

It is considered that, if these fireguns were recharged and any necessary repairs made, they could be placed in a satisfactory condition. The Department is today placing an order with the Lafrance Fire Engine and Foamite, Limited, Toronto, to ship to you, charges prepaid, refills for ten one-quart Fireguns. This firm has been requested to forward to you the account, in triplicate, covering the cost, together with receipt for the prepaid freight charges. When the refills are received, please certify on each copy of the account as follows: "Goods received - prices charged fair and just". You should then send the account to the Department for payment, with receipt for freight charges attached.

When the refills arrive, please arrange to have them placed in the extinguishers and any necessary repairs carried out. It is considered that any repairs could be undertaken by The Brothers, without expense to the Department.

Your obedient servant,

A. F. MacKenzie,
Secretary.

I.S.D.

130-7-5

103-20

Ottawa, November 13, 1933.

Sir:

I have your letter of the 30th ultimo, enclosing correspondence which you received from the Principal of the McIntosh Indian Residential School, with reference to the condition of the fire extinguishers and also regarding the repairs required to the hearth of the bakery oven and the furnace doors and frame.

Concerning the extinguishers, I have to inform you that an order is today being placed with the Lafrance Fire Engine and Foamite Limited, Toronto, to ship to the Principal's address refills for the ten one-quart Fire-guns. When these are received and the extinguishers are refilled, it is thought that the Brothers could make any other repairs that may be required and that these fire-guns, when recharged, will be in a workable condition.

With reference to the bakery oven and the furnace doors, I would request that you give full particulars as to the outside work and materials that would be required to place the oven in a satisfactory condition, and you should state if the Brothers could perform the work in connection with installing two large doors on the furnace, provided the materials were supplied. When the Department has full information concerning the cost involved, consideration will be given as to whether funds can be provided to cover the cost this year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

[illegible]

Ottawa, November 16, 1922.

Sirs:

I have your letter of the 7th instant, enclosing a cheque for $[illegible] from the Principal of the Dutch Indian Residential School with reference to the [illegible] of the Mission, the condition of the [illegible] and the fire extinguishers.

In this connection I have to say that you were written on the 14th instant, when we pointed out that [illegible] authorized the expenditure required and the cost involved in making the repairs was to be met out of the [illegible]. In this letter we asked to state what outside labour would be necessary in undertaking the repairs or if the Brethren at the School could do the work. Until information is received as to the cost involved, the Department will be unable to state whether funds for the purpose can be provided.

You have already been informed that refills for the ten one-quart Firearms have been ordered.

As requested, I am returning the correspondence which you forwarded.

Your obedient servant,

A. F. [illegible],
Secretary.

OFFICE OF
INDIAN AGENT

108-20.

Kenora, Ontario.
January, 17th. 1934.

Dear Sir:

Replying to your letter 130-7-5 of 5th. inst. re Furnace Doors and Bake Oven at the Mc.Intosh Residential School. We inclose a letter received from the Pease Western Foundry Ltd. which was forwarded to Mc. Intosh and sent on to us January 4th. You will note they say it is impossible to supply a frame with two doors for the Kewanee Boiler to replace the one broken, but a frame with the single door will cost $15:50 f.o.b. Winnipeg. On receipt of this information we wrote the Principal and inclose his reply, received today. In view of the Principal's letter we are ordering the new frame and asking them to add the freight to Mc.Intosh to the account.

We have had no information as to where the parts for the Bake Oven can be procured, but inclose a copy of a letter written to the Principal asking for this information. When this is procured, we will obtain the necessary parts and forward the account to Ottawa.

Kindly return correspondence.

Your obedient servant,

Indian Agent.

Ottawa, January 24, 1934.

Dear Father Perreault:

During my visit to the McIntosh Indian Residential School, early in September, last, a request was made that a sewing machine be supplied. It is now found possible to provide the funds to cover the cost, and an order has been placed with the Singer Sewing Machine Company to supply, from their nearest branch office, one No. 2 - 5 Drawer sewing machine.

The account, covering the cost, will be forwarded to you in quadruplicate. I would request, when the machine is received, if in good condition, that you will certify on three copies of this account as follows: "Goods received - prices charged fair and just", and return the account to the Department at the earliest possible date for payment. It is hoped, when this machine arrives, that it will be satisfactory.

With kind regards to yourself, the members of the staff and the pupils,

Yours sincerely,

J. D. Sutherland,
Acting Supt. of Indian Education.

Ottawa, January 24, 1914.

Sir:

I have your letter of the 16th instant, enclosing a quotation for supplying fireplace and stove for boys room at the McDougall Orphan Industrial School.

In reply I have to say that the Department will approve of you arranging for the purchase and delivery of this equipment at the school. It is understood that the school authorities can carry out the repairs to the oven, without expense to the Department.

Please obtain an account, in triplicate, covering the cost of the fireplace and oven. This, you should attach to proper voucher form, certify to the usual manner and forward for payment. If possible, the account covering the cost of the equipment for the boys oven and also the account for the single fireplace here should be forwarded before the end of the present fiscal year, in order that payment can be made from the current year's Appropriation.

As requested, I am returning the quotation which you received.

Your obedient servant,

A. F. [illegible],
Secretary.

Ottawa, Sept. 25, 1934.

Reverend Sir:

I have your letter of the 21st instant, addressed to Mr. Sutherland, of this Department, requesting that new tubes for the heating boiler at the McIntosh Indian Residential School be supplied, to replace the present ones, which have become badly pitted.

In this connection I have to say that the Department is communicating with Mr. Agent Edwards, of Kenora. He is being requested to furnish a report regarding the cost, etc. When this information is received, consideration will be given as to whether the tubes can be supplied at the present time.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

152-7-5.

Ottawa, Sept. 25, 1934.

Sir:

The Department has received a request from the Principal of the [redacted] Indian Residential School, to be supplied with new tubes for the boiler to replace two ones at present in use, which are badly pitted. The Principal requests that the new tubes to be supplied, in case of need, are as follows:-

38 tubes 5' 2" and 35 tubes 9' 6" - the tubes to be 3" in diameter.

The Principal states he would like to replace the tubes before the cold weather sets in.

I would request that you advise the Department whether you consider that new tubes, as requested, should be supplied. Please state if you are aware of a firm on the approved list, from whom you could obtain the tubes and the approximate cost. Our funds are so limited, that unless absolutely necessary, we would not be prepared to consider authorizing the expenditure necessary.

Please give this matter your early attention.

Your obedient servant,

T. R. L. [redacted],
Acting Secretary.

Ottawa, October 11, 1864.

Sir:

I have your letter of the 27th ultimo, requesting, on behalf of the Principal of the Mohawk Indian Industrial School, that you may be supplied for the boiler used for heating purposes.

In this connection I have to say that you or the Principal may arrange for the purchase of the boiler, of the length and diameter required. The order may be placed with the firm who supplied or manufactured the boiler, or purchase may be made from any other available source. I am of the opinion that the boiler was originally by the Wilson Iron Works, Kingsbury, but, in event, the Principal will know the manufacturer's name, and he can probably arrange to place the order for the new tubes. The installing of the tubes should be carried out by the school authorities, without expense to the Department.

An account, in triplicate, covering the cost of the tubes, duly signed as indicated above, should be forwarded to me, to be obtained to proper voucher forms, certified and forwarded for payment.

Your obedient servant,

A. F. [illegible],
Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

November 20, 1[illegible].

The Honourable the Superintendent General,-

A generator, for use in connection with the electric light equipment, is required at the McIntosh Indian Residential School (Electoral District of Kenora-Rainy River). Mr. Agent Edwards states that, upon taking this matter up with the school authorities, he finds the type of generator required is as follows:-

> 15 K.W. 125 volt Fairbanks-Morse Type [illegible]
> 1400 RPM Ball bearing, Compound wound,
> Direct current, with pulley, Sliding [illegible],
> having belt tightening attachment and
> generator or field rheostat.

The Agent has forwarded a quotation for supplying the above equipment from Fairbanks-Morse, Limited, Prince[illegible] Street, [illegible]ipeg, Man., for the sum of $409.00, f. o. b. McIntosh, Ont., sales tax included.

The sum of $600 is provided in the Appropriation for Indian Education for the current fis[illegible] to supply a generator for this school. I would req[illegible] to make the purchase and to be advi[illegible] quotation of Fairbanks-Morse, Limited, who are on [illegible] approved list, be accepted, or the names of other [illegible] who should be given an opportunity to quote.

Ottawa, November 29, 1934.

Sirs:

Replying to your letters of the 7th and [illegible] to the generator required at the [illegible] Indian Residential School, I have to say that you may place an order with [illegible], Limited, [illegible] Street, Winnipeg, Man., for the supplying of a generator, as follows:-

[illegible] volt [illegible] cycle [illegible] ball bearing, [illegible] wound, [illegible] current, with [illegible], sliding [illegible], heavy belt tightening attachment and [illegible] to hold standard.

This generator should be supplied at the price quoted by the above named firm, viz.: $430.00, f. o. b. Letellier, Man., sales tax included. You may also arrange for the purchase of approximately 25 ft. of 6 inch double leather belting.

Please obtain accounts, in triplicate, covering the cost of the generator and the belting. These, you should attach to proper vouchers [illegible], carefully in the usual manner and forward for payment. The purchase and delivery of the generator should receive your early attention.

Your obedient servant,

A. F. [illegible],
Secretary.

Ottawa, March 18, 1935.

Sir:

For some time past, the Department has been allowing grant at the rate of $ a month towards the salary of the night watchman at the McIntosh Indian Residential School. The amount available for this purpose is limited, and, as a number of Indian residential schools, which formerly did not receive any grant, are now requesting similar consideration, the Department finds it necessary to only allow grant towards the night watchman's services for a period of seven months.

Consequently, in the case of the night watchman at the McIntosh Indian Residential School, the allowance will only be made until April 30, 1935. Payment of the grant for the night watchman will be resumed on October 1, 1935, and will continue until April 30, 1936. The same amount as formerly, viz., $ a month will be allowed. You should so inform the Principal of the school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, Ontario,

April 2nd, 1935.

H. W. McGill, Esq., M. D.,
Deputy Superintendent General,
Department of Indian Affairs,
O t t a w a.

Dear Dr. McGill,-

You will recall that I personally interviewed you recently with reference to the necessity for a new chapel at the McIntosh Indian Residential School. I also had an opportunity of discussing this matter with the Honourable the Superintendent General yesterday. While I outlined our plan quite completely in these interviews, I believe that it is in the best interests of all parties concerned to place the matter before you in a formal manner.

The necessity of a new chapel for the McIntosh Indian Residential School has long been felt but, owing to economic conditions, the Principal has not previously urged the Department to appropriate funds for this purpose. A former missionary of the Lake of the Woods district, who passed away recently, has left a bequest for Indian work to the Oblate Order and we are prepared to devote this money to the erection of a new chapel.

If you permit us to proceed with this work, it will be on the distinct understanding that the new wing in which the chapel will be situated will conform in every respect to the architecture of the school.

The Oblate Order further undertakes not to urge upon the Department any claim for compensation for the cost of this chapel.

As we desire to proceed with this work immediately, we would appreciate receiving a favourable reply to our request at the earliest possible date.

On behalf of the Reverend Oblate Fathers,

Yours very truly,

J. O. Plourde, O. M. I.

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 4)

April 6th, 1936.

Dear Father Plourde,-

I have your letter of the 2nd instant, with reference to the necessity for a new chapel at the McIntosh Indian Residential School. I note that the Oblate Order is prepared to erect this chapel at their own expense and that it will conform in every respect to the architecture of the present school.

It has been decided to favourably consider the proposal made in your letter of the 2nd instant and the Oblate Order may proceed with the erection of the chapel.

Yours very truly,

Deputy Superintendent General.

INDIAN AGENT

Fenora, Ontario.
December, 17th. 1935.

Dear Sir:

On my inspection trip to the Indian Residential School at Lac.Ia-tom on the 9th. inst. I inspected the new addition to the school made at the expense of the Church. They have erected an addition on the north side which is 30' X 60' at a cost to them of about $7000:00

The cost is very small considering the structure and the Principal asks if the Department will supply the following:-

(1) 24 Return Line Valves ¾" for Radiators (Dunham Steam Traps) to enable the heat to circulate better. This would cost in the neighbourhood of $300:00 or $400:00.

(2) Paint for the amount of about $200:00

(3) Toilets etc. $200:00

(4) Repairs to plaster which is given way in the old building 400 yards at $1:00 $400:00

(5) Switch Board Ammeter $10:00 on account of new generator changed from 50 amp. to 100 amp.to take care of the extra lighting.

(6) Repairs to Main Sewer $75:00, old sewer getting blocked up and cement floor would have to be broken to repair.

(7) Refills for 5 2½ gal. Fomite Fire Extinguishers

(8) 12 Small Canadian Fire ~~Ext~~ Extinguishers

(9) 3 1½" Hose complete with Valves and Nozzles

The new addition contains accomodation for 52 beds and the Principal has furnished a pump for the furnace to assist in heating the building.

I informed the Principal I would pass on his requests and would await your instructions.

Your obedient servant,

Indian Agent.

Dear Sir:

With reference to your letter of the 17th instant, you should inform the Principal of the McIntosh Residential School that, owing to lack of funds, the Department is not prepared at the present time to authorize the expenditures requested in items 1 to 6 inclusive.

An order is being placed for 6 - 1½ quart Pyrene fire extinguishers and refills for 5 Foamite fire extinguishers.

Your letter also requested 3 lengths of 1½" hose. Please let us know the number of feet required in each length.

Yours truly,

[illegible]
Secretary.

Reverend Sir:

I have to inform you that the Department is placing an order for the supplying of five refills for 2½ gallon Foamite fire extinguishers and also an order for six 1½ quart Pyrene fire extinguishers, for use at the McIntosh Indian Residential School. This equipment will be shipped, addressed to you at McIntosh, Ont.

The account, in triplicate, covering the cost, will also be sent you. When the supplies are received, if in good condition, you should certify on each copy of the accounts as follows: "Goods received - prices charged fair and just", and forward to the Department for payment.

Later, when the Department has full information regarding the quantity required, the necessary fire hose will be ordered.

OFFICE OF
INDIAN AGENT

Kenora, Ontario.
February. 17th. 1936.

Dear Sir:

While at Mc.Intosh School last week. the Principal asked for authority to purchase $75:00 worth of paint as he claims that the tin ceilings are being spoilt unless we get them painted.

I told him that I did not think that the Department would approve of this expenditure as they had turned down other requests he had made a short time ago for want of funds, but we shall be glad to receive your instructions.

Your obedient servant,

Frank Edwards

EX'D.

Ottawa, March 10th.,1938.

Dear Sirs,-

I am in receipt of your invoice covering freight paid on hose shipped to [illegible], Ontario, in accordance with our order No. 1866.

In this connection I may say that it will be impossible to pass this account for payment without having a receipt from the transportation company covering the amount of freight paid by your firm.

May I refer, however, to your letter of June 8th, 1937, in which you submitted prices on hose manufactured by your firm in two schedules, one covering points east of Port Arthur, and the other for west of Port Arthur. The writer assumed that these prices covered cost of transportation to points of delivery. If this is not correct, would you be good enough to advise the Department definitely and why, in the event of this Department being obliged to pay transportation cost, there should be any difference in the prices charged for the hose either east or west of Port Arthur.

Yours very truly,

C.C.Parker
Acting Purchasing Agent.

Gentlemen:-

As requested in yours of the 10th instant, we are enclosing freight receipt covering amount paid by us on shipment to McIntosh, Ont.

Regarding the information requested in the last paragraph of your letter, in regard to the Eastern and Western prices. On shipments of 100 lbs. or more, we prepay the freight, and bill goods at either the Eastern or Western price, according to destination. On any shipment under 100 lbs. the shipping charges are not prepaid, but goods are billed at the Eastern price, regardless of destination. If you will refer to our invoices, you will note that we have charged you the Eastern ,or lower price, even though hose was shipped West of Port Arthur.

Trusting the above will explain matters to your satisfaction, we remain

Yours very truly,

Re: Insulation in Old Building:

Rev.Father:-

As previously understood this insulation was done because the heat going through the ceiling caused condensation which damaged the plaster to such an extent that it is in a very poor condition and in some places as you are no doubt aware has actually fallen off.

Also 2 ventilators on same roof

As for the insulation above the Kitchen,we are quite sure you will find that it will save you a great deal of worry and money;as the heat escaping through that ceiling caused ice to form near Parapet wall and water going on flashing caused damage to the plaster below and also to the paper roofing as the men had to chop off this ice quite often.

The two 12" ventilators on roof.....20 00

Labor Only:
Heat Insulation,Attic of the old Wing:
3 men,1 week at 30 cts per hr.....72 00

Extra Lumber:
1 man,1 week at 30 cts per hr.....10 00

Total.....$102.00

We trust you will find the above to be in order and the work to your entire satisfaction,

Very respectfully yours,

Per Pincault.

Indian Residential School
McIntosh Ont. May 10th. 1936

Mr. J. D. Sutherland,
Acting Supt. of Indian Education.

Dear Sir:-

During the winter just gone, we have had great difficulty in keeping the power-house warm enough to prevent from freezing, for the reason that we were afraid of fire caused by the stove pipe, there being no chimny. In fact we had several fires and the last time it started we had a great deal of trouble to extinguish it. We would like to build a chimny this summer as this will be an only mean to prevent a disaster. A good chimny would not cost more than $100.00. I beg of you authorization to have this chimny made and ask the Department to be kind enough as to furnish us the means to do it.

Hoping my request receive consideration
I remain, Yours very truly

E. Ferrand O.M.I.

Principal

130-7-5.

Ottawa, May 14, 1936.

Reverend Sir:

I have your letter of the 10th instant, addressed to Mr. Sutherland, of this Department, requesting authority to incur an expenditure of $100 in the building of a chimney on the power house at the McIntosh Indian Residential School.

In this connection I would say that the only amount provided in our Appropriation for the current fiscal year for your school is $400, to build a barge for freighting purposes. It was necessary, when preparing our Estimates, to curtail all expenditure as far as possible, and we were only able to obtain the amount mentioned above to build a barge.

I should be pleased to have particulars from you, regarding how you would propose having the work in building the barge carried out. It would, no doubt, be necessary to have it built near the lake. If you could inform the Department concerning the quantity of lumber and other material that would be required, with the approximate cost, and also what labour would be necessary, in addition to that done by the staff of the school, you would then be advised where the material should be purchased. Please state, also, what power will be used in operating the barge. Will it be towed by boat or will it be necessary to install an engine in the barge?

When the Department receives full particulars as to the cost involved in constructing the barge, consideration can be given as to whether any funds would be available in erecting a chimney for the power house. A reply, giving the information requested, will be appreciated.

Yours truly,

A. F. MacKenzie,
Secretary.

McIntosh Indian Residential School
McIntosh Ont.June 13th 1936

DEPT. OF INDIAN AFFAIRS

Mr. A. F. MacKenzie,
Secretary.

Dear Sir:-

Have received your letter of May 14th,but for urgent reasons could not answer any sooner;please excuse me for the delay.

Re the building of a barge for freighting purposes We had made the demand of authorization to build same for three consecutive years but never had a word about it.Last Spring as our barge had become so rotten it came apart and we could not use it any more,so having had no word from the Department,we made a new one in June 1935 as we could not be without one at all.

If the appropriation for the current fiscal year for our School is $450.00,I would suggest it be taken to pay the expenses of the barge built last June and for which I am enclosing the accounts in triplicate.The Brother Eugene Gauthier who had just went unto an operation could not build it himself but he was the one who has overseen the construction.We engaged two competent labormen for the work.

As labor and material amounts to only $389.70 will the Department take into consideration our great need of erecting a chimney at the power house for the remaining funds?

Hoping the Department grant our request and for which we are thanking you in advance

Yours truly

C. Perreault Ptre.

RECORDS

Mr. Philip Phelan,
Dept. of Indian Affairs,
Ottawa

My dear Mr. Phelan:

Recruiting for MacIntosh is done over the many lakes that surround the school site. Whenever it is possible to do so the large School Boat is used, but when there are portages a much smaller craft is used.

Father Perreault recently received for this special work the gift of a small freight canoe but he has no engine suitable for it. Would it be in order to ask the Department to supply a small 1 1-2 H.P. Johnson Out-Motor? The cost of these engines is about $75.00. I think the expenditure is warranted in view of the nature of the country surrounding the MacIntosh School.

Hoping that you will consider this matter favorable, I remain

Yours very truly,

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 4)

McIntosh Indian Residential School
McIntosh Ont. Sept 17th. 1936

[illegible]
Indian Agent
Kenora, Ont.

Dear Sir:-

To conform ourselves to the Department's wish, we are making a list of our estimates for the next fiscal year. It is extra work which amounts to very little as we have made this list since three consecutive year without obtaining anything hardly. Here they are in order of rank:

1er. Root cellar estimated at. . . . . [illegible]
As we are enlarging our garden a little more every year we have no place to keep the vegetables palatable, which is absolutely necessary for the welfare of our children.

2er. Hayloft and Implement shed, estimated 500.00
Our present hayloft is so small that we can only put one car load of hay while the other four cars which is the quantity required for the winter have to remain outdoors at all the inclemency od the seasons. A shed could be made for our hay and aside of it a shelter for the implements and wagons.

3er. The enlargement of our Stable, est. 1200.00
It is much too small for the number of cows we have. There is danger for them to became T.B. as they are overcrowded. We could possibly get a few more milch cows if we had the locality for them. The children do need more milk.

4er. Clearing land . . . . . [illegible]

I do hope that you will make your utmost possible to obtain same from the Department and for which we are thanking in advance.

Yours truly
C. Perreault O.M.I.
Principal

A. G. HAMILTON

IN YOUR REPLY REFER TO

No. 211-11A R.C.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

INSPECTOR'S OFFICE
5th Flr. Dom. Public Bldg.,
WINNIPEG, MAN., December 23rd, 1936.

Dear Sir:

I have just received a letter from the Indian Residential School, McIntosh, requesting that the Department supply them with the following equipment:

2 large Toboggans
12 Hockey Sticks
6 pr. Boots & Skates

It is pointed out in the letter that the school has already provided a certain amount of equipment, but they are still short the items mentioned above.

I might say that this equipment can be purchased for approximately $25. and as I have had very few requests from this school, I would like to recommend that the equipment be supplied. It is just as important for the children to have equipment for winter sports as for summer - in fact, more so because there is always the danger of the children remaining inside too much during the winter months. I trust funds are available and would appreciate having a reply as soon as possible.

Yours truly,

A. G. Hamilton
Inspector of Indian Agencies
Manitoba.

The Secretary,
Indian Affairs Branch,

EX'D.

Ottawa, December 30, 1936.

Dear Sir:

The Department is in receipt of your letter of the 23rd instant, with reference to the request that you have received from the McIntosh Indian Residential School for toboggans, hockey sticks and boots and skates.

The only athletic equipment that the Department supplies to Indian schools is footballs, playground balls, basket balls or volley balls. Owing to lack of funds, it is not possible to consider supplying equipment other than that just mentioned, and, therefore, the request of the Principal of the McIntosh School cannot receive favourable consideration.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

108-20

Kenora, Ontario.
January, 11th. 1937

Dear Sir:

We have received a wire from the Principal of the Residential School at McIntosh informing us that the pump had broken down and could not be repaired and asking authority to purchase a new one. We wired for particulars and costs but they have replied that there was no number on name plate, and as this case was very urgent Brother Eugene had gone to Winnipeg to purchase a new pump. *& they could not give us any idea of price*

We wired giving instructions to the Principal to have Brother Eugene see Inspector Hamilton in Winnipeg, before making the purchase and presume it will be in order to certify the account and forward for payment as they must have a water supply at the school.

Your obedient servant,

Indian Agent.

Ottawa, January 15, 1937.

Dear Sir:

With reference to your letter of the 11th instant, regarding the repairs required to the water pump at the McIntosh Indian Residential School, Brother [illegible] reached Winnipeg on the 6th instant and called on Inspector Hamilton. The latter advised the Department that the necessary repairs to the pump would cost [illegible], and authority was given Inspector Hamilton on the 8th instant to make the necessary purchases.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa, June 1st, 1937.

Dear Sir:

The Department is in receipt of your letter of the 28th ultimo, forwarding the enclosed communication from the Principal of the McIntosh Residential School.

In our Appropriation for the current fiscal year, there was provided an amount of $[illegible].00 for the construction of a root cellar at this school. If, however, the Principal considers that other work is more necessary than the erection of a new root cellar, the Department has no objection to deferring the construction of the latter building.

Please consult the Principal and advise the Department in what manner you consider the amount provided in this year's appropriation for the McIntosh School should be expended.

Yours truly,

T. R. L. MacInnes,
Secretary.

E Z D.

Ottawa, June 15th, 1937.

Dear Father Perreault,-

I have your letter of the 8th instant, requesting eighteen (18) single desks No. 2 for the McIntosh Indian Residential School.

In our appropriation for the current fiscal year, there was provided an amount of $600 for the construction of a root cellar at the McIntosh Residential School. Recently, Mr. Edwards wrote asking what amount we had provided for your school this year and he was informed that the amount mentioned in the previous sentence would be available. He was further instructed to consult you and advise whether or not the root cellar was to be constructed or if you preferred the money expended in some other manner. We have not yet replied.

The point to be kept in mind is that we can only provide funds for repairs and replacements at the McIntosh School this year. If desks were supplied new, it would reduce the amount considerably.

I would, therefore, appreciate your advising if you really require the desks because, if you will recollect, the cost of them will have to be taken from the amount provided for the McIntosh School for the current year.

Yours truly,

Rev. C. Perreault, O.M.I.,
Indian Residential School,
McIntosh, Ont.

130-7-5

Original on No. 130-7-13

July 9th. 1927.

Dear Sir,-

With reference to your letter of April 15th regarding the condition of the dam at the Moulton Indian Residential School, the matter was referred to the Surveys and Engineering Branch and they estimate that an amount of, approximately, $1,000.00, will be required to place the dam in good condition.

As it is important that these repairs be made at once, this Branch is submitting the Surveys and Engineering Branch to proceed with the necessary work at the earliest possible date. As you have previously been informed, only $500.00 was provided in our current year's appropriation for repairs and improvements at the Moulton School. The remaining $500.00 required for repairs to the dam is being taken from a small unallotted amount in our appropriation. Under these circumstances, no funds for other repairs and improvements can be allowed the Moulton School during the current fiscal year. In this connection, I would refer you to official letter of June 1st, 1927. The amount mentioned in that letter is now required for repairs to the dam.

Yours truly,

T. R. L. MacInnes.
Secretary.

EXTRACT FROM INSPECTOR GREENING'S REPORT ON
M'INTOSH INDIAN RESIDENTIAL SCHOOL,

Dated December 9, 1937.

Original on File 130-7-6.

With the increased accommodation made available from the addition made to the school building, additional seats are now necessary. While part of the punils are doing industrial work, there is sufficient classroom accommodation for the remainder, but there are not enough seats to care for them all during the study periods, and other occasions when they are all together in their classes. At least twenty-eight new desks could profitably be used.

REQUISITION FOR SUPPLIES

Ottawa, January 4th 19 37

This space for use of Head Office only

Requisition No.

Order No.

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF McIntosh Indian Residential School.

VOTE 160 (20) Allotment 2103

SHIP TO Reverend O. Perrault,

Indian Residential School, McIntosh, Ontario.

Purpose for which required

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement.
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
16	Single desks No. 2 (cherry colour)				

NOTE:

The desks at present in this school were purchased from the Globe Furniture Company, Waterloo, Ontario, and are known as the "Globe Single School Desks" As the above 16 desks are required to complete equipment at this school, it would be advisable to purchase the same type of desks.

re Perrault letter dated June 8/37

I hereby certify that I am personally satisfied that the above articles are required in the Department and for Departmental purposes only. The expenditure involved is strictly necessary, and that the public interest will suffer if it is not made.

EXD.

Ottawa, January 4, 1936.

Reverend Sir:-

With reference to your letter of June 6th requesting 18 single No. 2 desks for the McIntosh Residential School, it is now found that funds can be provided for this and the Purchasing Agent is being requested to order them.

The account, in triplicate, will also be forwarded to you and, on receipt of the desks, you should certify the account and send it to the Department for payment.

Youre truly,

R.A. Hoey,
Supt. of Welfare & Training.

Reverend C. Perrault,
Indian Residential School,
McIntosh, Ont.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE FILE 108-20.

Kenora, Ontario.
January 3rd, 1938.

Secretary,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa, Ont.

Dear Sir:

Enclosed please find vouchers for $91.41, in favor of the Canadian Fairbanks-Morse Co. for hanger bearings for turbine at the McIntosh Residential School.

Whilst at the School on Thursday, December 30th, last, Brother Gauthier gave me the enclosed list of fittings, etc. still required. Some of these articles have been ordered by Inspector Hamilton, and some been cancelled, as certain parts had been sent from Ottawa. I would recommend that these extra fittings, etc. be purchased as soon as possible to enable Brother Gauthier to have everything in shape. I refer you to Mr. Hoey's letter 130-7-16, October 21st 1937, to the Principal of the School re the purchase of material for repairs to the dam. The brother does not know exactly what will be required, but he says that in addition to repairs to the dam, the penstock will have to be covered so as to protect it from the weather and prevent further decay. He says he will require:-

18 bars flat iron 2" X [illegible]" 16 ft. long, each,
" angle " 2" 14 "
" round iron 5/8" 14 to 16 ft."
lgth.galv.pipe ½" to be cut for gate
pieces 2" x10" X 12 ft. clear fir for door
pkg. ½" machine bolts 2½"
sq. ft. rubber packing 5/8" or 3/16"
shingles for penstock 350 ft. long, nails & spikes for same.

Ottawa, January 17, 1936.

Dear Sir:-

I enclose a list of articles which are required at the Dauphin Indian Residential School. This list was forwarded the Department by Indian Agent Edwards, who states that the articles are required. Some of them are needed for necessary repairs to the Hydro Electric system at the school.

If necessary, you should request Brother Gauthier to come to Winnipeg, in order to make certain that you obtain the exact articles that are required.

The following firms may be asked to quote on the articles on the attached list:

Canadian Fairbanks Morse Co. Ltd., 324 Main St., Winnipeg.

MacLeods Limited, Winnipeg.

J.H. Ashdown Hardware Co. Ltd., Winnipeg.

Marshall Wells Co. Ltd., Winnipeg.

You may place the order with the lowest satisfactory tenderer. The tenders received from the above firms should then be forwarded to me so that I may have them placed in the records of the Purchasing Branch.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

JAN 26 1938

Dear Sir:

In accordance with your request of the 22nd instant, file No. 211-11 A.H.C., we attach our quotation in duplicate on merchandise required at McIntosh, Ont. All prices quoted are f.o.b. McIntosh, and terms are net cash thirty days.

We are sorry that we cannot give you a price on the bar of Tobin Bronze or the bar of 1-1/2 x 1/2" x 5' long stainless or rustless steel. We do not carry either of these items regularly in stock, and so far as we are able to find out they are not procurable in Canada.

Thanking you for the inquiry, we are,

Yours very truly,

[illegible]-WELLS COMPANY LIMITED,

[illegible]

INDIAN AFFAIRS BRANCH

538 Dominion Public Bldg.,
Winnipeg, Manitoba,
January 27th, 1938.

Dear Sir,

EX'D.

In reply to your letter of the 17th instant, file 130-7-5, we attach hereto tenders received re necessary repairs to the Hydro Electric System at the McIntosh Indian Residential School, as follows -

Canadian Fairbanks Morse - $165.18 (did not quote on clear fir)
Marshall Wells Ltd. - $154.75 (did not quote on tobin bronze or stainless steel bar)
J.H. Ashdown Ltd. - $156.94
MacLeod's Ltd. - Did not submit quotation.

The first three firms mentioned all advised that they could not obtain the tobin bronze rod on account of the. Another price was obtained on a stainless steel bar of the same dimensions and added to the original quotations.

Voucher for the above order, placed with the J.H. Ashdown Company will be forwarded as soon as possible.

Trusting that the above meets your requirements.

Yours very truly,

A.F.G. Hamilton,
Inspector of Indian Agencies
Manitoba.

...r Sir,

Enclosed please find voucher in favour of Brother Eugene Gauthier for $10.15. railway fares from McIntosh to Winnipeg in connection with the purchase of material for the repairs to the turbine at the McIntosh Indian Residential School.

I had suggested it would be a good thing for the Brother to see Inspector Hamilton in Winnipeg, to make sure he purchased just what was required, so there would not be any error in ordering wrong material.

I do not know if this expenditure should be ...ally charged against the school of against our ...artment, but it was necessary for the brother to ... the trip.

Yours faithfully,

David Edwards

EXD.

Ottawa,
March 26, 1938.

Reverend Sir:

Last February the Department forwarded you a cheque for $78.89 in payment of the following: Simmons Limited for beds, invoice dated April 3, 1936, $67.60; J. H. Ashdown Hardware Company, 8 ball valves, account dated February 4, 1937, $15.29.

In December, 1937, you were forwarded a cheque for $15.29 as reimbursement for payment which you had made to J. H. Ashdown Hardware Company for $15.29 covering the cost of 8 ball valves charged on their invoice of February 4, 1937.

You will note from the above that we have [illegible] a duplicate payment to you of $15.29.

As our fiscal year closes on the 31st instant I would appreciate receiving from you at once a cheque for the amount stated above. Apparently from the information on our files you also made a duplicate payment of the above amount to the Ashdown Hardware Company as the account mentioned in the first paragraph was receipted on February 10, 1937, and the account mentioned in the second paragraph was receipted on [illegible]7. You will, therefore, be able to secure $15.29 from the J. H. Ashdown Hardware

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

AUDITOR GENERAL
Canada

Ottawa, March 23rd., 1938.

Dear Sir,

Duplicate Payment
Indian Affairs Branch

On December 22nd last, cheque 51371 for $15.27 was issued to Rev. C. Perreault, the Principal of the Indian Residential School at McIntosh, Ontario, to reimburse him for plumbing expenditure. This account however was previously paid by cheque 44596 of February 24th, 1937, of the fiscal year 1936-37.

The receipted accounts submitted with these payments indicate also that the school authorities paid one account on February 10th, 1937, and the other on May 18th, 1937. In order that the school authorities may be able to detect these duplications themselves, I would suggest that the vouchers at the school be filed alphabetically and not in order of payment as at present.

Yours truly,

(signed) Geo. Gonthier.

Auditor General.

McIntosh Indian Residential School
McIntosh Ont. April 2nd. 1938

Mr. H. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:-

Concerning your letter of March 28,1938 re,duplicate of the J.H.Ashdown Hardware Company, I could not say that it is not correct;nevertheless if you look at the Stub # 044596 you will read only;

April 3, 36. Beds etc. 78.89

It is not clear and very hard to conclude that the account of the J.H.Ashdown Hardware is included. I am sorry,this happened but if the account of the J.H.Ashdown Hardware had been shown on the Stub or two different cheques as usually sent,no mistake would have been occured.

Include the cheque for $15.29

Yours very truly

J. Perreault Jr.

Principal

Reverend Sir:

In reporting on his recent visit to the McIntosh [illegible] are considering the employment of a third teacher for the academic year 1938-39. In this event he states that additional desks would be necessary.

The Department is prepared to supply approximately 20 or 25 new desks. Please let me know the name of the manufacturer of the desks at present in the McIntosh School, also the sizes of the new desks that would be required. The following table may be of assistance to you:

No. 1 desk is intended for pupils of 16 years and upwards

No. 2 " " " " " " 14 to 16 years

No. 3 " " " " " " 12 " 14 "

No. 4 " " " " " " 9 " 12 "

No. 5 " " " " " " 7 " 9 "

No. 6 " " " " " " 5 " 7 "

My dear Mr. Phelan:

The exterior of the McIntosh school has not been painted for at least the last six years and it really needs a new coat of paint. Could you not, out of this year's estimates, supply Father Perreault with paint sufficient to give the outside walls three coats. If you will do this he promises to supply the labour himself.

Hoping that you will give his request you usual sympathetic consideration, I remain,

Yours very truly,

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 5)

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
[illegible]-30

Kenora, Ontario.
26th April, 1938.

The Secretary.
Indian Affairs Branch.
Department of Mines and Resources.
Ottawa. Ontario.

Dear Sir,

I have received a letter from the Principal of the McIntosh Indian Residential School, informing me the school is badly in need of painting both inside and out.

He has not sent me a list of the paint required, and I have no way of knowing what was asked for this school in the estimates as they were not sent to Ottawa through me but through Inspector Hamilton.

Will you let me know what was asked for and what amount is likely to be available for the school this financial year so that I will know what recommendations to put in.

PAINTING
If any ~~painting~~ was authorized, possibly if we supplied the materials the school might be willing to supply the labour.

Yours faithfully,

Frank Edwards.

Indian Agent.

Ottawa,
May 4, 1938.

Dear Sir:

I am in receipt of your letter of the 26th ultimo with reference to painting the McIntosh Indian Residential School.

In our appropriation for the current fiscal year we provided funds for repairing the Hydro Electric plant and dam. This is expected to amount to approximately $3,000.00 and the work is in charge of the Surveys & Engineering Branch.

A further item of $500.00 was provided for miscellaneous repairs and equipment. Three sewing machines are being supplied and this will reduce the amount available to approximately $375.00. We have no objection to expending the amount just stated for paint. Please let me have complete details of the paint required stating colours and quantity of each colour in order that arrangements may be made with the Purchasing Agent to secure it. It is understood, of course, that the cost of the quantity of paint that you ask for will not exceed $375.00.

Yours truly,

H. A. Hoey,
Supt. of Welfare & Training.

J.A.Hoey
Supt. of Welfare & Training,
Ottowa, Ont.

Dear Sir,

I am indebted to Inspector Greening for inserting in his report the necessity of additional desks in our school and of your kindness in wishing to supply them now.

In fact we are in great need of the number of desks offered If it is not asking too much, a chair and desk for the teacher would also be needed and the classroom provided with blackboards.

Thus:- 10 desks.....No.3
10 desks.....No.4
5 desks.....No.5
2 backs.....No.2
3 backs.....No.3

Teacher's desk.....1
" chair.....1

Blackboard.....30 lineal feet.

Very Gratefully Yours

O. Terreault Ptl.

JUN 20 1938
RECORDS

Mr. Philip Phelan
Chief, Training Division

Dear Sir:-

I am anxious to know if the shipment for paint ordered, has been made. On request, I have sent in the list of paint needed.

A considerable time has elapsed since, and nothing has reached here yet. I am quite disappointed in not being able to start repairs before the close of school.

The three sewing machines which were also supplied, have not been received either.

As the cost of the quantity of paint needed still leaves a considerable amount of the item granted. I thought of asking you to provide us with a hay-rake. The farm is increasing with time and we are in great need of one.

I would be very grateful if you would kindly see to those affairs.

Yours Sincerely

Principal

Ottawa,
June 20, 1923.

Reverend Sir:

With reference to your letter of the 19th instant I wish to advise you that an order was placed on June 13 with the Singer Sewing Machine Company, 441 Portage Avenue, Winnipeg, for 3 sewing machines for the McIntosh Residential School.

On receipt of your letter this morning I phoned the Purchasing Agent and he stated that the order for the paint would be placed in the near future.

Yours truly,

Philip Pholan,
Chief, Training Division.

June 27th, 1938.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Dear Sir:

I am in receipt of a letter from the Principal of the Indian Residential School, at McIntosh, in which he requests 5 refills for 2½ Foamite Extinguishers, and 3 x 5 gal. tank extinguishers. He also states, "the tanks are now out of order. The rust has perforated them, and would suggest to replace them by 5 others 2½ Foamite Extinguishers.

I shall be glad to have the necessary authority in this matter.

Yours very truly,

Indian Agent.

Ottawa,
September 9, 1938.

EX'D.

Dear Sir:

I desire to acknowledge receipt of your letter of the 30th ultimo in which you state that the boiler inspector considers that the laundry boiler at the Fairtorn School is too small. Owing to lack of funds it is not possible for the Department to replace the boiler this year.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Requisition No.

Order No.

REQUISITION FOR SUPPLIES File No. 130-7-8

December 21 1938

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF McIntosh Indian Residential School

VOTE 78 Allotment 12-422

SHIP TO Rev. O. Lerrecult, O.M.I., Principal, Indian Residential School, McIntosh, Ont.

Purpose for which required Electric welder for repairs to machinery

NOTE.—Requisition for non-consumable equipment, state if New Issue or Replacement consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
1	Electrode Holder				
1	Helmet, No. 1, with best grade of lens				
40	Ft. Welding Cable				
1	Heavy duty reactor for D.C., for use on 110-volts with variation voltage from 75 volts to 50 volts				

Note: The above comprises a welding reactor for the 15 K.W. machine, to cut from 110-volts down to 75-volts and 50 volts for welding; with an average draw or voltage draw on the 15 K.W. generator, of from 3750 watts to [illegible] watts.

At the request of the principal the engineer at the McIntosh school who is a very competent mechanic secured an inclusive price on the above of $111.45 from Leeder's Limited, [illegible] Portage Ave., Winnipeg, Man. This equipment is required in connection with the Hydro Electric plant at the McIntosh school. It would be appreciated if you would arrange for immediate delivery.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

The attached account covers the cost of a manure carrier purchased for use at the McIntosh residential school. The Principal considered that the one supplied by Beatty Bros. was the most suitable for requirements at the McIntosh school and he was, therefore, authorized to purchase it.

I should appreciate it if you would issue purchase order so that the account may be paid.

Mr. Philip Phelan
Chief Welfare and Training
Indian Affairs Branch
Ottawa

My dear Mr. Phelan:

Your Department supplied an electrical welder to the McIntosh Indian Residential School. The type selected is not the one which had been offered to you by the Lister Company of Winnipeg. The welder offered by the above Company was complete, whilst the one supplied by the Northern Electric Co. of Winnipeg requires the following items to make it complete:

30" #1 Flexible ground cable @ $32.40C	$9.72
2 Wire brushes @ 54 cents each	1.08
2 High visibility lens @ $1.62 each	3.24
10 1-4" carbon welding rods 12" long @ $11.88C	1.20
25 lbs Fleetweld rods 1-8" @ $14.04C	3.51
25 lbs. " " 5-32" @ 12.64C	3.16
25 lbs. " " 3-16" @ 11.93C	[illegible]
1 Clip for ground cable and 3 lugs for cables	[illegible]
1 Book entitled "Procedure on Arc Welding" by Lincoln Electric Co.	[illegible]

Besides supplying the above the Lister Co. had agreed to give a one week's free course to Brother Gauthier in the operation and use of the welder.

You will oblige very much by asking your Purchasing Department to supply the above items.

Yours very truly,

J. Hoare O.M.I.

SIOUX LOOKOUT
May 12, 1939.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA, Canada.

Dear Sir:

Further reference is made to my recent visit to the McIntosh Indian Residential School.

Reverend Father Perreault and staff gave me every possible assistance in connection with the school.

From the outside, one of the first requirements is paint for the main building. I was told that on. If not done soon, paint now on will be entirely wasted.

The fire appliances were carefully inspected and in order - with the exception of
years whether in use or not

The girls dormitory on the top floor, East Wing, crowded. The main exit
under normal conditions I would like to see an additional

fire escape installed in this wing to take care of a situation in the event of fire cutting off the escape by means of the stairway.

I was impressed with the apparant health and cleanliness of the pupils. They are all robust and happy. The physique and carriage of these children is remarkable. The manuel training for both boys and girls is progressing very well.

There are several acres of new farm land cleared and some ready for cultivation this year. The stock is well kept and the stables will compare with any on modern farms.

No doubt the craftmanship and ability of the Brothers Gautier has been pointed out many times before. These men are apparently able to turn their hand to anything and the saving effected by their efforts over a period of years would be difficult to estimate.

On the whole I was very favourably impressed with the work being done by [redacted].

n the late afternoon I had an hours meeting with the Councillors and several members of the Grassy Narrows Band. They had several complaints and requests, all of which will be attended to in due course.

Yours very truly,

[redacted],
Indian Agent.

Ottawa,
May 17, 1939.

EX'D

Dear Sir:

I am in receipt of your letter of the 12th instant reporting on your recent inspection of the McIntosh Indian residential school.

For your information I may say that provided the expenditure is absolutely necessary the Department is prepared to consider expending an amount not exceeding $[illegible] for repairs, improvements and purchase of new equipment at this school during the current fiscal year.

We have no record of having received any order for paint for this school.

You should let me have detailed information regarding the repairs, improvements etc. which you consider should be made giving an estimate of the cost and sufficient information regarding any material needed to permit our Purchasing Agent to secure it.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

Attached please find copies of Boiler Reports covering inspection of these plants at McIntosh and Sioux Lookout Indian Residential Schools.

Also copy of letter received from the Departmental Inspector wherein he points out the necessity of a larger boiler at McIntosh. Please advise what action may be taken regarding this matter.

Yours truly,

Gifford Swartman,
Indian Agent.

OFFICE OF
DEPARTMENTAL INSPECTOR
WESTERN DISTRICT

ONTARIO

COURT HOUSE BUILDING
PORT ARTHUR
ONTARIO

DEPARTMENT OF LABOUR

August 29th,
1939.

Mr. Gifford Swartman, Indian Agent,
Department of Indian Affairs,
SIOUX LOOKOUT, Ontario.

Dear Sir:-

We are enclosing, herewith, in quadruplicate, our account amounting to $41.00, covering inspections at Sioux Lookout and McIntosh Residential Schools. Kindly have cheque made out, as per letterhead of account, and forward to Toronto. Certificates will be issued in due course.

Last year, we wrote Capt. Frank Edwards regarding the vertical boiler used for laundry purposes at the McIntosh School. This boiler was really much too small for the work when it was first installed, and seeing that much more work is being applied right along, I would strongly advise that a larger boiler be installed replacing the present one.

The whole trouble with the boiler is in the height. The water gauge glass is only 3" long and, consequently, the boiler is either full of water or water very low, so, therefore, I would again advise that a boiler be installed, with increased capacity. I may suggest it would be quite an easy matter to increase the height of the present boiler to give it the required capacity, by putting another course which would mean longer tubes being fitted and would cost much less than a new boiler.

Yours very truly,
John M. Kelly
DEPARTMENTAL INSPECTOR.

Dear Sir:

I desire to acknowledge receipt of your letter of the 8th instant and also copies of reports received by you from the Provincial Boiler Inspector attached thereto.

It is noted that a larger boiler is necessary at the McIntosh residential school. I am anxious to know if it will be possible for you to secure information with respect to the extension of the present boiler and the approximate cost of this extension. Just as soon as this information is received by the Department the matter will be very carefully considered.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Mr. R.A. Hoey,
Supt. Welfare & Training,
Indian Affairs Branch,
Ottawa.

Dear Sir:

I am today in receipt of a letter from the Principal of the McIntosh Indian Res. School, Rev. Father C. Perreault, O.M.I., who informs me that although the sum of $1400.00 was appropriated for an addition to the school stable, no materials have yet been received for this purpose.

Once more I wish to call your attention to a situation which is becoming increasingly difficult to cope with on the part of the Principals. The months of July and August, when the children are away on their holidays, are certainly the best months of the year to proceed with repairs, alterations and additions to the schools and outside buildings. If materials for repairs and additions are supplied late in September the work involved is not only more difficult but it is a great deal more expensive.

The Principal has asked me to report this case to the Minister, but I prefer to take it up with you personally as the Minister surely has much more weighty problems to look after.

Hoping that you will give Father Perreault's request your immediate attention, I remain,

Yours very truly,

J.O. Plourde, O.M.I.

DEPUTY MINISTER

I am attaching hereto, for your information, copy of a letter received by this Branch from the Reverend Father Plourde. The subject matter of this letter, you will note, is self-explanatory.

The records here indicate that a requisition for the supplies referred to in Father Plourde's communication was sent forward to the Purchasing Division on July 26.

Director.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

Dear Sir:

Reference is made to your letter of August 10th, file 130-7-5, regarding proposed addition to the stable at the McIntosh Indian Residential School.

Please advise if the building will be commenced this season as I have had inquiries from Mayor J. L. Moran concerning carpenters selected for the work as suggested in your letter referred to, above.

Yours very truly,

Indian Agent.

Ottawa,
November 9, 1939.

EX'D.
A.

Dear Sir:

With reference to your letter of the 3rd instant the Department considers that the proposed addition to the barn at the McIntosh residential school should be erected at once provided weather conditions do not interfere with the work.

In connection with labour you stated in your letter of July 18, 1939, that the Principal requested the services of two men for three weeks. The Department is prepared to provide the amount required for this labour.

In the last paragraph of official letter of August 10 you were instructed to consult Mayer J. L. Doran or Mr. T. J. Iseberg of Sioux Lookout as to the names of two competent carpenters.

In the event of the work proceeding you should apply for an acceptable advance to cover the cost of the labour.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

AIR MAIL

Dear Sir,

Brother Cauthier of the McIntosh School called today and stated that the switch on the 5 H.P. motor in the laundry is in such poor condition that it is impossible to repair it. He claims it is an old style switch which has been in use for many years and is now entirely worn out.

Mr.Kelly of the Square D Company, 128 James Avenue, Winnipeg, quotes on a No.707 B.2 switch, 5 H.P. D.C.110 $58.33, F.O.B. Winnipeg, sales tax not included. Brother Cauthier is waiting in the city to take this with him and I would be pleased to know, by wire, if the purchase may be made.

Yours very truly,

A.G.Hamilton,
Inspector of Indian Agencies
Manitoba.

The Secretary,
Indian Affairs Branch,
Ottawa.

Dear Sir,

The laundry boiler in the McIntosh Residential School has been found defective by the Ontario Boiler Inspector and he has ordered that it be replaced immediately.

Funds may not have been provided for this purpose, but the Principal, Reverend Father Perrault, is willing to cooperate with the Department in the purchase and installation of this laundry boiler.

He informs me that out of the sum of $1,400.00 provided for the addition to the school barn, only $1,000.00 has been spent. The balance of $400.00 is being kept in reserve for wages. He is willing to built the addition to the barn at his own expense provided this sum of $400.00 is used immediately for the purchase of a new laundry boiler.

Please let me know, as soon as possible, whether this offer is acceptable to the Department.

Yours very truly,

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 5)

Reverend Sir:

I am in receipt of your letter of the 16th instant with reference to the laundry boiler at the McIntosh Indian Residential School.

I regret that there are no funds available at the present time for the purchase of this boiler.

However, you should obtain and forward to me full particulars regarding the size and type of boiler that is required and arrangements will be made to have it purchased and delivered to the McIntosh School shortly after April 1.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

SIOUX LOOKOUT
Feb. 22, 1940

Dear Sir:

Reference is made to your 130-7-5 of February 16, 1940, concerning the expenditure of $35.00 authorized October 10th last for repairs to boiler at McIntosh Indian Residential School.

In this connection I have to advise that owing to the lateness of the season that it was impractable and would have caused great inconvenience at the School to be without the use of the boiler at that time. We shall endeavor to have this work completed after the warm weather sets in again.

Will it be necessary to apply again for authorization of this expenditure?

Yours very truly,

[illegible]
Indian Agent.

McIntosh Indian Residential School
McIntosh Ont. March 13th. 1940

Mr. philip Phelan
Chief, Training Division
Ottawa, Ont.

Dear Sir:-

Enclosed please find a copy of the letter which I received from Mr. G. Swartman Indian Agent regarding the Boiler of our laundry.

The Agent suggest to ship this Boiler to Port Arthur to be rebuilt. This cannot be done: 1st we cannot stay without a boiler for our laundry 2nd. This boiler was condamned two years ago by the Ontario Boiler Inspector as being unsafe, rusty and too small. He has then ordered that a new and a bigger one be supplied immediately.

Our Boiler is a vertical tubular one and the only repairs available, "if the boiler was worth being repaired" would be to put a new set of flues which work can be done here at the school at less expenses.

I heard also that they want to put a new section, this cannot be done on our Boiler.

Hoping that you understand this matter and that you will see to settle it in a satisfactory way

I remain, Sincerely Yours

E. Renaud O.M.I.

March 12, 1940

Brother Gauthier,
c/o Indian Residential School
MacIntosh, Ont.

Dear Sir,

The writer was very unexpectedly called away the 20th of last month and just returned this week. Upon my return I find that the factory had not shipped your switch for the reason that they made an error in the catalogue in the listing of the switch you wanted.

They now state that it will not be satisfactory to use the switch which I quoted you upon for a motor of 5 horse power D.C. The only switch that you suit your purposes is our #7120 EM2 and would cost you $79.72 instead of the $58.33 which I quoted you.

They have held this up till my return and until I have had a chance to write you. Please advise if it will be in order to ship you the #7120 EM2 switch. Thanking you, we ar

A.G.Hamilton,
Inspector of Indian Agencies,
Dom.Public Bldg.,
WINNIPEG.

Dear Sir,

Please find enclosed a letter from the agent from whom the magnetic switch was ordered nearly a month ago, and not yet delivered for the reason that there is an error in their catalogue. It is indeed very regrettable that such a thing should happen. This delay might have serious consequences for us. The operator of this motor is so afraid of the starter now in use that once it is started he let the motor run continuously the whole day, when several occasional stops should be made to allow the motor to cool off. The starter we have now was not well suited for this motor. It has always given trouble. I do not know of any other switch than the one order to control this motor properly. We have three other switches of this type giving entire satisfaction.

I hope that you will be kind enoughto communicate with Mr. Kelly and have the switch forwarded as soon as possible and oblige yours truly,

Geo. C. Perreault,

FILE 144:7-M

SIOUX LOOKOUT
Apr. 25, 1940

Dear Sir:

Re: Boiler for Laundry -
McIntosh Indian Residential School

Reference is made to your 130-7-5 dated February 27, 1940 and previous correspondence concerning the boiler in use in the laundry at the McIntosh Indian Residential School.

During a recent visit to the school I examined the boiler and it was found to be in bad condition. Mr. John M. Kelly, Provincial Boiler Inspector, informed me last year that in his opinion would only be good for one more year.

It was suggested in Mr. Kelly's report of August 29, 1939 - copy of which was forwarded you with our letter of September 8th, file 144:7-M - that the boiler be re-built but owing to the gauge of the metal it is now considered that this would not be satisfactory since it is no doubt badly rusted and pitted inside and in a few years would require a complete replacement.

The Port Arthur Shipbuilding Company has quoted on a boiler suitable for the School's requirements as follows:

1 -- PASCOL 13 H.P. Vertical Boiler, 32" dia. x 86" high, 100# working pressure; furnace 27" dia. x 27" high. Boiler will have 55 - 2" dia. tubes 51" long and will be complete with grates and trimmings, including two injectors.

PRICE: $525.00 f.o.b. Port Arthur, Ontario, including 8% Sales Tax.

SHIPPING WEIGHT: About 2,400 lbs.

Please advise if authority may be obtained to purchase same.

Yours very truly,

[redacted]
Indian Agent.

Requisition No.

Order No.

REQUISITION FOR SUPPLIES

May 1 19[illegible]

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF McIntosh Indian Residential School

VOTE Allotment

SHIP TO Rev. C. Perreault, O.M.I., Principal, Indian Residential School, McIntosh, Ont.

Purpose for which required Laundry

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement.
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Est. Price	TOTAL
1	Pascal 13 H.P. vertical boiler, 58" dia. x 66" high, 100# working pressure; furnace 27" dia. x 27" high. Boiler will have 85 - 2" dia. tubes 51" long and will be complete with grates and trimmings, including two injectors.				
	Note: Without being requested to do so the Principal advised the Indian Agent that a boiler suitable for the school's requirements could be purchased from the Port Arthur Shipbuilding Company, Port Arthur, Ont., at a cost of $525.00 f.o.b. Port Arthur, including 8% sales tax.				
	The shipping weight would be approximately 2,400 lbs.				
	The boiler in the school was inspected by the Provincial Boiler Inspector and found in very bad condition. He recommended the immediate supplying of a new boiler.				

I hereby certify that I have personal knowledge that all the above articles are required for the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

SIOUX LOOKOUT
Apr. 26, 1940

Dear Sir:

Addition to Stable
McIntosh Indian Residential School

Reference is made to Mr. Hoey's letter of August 10, 1939, file 130-7-5 regarding building an addition to the stable at McIntosh Indian Residential School.

The materials arrived too late last fall to proceed with the work. Consequently it is proposed to commence construction immediately the frost is out of the ground this spring.

Referring to paragraph 2 of your letter, please advise if it will be in order to engage two competent carpenters at Sioux Lookout for this job when they are required.

Yours very truly,

Indian Agent.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

EXT.

Ottawa,
May 3, 1940.

Dear Sir:

I am in receipt of your letter of the 23th ultimo with reference to building an addition to the stable at the Ft. Frances Residential School.

In the current year's appropriation an amount of $810.00 was provided for repairs, improvements and purchase of new equipment at this school. In view of conditions existing at the present time it will be impossible for the Department to provide a larger amount than the sum mentioned.

Recently you requested a vertical boiler at an approximate cost of $[illegible] for the laundry at this school. In the event of purchasing this boiler there will only be $[illegible] unexpended. As are prepared to allow this toward the cost of wages. If, however, the school wishes to do without the boiler the amount proposed to be spent on the boiler can be used for labour. Please consult the Principal and let me have your reply at the earliest possible date.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

May 21st 1940

Dear Sir:

Reference is made to your communication of May 3rd, file 170-7-5, with respect to building an addition to the stable at McIntosh Indian Residential School.

Father Perreault informs me they have decided to do the work themselves without assistance from outside carpenters.

He also informs me that the acquisition of a new boiler is essential. Please advise if it will be in order to place the order for the boiler as specified in our letter of April 25th.

Yours very truly,

Indian Agent.

Dear Sir:-

Since three or four years I have been asking the Department to supply me with a hay-rake,and I have not even received an answer.
Untill now the hay has been raked with pitchforks,but to-day it is urgent to get a horse-rake for the hay. Will you be kind enough either to purchase one for us or to give me the authorization to buy one from the Cockshutt Co? This horse rake is to be paid with some of the money already granted us to pay for the labour we ourselves shall do on the construction that will soon begin.

Have you given the order yet for the new boiler which we need as soon as possible?

Thanking you for your kindness

I remain,
Yours truly

MAY 30 1940
Received

SIOUX LOOKOUT
May 28th 1940

Dear Sir:

Hay-rake & Vertical Boiler
McIntosh Indian Residential School

Enclosed please find communication received from Rev. Father C. Perreault, O.M.I., Principal of McIntosh Indian Residential School.

The cost of the hay-rake as included in our 1940-41 estimates was $50.00 although it is thought that at the present time the cost would be nearer $60.00. It is felt that this equipment is necessary but at this time I hesitate to recommend the purchase. Possibly an extra man or two could be engaged for a few days at haying time which would eliminate the necessity for the purchase this year. However, it is Father Perreault's wish that this rake be purchased with part of the unexpended balance of $285.00 referred to in your letter of May 3rd, file 130-7-5 and they will supply all the labor themselves in connection with the addition to the stable.

Regarding the final paragraph of Father Perreault's letter having reference to the new boiler, this matter is covered by our letter of May 21st, file 7-M and your reply of the 24th instant, file 130-7-5.

Yours very truly,

Gifford Swartman,
Indian Agent.

Ottawa,
June 4, 1940.

Dear Sir:

I desire to refer you to your letter of April 25 in which you supplied definite information regarding the boiler required for the [illegible] and stated that the Port Arthur Shipbuilding Company was prepared to supply this at a cost of $[illegible], f.o.b. Port Arthur, Ont., including 8% sales tax.

The Purchasing Agent used the information contained in your letter and requested several firms to quote and a quotation of $[illegible], f.o.b. Port Arthur, was received from the Port Arthur Shipbuilding Company.

It is difficult for the Department to understand why the Company quoted [illegible] to you and [illegible] when the Purchasing Agent requested quotations. It is possible, of course, that they are quoting on a different boiler. I should appreciate your furnishing to me at once the written quotation which either you or the Purchasing Agent received from the Port Arthur Shipbuilding Company. Due to this difference in quotations the purchase of the boiler has been delayed.

Yours truly,

Mr. G. Swartman,
Indian Agent,
Sioux Lookout, Ont.

PORT ARTHUR SHIPBUILDING COMPANY

Port Arthur

April 10, 1940.

C. Perreault, O.M.I.,
Indian Residential School,
McIntosh, Ont.

Dear Sir:

We have been requested by Mr. John M. Kelly, Boiler inspector, to submit a proposition for a new laundry boiler for your school. In Connection with this, might say that on November 13th, 1939, we quoted on a 6 H.P. Vertical Boiler, being 24" dia. x 6' 8" high, to Mr. Gifford Swartman, Indian Agent, with the understanding that this boiler was for your school. We now notice in your inquiry that you would require as large a boiler as you could get through a 35" wide door, and you suggested the boiler be 32" diameter. We are, therefore, pleased to quote as follows:

1 - Pascol 13 H.P. Vertical Boiler, 32" dia. x 86" high, 100# working pressure; furnace 27" dia. x 27" high. Boiler will have 55-2" dia. tubes 51" long and will be complete with grates and trimmings, including two injectors.

PRICE: $525.00 f.o.b. Port Arthur, Ont., including 8% Sales Tax.

SHIPPING WEIGHT: About 2,400 lbs.

We notice.that you state that the height from the floor to the chimney hole is 7' - 9", but you do not state the height of the room, and we would like to point out that the boiler being 86" high, you should have at least 2 to 3 feet above this height to enable you to clean the tubes. It would be still better if you had not less than 52" above the boiler to enable you to replace tubes at a later date, although, of course, if tubes are required to be replaced at some later date, the boiler could be taken out.

We will look forward to hearing from you in this matter.

Yours very truly,
PORT ARTHUR SHIPBUILDING COMPANY
LIMITED.

June 11, 1940

Dear Sir:

Re: Boiler for Laundry
McIntosh Indian Residential School

Reference is made to your communication of June 4th, file 130-7-5, in connection with the boiler required for the McIntosh Indian Residential School.

The quotation submitted in our letter of April 25th was taken from the enclosed quotation copy submitted by the Port Arthur Shipbuilding Company to the principal of the school.

It is noted that there is considerable difference in the price quoted to the Purchasing Agent by this company but from the information you have furnished, I am unable to say whether it is the same boiler - although it is possible that they have quoted on a boiler less fittings, mountings, grate bars, etc.

Yours very truly,

[illegible]
Indian Agent.

McIntosh Indian Residential School
McIntosh Ont. June 20th. 1940

Mr. Gifford Swartman,
Indian Agent,
Sioux Lookout, Ont.

Dear Sir:-
The following are a few more items required for completion of Stable which could not be ascertained before, because we could not have necessary measurements before seeing what was being sent on previous order. I hope you will see the necessity of these things, and have them ordered as soon as possible.

200 ft 1 inch Manilla rope for hay fork
1 Beatty Triple Grapple fork # 171
8 pieces Steam pipe 3" x 8ft. long, for post (8 ft 3 inside)
4 Storm Sashes for window 3 x 10 x 12 1/4 Tin 1/8 thick
200 lbs Pure white lead in oil
5 galls Raw linseed oil
5 " Boiled " "
5 " Pure turpentine

Yours very truly

E. Perreault O.M.I.

Dear Sir:

Re: Sioux Lookout Req. No. 27
Materials for Stable
McIntosh Indian Residential School

The attached letter has been received today from Rev. Father C. Perreault, O.M.I., Principal, McIntosh Indian Residential School, in which he requisitions building material and fixtures required for the completion of the Stable now under construction at that point.

As Mr. Swartman is now out on the Treaty 9 Annuity Payment trip and cannot be contacted before July 9th at the earliest, I am forwarding Father Perreault's letter and a completed but unsigned requisition for your consideration.

This material, if purchased, would presumably be charged against the unexpended balance of $225.00 referred to in your letter of May 3rd, file 130-7-5. See also our letter of May 28th (file 7-M) re Hay-rake and vertical boiler already requisitioned.

Yours very truly,

Charles Roberts,
Clerk
Sioux Lookout Agency.

/R

Copy for information of The Secretary

McIntosh Indian Residential School.
McIntosh, Ont., Sept. 23, 1940.

Mr. A. G. Hamilton,
Inspector of Ind. Agencies.

Dear Sir:-

The Indian Department allows me for repairs, improvements and purchase of new equipments $40.00. From this amount $124.90 was spent for a new boiler for our laundry at the cost of 310.00
Materials for completion of stable 124.90
One hay Rake 56.00
This according to the purchase orders from Ottawa.

From the balance left: i.e. $330.00, I would like to purchase the materials necessary for the installation of the new laundry boiler and also for the installation of the electric light in the new and old barn.

As we are waiting after this material, we thought of asking you to give us the authorization to purchase same or to do it yourself as soon as possible.

Hoping you will help us regarding this matter, I remain,

Sincerely Yours,

(Signed) C. Perreault, O.M.I.
Principal.

Dear Sir:

I have your letter of the 23th ultimo enclosing letter received from the Principal of the McIntosh School regarding additional material requested for the installation of the laundry boiler and for electrically wiring the new barn. I enclose the lists in order that you may let me have an estimate of the cost of the articles required.

For your information I may say that an amount of $810.00 was provided in the current year's appropriation for repairs and improvements and purchase of new equipment at the McIntosh School. Our records indicate that we have already expended $579.62 leaving a balance of $230.38. It will be impossible to allow any larger amount than the balance mentioned above.

Dear Sir- Attention Mr. R.A. Hoey

Rev. Father Perreault, Principal of the McIntosh Indian Res. School has already forwarded through his Agent, Mr. Swartman, the list of his school estimates for the year 1941-42. I am quite sure that you have already received it.

He writes me today asking that I add to that list a Jacket Heater, preferably a Guerney. The fire pot should be large enough to burn 4-foot cord wood. The Heater which is now in use is worn out and must be replaced.

Yours very truly,

J. O. Plourde

WINNIPEG, Manitoba February 14, 1941

The Secretary
Indian Affairs Branch
Ottawa

Dear Sir: Attention Mr. Philip Phelan

Enclosed please find list of paint required for the McIntosh Indian Residential School. I was informed, when I was in Ottawa last, that if this list was forwarded immediately, you would place the order without any delay.

Rev. Father Perreault, the Principal, informs me that the last lot of paint which was supplied came from Kenora and he was far from satisfied with its quality. It is also probable that the price was higher than what it would have been if the order had been placed with a wholesale house in Winnipeg. Your Purchasing Agent in Ottawa should be advised, I believe, that much better prices can be secured from wholesale firms than from local retail stores such as exist in Kenora.

A great deal of this paint work can be done now by the school staff without any extra cost in wages. But if your Purchasing Agent takes as long to fill this order as he does to fill most orders that are placed with him, the paint will be delivered to the school at a time when the men have to do all the Spring work, and consequently other employees will have to be secured, meaning extra expense for the school.

Thanking you in anticipation, I remain,

Yours very truly,

J. R. Perreault
Prin.

FILE 7-M

INDIAN AFFAIRS BRANCH

Sioux Lookout, Ont.,
Nov. 25, 1941.

Dear Sir:

During my recent visit to the McIntosh Indian Residential School the condition of the pressure tank was called to my attention.

It was quite apparent that the tank should be replaced.

I am enclosing copy of a letter from the Reverend Father Principal wherein he gives specifications.

It is recommended that this matter receive your early consideration.

Yours very truly,

Indian Agent.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

McIntosh Indian Residential School
McIntosh, Ont., November 23, 1941.

Mr. Gifford Swartman,
Indian Agent,
Sioux Lookout, Ont.

Dear Sir:

As you have seen during your recent visit to this school that our pneumatic water tank located in the root cellar is now defective owing to inside corrosion.

We have noticed a few months ago, that it was difficult to keep air in it, but now it is impossible. It is always full of water to the top - consequently, there is no water available to the building when the turbine is shut off - even for a few minutes, which is a great inconvenient.

As the tank is placed on cement saddles, tight against the walls in a corner and within 6" from the ceiling it is impossible to locate the leaks and repair them. The only remedy is to replace it.

The present tank, 48" x 16' has been placed where it is at the time of the construction of the power plant, in 1925 and the cement walls for the root cellar, built after its erection. So, it is impossible to remove it unless the roof is taken off.

As mentioned to you, the new tank needs not be as large as this because the water pump is in constant operation.

We would suggest a size 30" in dia. by 96" long would be quite large enough and can be taken in through the present doors. Same tank to be installed on the side because the head room under roof being only 6'6", is limited by windows in adjoining room in basement and heating plant room.

The tank should

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The tank should be provided with 4 openings under side as follows: One 3" opening for connection to supply pipe from the pump, two (2) 2" openings, one for connection for delivery pipe to building and one to waste, also one 1" opening for water column.

On the top there should be one 1" opening to correspond with the 1" below for water column and pressure gauge, and one ½" opening for air line from compressor. There should be one manhole on the end near water column.

You have noticed the amount of water on the floor caused by the leaks which, owing to moisture, is very bad for preserving our vegetables.

Will you please be kind enough to interest the Department in this matter and have the small tank purchased as soon as possible.

With anticipated thanks

Yours very truly,

C. Perreault, O.M.I.,

Principal.

REQUISITION FOR SUPPLIES File No. 150-7-1

July 16 1948

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF McIntosh Indian Residential School

VOTE.... 78 ..... Allotment..... 13-415

SHIP TO Rev. C. Perreault, O.M.I., Principal, Indian Residential School, McIntosh, Ont.

Purpose for which required

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
1	Water storage tank 8' x 30"				

Note: Mr. Cow, of the Surveys & Engineering Branch, visited the McIntosh School in January last and recommended that some time in the future a new water storage tank would be necessary. He was at this school again on June 23 and writes as follows:

"The Indian Affairs Branch should be urged to supply the water storage tank, as specified, without delay. The leakage through the roof over the kitchen, pantry, heating plant and over the pressure tank and root house is very annoying."

Mr. Cow obtained a verbal quotation of $136.00 for supplying this tank from the Ashdown Hardware Company, Winnipeg. As the tank appears to be very necessary, I suggest that the Surveys & Engineering Branch be authorized to arrange for its purchase and installation.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made

Surveys & Engineering Branch

I desire to refer to my memorandum of July 16 with reference to repairs required at the McIntosh Residential School. As you will recall, these repairs were recommended by Mr. Cow in your memorandum of January 28, 1943. He advised that we secure Murray Asphalt Roofing but I am now notified by our Purchasing Branch that this is not available. Would you please ascertain from Mr. Cow what type of substitute roofing would be satisfactory?

SURVEYS & ENGINEERING

Dr. McGill,-

With reference to your memo of Aug. 3rd. 15/8/42. J.A.P. J.A.P.

Ottawa, August 14th, 1942

Memorandum:

Mr. Neville

Re: Roofing Indian Residential School, [illegible]

AUG 17

With reference to your notation dated the 8th instant, on Dr. McGill's memorandum to you dated August 3rd, 1942, regarding the material for a built-up roof on the above, we confirm the information supplied to the Indian Affairs Branch that, due to Government restrictions on the use of asphalt products, the asphalt felt and roofing asphalt, called for in Mr. Gow's bill of materials dated January 22nd, 1942, are no longer available.

The most satisfactory substitute for a three-ply built-up asphalt roof would be a four-ply tarred felt and gravel roof, the materials for which are still available.

Accordingly, the requisitions forwarded to the Departmental Purchasing Agent by the Indian Affairs Branch for materials, should be amended as follows:-

Delete all items for materials under Item No. 1, and substitute:

2200 sq. ft. of Roofing - 4 ply built-up tarred felt and gravel roof.

Heavy grey Dry Sheathing Paper (Neuchem or equal) 36" wide, 24 lbs. per roll, 10 rolls @ $1.50 per roll....$15.00
Tarred roofing felt, 32½ lbs. per roll of 215 sq. ft., 44 rolls @ $1.50 per roll 66.00
Roofers' Pitch, 2750 lbs. @ 2.00 per Cwt..... 55.00
Roofing nails - large headed, galvanized, 40 lbs. @ 11¢ per lb..... 4.40
Flashing - 90 lineal feet 6" wide..... 6.00
Gravel - from 1/4" to 5/8" in size, 8800 lbs. - local price.

Also delete all items for materials under Item No. 2, and substitute:

325 sq. feet of Roofing - 4 ply built-up Tarred Felt and Gravel Roof.

Heavy grey Dry Sheathing Paper (Neuchem or equal) 36" wide, 24 lbs. per roll, 2 rolls @ $1.50 per roll.... 3.00
Tarred roofing felt 32½ lbs. per roll of 215 sq. ft. - 7 rolls @ $1.50 per roll..... 10.50
Roofers' Pitch - 500 lbs. @ $2.00 per cwt..... 10.00

Roofing nails.....

Gentlemen:

I have your account amounting to $8.80 covering the cost of recharges supplied to the McIntosh Indian Residential School. The account includes a charge of $2.13 for prepaid freight. On Purchase Order No. 13785 you were requested to forward a freight receipt but you have neglected to do this. Please let me have the receipt as soon as possible so that the account may be paid.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

OK

I.A.1364-1

Ottawa, September 24th, 1942.

Memorandum:

Re: Roofing, Indian Residential School,
McIntosh, Ontario.

With reference to the above, Mr. Gow has advised that the roofing material ordered by the Departmental Purchasing Agent has been delivered at the school by Alexander Murray and Company, Limited, and by the J. H. Ashdown Hardware Company.

In regard to the carrying out of the roofing repairs, Mr. Gow states in part as follows:

"Brother Rogers Gauthier of the McIntosh Indian Residential School was in this office this morning and brought up the question of who was to carry out the work of repairing the roofs at the school, now that the material has been purchased for the job and has been delivered. It was explained to Brother Gauthier that this office has had nothing to do with the purchase of materials and has received no word as to who is employed to carry out the placing of the new roofing. Brother Gauthier stated that further as the Principal of the School was concerned, they had not agreed to do any work in connection with the replacement of the roof and that they were unable to carry out any part of this work. ..... The School authorities are anxious that this roof repair work be carried out at the earliest possible date."

It would seem advisable to furnish this information to the Indian Affairs Branch. Accounts, in triplicate, together with freight voucher for Ashdown account, covering the materials furnished by Alexander Murray and Company, and J. H. Ashdown Hardware Company, are transmitted herewith for attention by the Indian Affairs Branch.

Encls.

Memorandum:

Dr. McGill.

Re: Roofing, Indian Residential School,
McIntosh, Ontario.

With further reference to your memorandum of July 16th last, and subsequent correspondence relative to the above, I am enclosing for your information copy of a memorandum from our Engineer, Mr. Mills, dated September 24th, with the accounts referred to therein, which is self-explanatory.

You will recall that we were only asked to supply information in regard to materials that would be suitable for the roof repairs required and were not asked to purchase those materials or supervise the work of repairs. It was assumed that your branch had some arrangement with the School authorities under which this work would be done.

Dear Sir:

Re: Roofing, McIntosh Indian Residential School.

This Branch is in receipt of a memorandum from the Chief Engineer, Surveys & Engineering Branch, in which he states:

"Brother Eugene Gauthier of the McIntosh Indian Residential School was in Mr. Gow's office this morning and brought up the question of who was to carry out the work of repairing the roof at the school, now that the material has been purchased for the job and has been delivered. It was explained to Brother Gauthier that this office had nothing to do with the purchase of materials and it has received no word as to who is supposed to carry out the placing of the new roofing. Brother Gauthier stated that insofar as the Principal of the school was concerned they had not agreed to do any work in connection with the replacement of the roof and that they were unable to carry out any part of this work. The school authorities are anxious that this roof repair work be carried out at the earliest possible date."

In the estimates of this year the sum of $700.00 was provided for repairs and repairs at the McIntosh School. At this date the sum of $700.00 has already been spent. In view of this fact it will be exceedingly difficult, if not impossible, for the Department to provide the amount of money necessary to defray the cost of the labour necessary to the roof of the building. It so happens that this year we have exceeded most of our appropriations with the result that there are no funds available for this or any other purpose. Would it be possible for you to secure from the Principal of this school an estimate of the

cost involved and the extent to which the school is prepared to assist in this matter? If the school finds itself unable or unwilling to bear part of the cost it is just possible that these repairs may have to be postponed until the next fiscal year.

Your immediate attention to this matter would be very much appreciated.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

Reference is made to our Estimates for 1943-44 which were recently submitted to the Department. You will note at that time we did not outline details for repairs to Works and Buildings required for the McIntosh Indian Residential School. We are enclosing herewith detailed list of requirements. Unfortunately the Reverend Principal did not furnish us with estimated costs and it would require approximately two weeks for us to obtain the necessary figures, consequently we are forwarding the list as received.

It is noted that a new wooden flume is required for the power plant. The Reverend Principal states that the one now is use might be patched in order to make it last throughout the winter, providing he could obtain rubber patching material.

Yours very truly,

Indian Agent.

A-G

Sioux Lookout, Ont.,
November 4th, 1942.

Dear Sir:

Referring to Mr. Hoey's letter of October 2nd, File 130-7-5, with respect to repairs required for the roof of the laundry and boiler room at the McIntosh Indian Residential School, I have to advise that the necessary repairs have been attended to by the School Staff. They also had assistance from two Brothers who were sent down to help with the job. The roof is now in first class shape, although it may require an additional four barrels of coal tar next summer to mix in with the gravel. It will depend on how the gravel now on the roof mixes with the tar already applied, but the results of this will not become apparent until after we have some real warm weather next summer.

Yours very truly,

[illegible]
Indian Agent.

Attention Mr. Phalen

Dear Mr. Phalen,

I am in receipt of a letter from Father C. Perreault, Principal of the McIntosh School, in which he requests me to ask the Department for the following items:

1.- 1 Bake Oven (56" long X 42" deep).
2.- 1 Cold Rolled Shaft (1 11/16" in diameter by 20' long.
3.- To install fire protection facilities in the new wing:
3 lengths of galvanized pipe (20"X 2")
6 Tees - galvanized - (2"X 2"X 1½")
6 Elbows (2")
6 Nipples - galvanized - (2"X 6")
6 Nipples (2" short)
4 Tees (2"X 2"X 2")
4 Lengths of coton hose (50'X 1½") complete with couplings and nozzle ½" opening.
4 Brass standing pipe hose valves with iron T handles.
4.- 500 lbs White Lead ground in oil.
10 gallons of Linseed Raw Oil.
15 gallons of Linseed Boiled Oil.
8 gallons of Pure Turpentine.

Thanking you in anticipation for you kind attention to the above request, I remain,

Yours very truly,

J. O. Plourde, OMI

P.S.— The present Bake Oven is no longer serviceable.

R.A. Hoey,
Supt.of Welfare & Training

Dear Sir:-

In answer to your request re hose valves, we beg to say that same are to be used as new installation in new wing 30' x 60' added to the north end of main building.

They are,as indicated on the list of requirements, regular standard brass hose valves 1½" with iron T handles. They have standard pipe thread to screw into the pipe and standard hose thread to receive the hose.

See description in Crane Ltd catalogue # 51, page 65,No 50.

Hope this information will be satisfactory

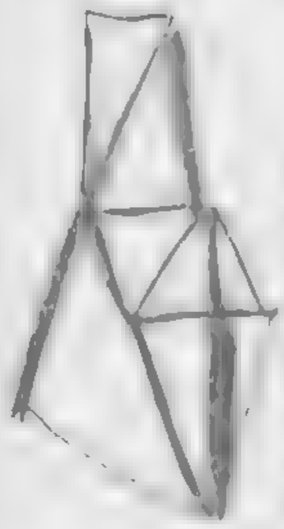
FILE 144:7M

OCT 18 1943

Sioux Lookout, Ont., October 16, 1943.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.



During a recent visit to the McIntosh Indian Residential School the condition of the bake oven was brought to my attention. This piece of equipment is in very bad shape and I recommend that steps be taken to replace same as soon as one may be procured. The oven in present use is an Oxford Portable No. 72 C manufactured by the Gurney Company, Limited, size 3½ x 4½ feet and built in three sections. The top and lower sections are now useless and the middle one is the only part serviceable.

I understand that it is necessary to bake three days each week and two bags of flour are used for each batch of bread. With only the one section of the oven, many hours and much labour are required for each day's baking. It is also quite probable that the centre section of the oven will not last much longer. A larger oven should be obtained if possible, as the bake room would accommodate one from 8 to 10 feet long.

While on the subject of the McIntosh school, I wish to report that the new penstock is now completed and in use. The workmen made a first class job. All that remains to be done now is to place a roof over the entire length of the penstock in order to protect it from the weather. It is estimated that this structure will last for another forty years.

O. Swartman,
Indian Agent.

OCT 23 1943

REGISTRY

Sioux Lookout, Ontario, October 20, 1943.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

I have been informed by the McIntosh School authorities that our Department is supplying them with a shaft for installation in the laundry. Apparently a list of fittings required to install the shaft was not furnished with specifications. Before the shaft may be used, the following must be obtained:

4 rings oiling bearings for a shaft 1 11/16 to fit "Pioneer" pressed steel hangers.
1 cast iron split bushing 3½" x 1 11/16" bore for steel split pully 28" diameter x 6" face
1 cast iron split bushing 3½" x 1 11/16 bore for steel split pully 12" diameter x 8" face
1 cast iron split bushing 2½ x 1 11/16" bore steel split pully 6" diameter x 10" face

It is recommended that these items be purchased as soon as possible.

130-7-5

Ottawa,
November 3, 1943.

Reverend Sir:

I am in receipt of the attached account from the Canadian National Railways, covering the cost of transporting two cartons of clothing to the McIntosh School. This clothing was forwarded to your school by the R.C.A.F. Station at Toronto on the request of this Branch. As you understand, clothing for pupils attending Indian residential schools is provided by the school management from per capita grant, or other receipts, and as a consequence when the Department arranges for supplying any Indian residential school with discarded military clothing it is felt that, as this is supplied free of charge, the school concerned should pay the carrying charges. This means that the school secures the clothing at a very reasonable cost. In view of what has just been said I feel certain that you will forward a cheque for $10.63 to the Canadian National Railways, Toronto, Ontario. This is the same procedure as is adopted in the case of discarded military clothing forwarded to other Indian residential schools throughout Canada.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

EX'D
A.

Dear Sir:

I have your letter of the 1st instant, enclosing account amounting to $13.63 covering the cost of transportation of clothing from the R.C.A.F. Station, Toronto, to the Principal of our Indian residential school at McIntosh, Ontario. These carrying charges are usually paid by the school management and I am writing to the Principal today requesting him to forward you a cheque for the amount of your account. If you do not hear from him within the next two weeks I should appreciate your advising me.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Memorandum

Mr. R.A.Hoey

We received today from the loc[illegible]
of the Canadian Fairbanks-Morse Co. Limited, a communication reading as follows:-

"With reference to the last three items of your order No. 21135 calling for round cast iron split bushings, we have received a letter from the manufacturers wanting to know the exact style of pulleys for which these bushings are required.

"On receipt of this information we will endeavour to make shipment as soon as possible."

The purchase order embodied all details regarding the bushings included in your requisition (file 130-7-5). Evidently the vendor wants to know the name of the manufacturers of the pulley, and the serial number or catalogue number of same. Please request the McIntosh school management to supply the above and any other information regarding the pulleys that will assist the vendor to procure the right kind of bushings.

Departmental Purchasing Agent.

Mr. C. Swartman, Indian Agent, Sioux Lookout, Ont.

With reference to your letter of October 20, forwarding list of fittings required to install the shaft in the laundry at the McIntosh School, I enclose a copy of a memorandum just received from the Purchasing Branch.

Please let me know as soon as possible the exact style of pulleys for which these bushings are required, also any other information regarding the pulleys that will assist us in securing the proper kind.

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:-

Re.information about iron split bushings we cannot furnish anything further than what is on the order list. These pulleys have been in use for nealy 20 years and no indications are to be seen
The only thing that could perhaps help is that they appeare to be " Oneida". But anyway if the order is filled as indicated there is no place for mistake

Yours very truly

Ottawa,
January 31, 1944.

Dear Father Plourde:

With reference to your telephone call regarding supplying additional paint for the [redacted], I would point out that on October 18, 1943, an order was placed with the Sherwin Williams Paint Company, Limited, for paint at a cost of approximately $105.00. Including this amount we have already expended at this school approximately $900.00, whereas only $700.00 was specifically provided in the current year's appropriation. The total, as just stated, includes the cost of the new kitchen oven.

Yours truly,

Philip Phelan,
Chief, Training Division.

Reverend Sir:

I enclose copy of purchase order No. 26562 covering material for repairing the McIntosh Indian Residential School. As the Purchasing Agent was unable to obtain suitable quotations on the two 3½" paint brushes, you may purchase these locally.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

McIntosh Indian Residential School
McIntosh Ont. September 2nd. 1944

Material required for concrete building 12'x 12' inside to be built immediately to receive bake oven recently supplied by the Department.

150 bags of portland ciment for walls & roof
4 steel I beams for concrete roof 6"high x 16' long or used rails of proper size
50 concrete rods ½"x 14'long
20 square yards 1" mesh wire netting

Required for Bake Oven

1 only No 2 L.L.10" Induction draught and exhaust fan for bake oven recently supplied by Department.

This fan of proper size and material to take care of hot gas and smoke from oven stove and at the same time ventilate the room, is availeble in Winnipeg at "Alpha Manufacturing Company Limited" Winnipeg, Man. for the sum of $169.00 The School supply the motor.

2 sheets 36"x 96" 16 gauge black steel for connecting same to oven and a short piece of pipe outside.

This plan eliminates a chimney which would cost very much more on account of its height (higher than the school) and of its size to stand wind pressure and also eliminates another type of fan for ventilating the room. Moreover, a chimney of this description would not be effective in winter or damp weather in summer, especially when used only every other day. Further more, it would require bringing a man of the trade to erect it, while the fan can be connected by the school mechanics.

This plan is guarantied by reliable experts in this line.

McIntosh Indian Residential School
McIntosh ,Ont September 3rd 1944

Re: Estimates for 1944 -5

1 Our scow that was built 20 years ago is absolutely gone,the wood is all rotten and can not be repaired. A new one is urgent for next Spring
The cost for material will be around $350.00

2 The main drive belt for the turbine is in use since 20 years,was repaired several times and we are afraid it brakes soon causing lots og damages.A new one is also urgent. The cost will be around $100.00

3 20 M shingles to cover the water pipe that was built last year. Cost around $200.00

4 105 bags of cement to make new saddles under the water pipe. Cost about $100.00

5 Paint.varnish etc. for many repairs to school and other buildings. Cost about $150.00

If possible we would like to have materials for scow this winter,so we will have time to make it for the spring

As for the belt,it would be preferable to have it now in case we have to replace the old one.

1[illegible]-7-5

Ottawa, September 13, 1944.

Dear Father Perrault:

The Reverend Father Plourde has left with me a summarized statement of certain repairs and equipment which appear to be more or less urgently required at the McIntosh Residential School.

In the estimates recently approved by Parliament, the sum of $300.00 was included for repairs [illegible]. In view of all the circumstances and our earnest desire to keep our residential schools in a reasonably good state of [illegible], I would be prepared to recommend an additional [illegible] fiscal year. It would be appreciated, therefore, if you would summarize your most urgent needs, the cost of which should not exceed this amount, and send them forward to us, together with any recommendations you may care to make, at an early date. It has occurred to me that these repairs should be undertaken at the earliest possible date.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ont.

Attention: Mr. Hoey

Dear Sir:

I am in receipt of a letter from Reverend Father C. Perreault, Principal of the McIntosh Indian Residential School, in which he requests the Department to supply, as early as possible, 4 I beams, 16' long, 20 steel rods, 18' long, and 18 square feet wire netting. The above is required for roofing the small school addition to house the bake oven. This building was made necessary to avoid the danger of fire. As the season is well advanced we would appreciate it very much if the Purchasing Department could supply these immediately and, if this were found impossible, if authority were given to the Principal of the school to purchase this material himself.

Thanking you in anticipation, I remain,

Yours very truly,

J.O. Plourde, O.M.I.

DEPARTMENT OF MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

JAN 6 1945

PLEASE QUOTE
FILE

Sioux Lookout, Ontario,
December 30th, 1944.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

During my recent visit to the McIntosh Indian Residential School, the installation of the new bake-oven was brought to my attention. This oven is installed in a new addition to the basement 28' from the main chimney. The oven manufacturers advise that the length of pipe from the chimney should not be over 10'. In this case it is impossible to have a shorter length than 28', due to the location of the chimney and oven. They also recommend a 10" pipe, whereas the old pipe was 7" and entered the same flue in the main stack or chimney as the steam boiler and laundry. The former arrangement was very unsatisfactory, as the flue was not large enough to take care of all (boiler, laundry and oven) at the same time.

The alternatives to put the oven in working condition
1. Build a chimney which would be high enough to main building and large enough to withstand wind . This would mean a chimney 55 - 60' high, and would wires. The estimated cost for such a chimney from $30[illegible].

2. To have an iron stack, specially made, of proper size and height to clear the buildings. The main objections to a steel smoke stack are that unless it is properly insulated there is a great deal of condensation. In this case, where the oven is only used every second day, the condensation would be even greater than if the stack was in use continually. We are unable to submit an estimate of the cost to manufacture a stack of this description.

3. The third alternative would be to install a special induced draft system. This would mean a short piece of iron smoke pipe extending 6' above the roof with an induction draft fan. The Alpha Manufacturing Company of Winnipeg quote a price of $235.00 to supply all necessary equipment for this installation.

It is recommended that this equipment be provided, lieve it would prove highly satisfactory as well as stly, and would also eliminate an additional chimney r smoke stack on the West side of the School which would letract from the appearance of .

Bien cher Pere:-

Please find inclosed details required by Mr.Davidson re belt for Water Turbine to line shaft. Owing to fixed position of both shafts,this belt cannot be made endless because it has to be cut when necessary to tighten. · Size of belt is 40 feet long,8"inches wide. If rubber not less than 10 plies;if leather,it must be double extra quality GraKnight or Neptune belting. Speed of belt in feet per minute 4275

Will you please show enclosed leaflets to Mr.Davidson to give an idea where to get these grades of belting.

Please rush this belt to us,for the old belt is worn so badly that we have to watch it all the time when there is a little more than half load on. If it should slip off the pulleys no one could tell the damage that can be done to automatic governor or other machinery.

(a) Exact length 40 feet

(b) Lap extra

(c) Ashdown grade of belting is only medium

(d) Neptune belting mentioned on enclosed leaflets will have all the characteristics required.

Ottawa, January 30, 1945.

Dear Father Plourde:

With reference to our recent conversation, I enclose copy of letter received from [illegible] which he considers necessary at the McIntosh Residential School. You will note that the belts mentioned by the Agent are considerably different from the ones requested by the Principal. I appreciate your offer to look into the matter and let us know exactly what is needed.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

McIntosh Ont. January 17th. 1945

Mr. Gifford Swartman,
Indian Agent
Sioux Lookout, Ont.

Dear Sir:-

Reply to your letter of Jan. 13th. File 144-7M

As requested, here is the explanation of the difference in price given by the Alpha Manufacturing Co.

The former plan furnished by one of the Company who was not an engineer and it comprised only one fan which had to be placed in the course of the pipe near the oven and through which the hot smoke or gas were to pass. This plan was not approved by their engineer for the reason that such hot smoke would have burned the fan in a short time, and consequent heat transmitted to the pully would been very injurious to the belt. Same estimate comprised only the fan; piping was to be made here, whereas the last estimate include another type of fan outside of the smoke pipe, all the piping and the bracket to support motor and fan.

It is our wish that this Company should be favored with this order because, by their experience, they have really solved our problem in a way much cheaper than a brick chimney or steel stack.

If you think a copy of the Alpha quotation were included, will satisfy the Department. We would like to keep the original in the case the Department would refuse to supply it.

Yours very truly.

OFFICE OF THE
INDIAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES.
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 144:7M

Sioux Lookout, Ontario,
January 27th, 1945.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

I wish to acknowledge Mr. Phelan's letter of January 10th, File 130-7-5, referring to the installation of induced draft fan in connection with the new bake oven at the McIntosh Indian Residential School.

We took up the matter of a difference in the estimated cost with the Principal, and he has explained the subject in the enclosed letter. I was not aware that there had been an estimate of $169.00 already submitted but apparently the equipment to be supplied at this figure would have been inadequate. The last quotation does not include electric motor, as the School authorities will attend to that themselves.

I am enclosing herewith copy of letter from the Alpha Manufacturing Company specifying the induced draft fan etc, also sketch showing sectional view of the layout.

As indicated in previous correspondence, this appears to be the only logical installation for the oven, and I doubt if it would be more expensive than constructing a huge brick chimney or having a special steel stack constructed.

G. [illegible],
Indian Agent.

Re: New Bakery, McIntosh School.

The Department has supplied a new bake oven for the McIntosh School and to install this oven it was necessary to enlarge the room used as a bakery. This addition measures 14'x14' and is 12' high. It is built entirely of cement and will later inside be lathed and plastered.

The chimney used before is now toofar away and cannot be used. A new chimney would need to be 50' high and as only a 10" flue is required such a chimney standing by itself would not withstand the wind. The original chimney, which is used for the furnace, is 4" square at the base and over 50' high. A suitable brick chimney would involve a heavy expense. The alternative proposed is to build a low chimney and use the inductive draft method. The draft of the chimney is increased by use of a fan operated by a motor. The complete unit is manufactured by the Alpha Manufacturing Company, of Winnipeg, and Brother Gauthier states the price to be $225.00.

The installation of the oven is about completed and I recommend that the Principal be authorized to purchase the inductive draft unit outlined above. I doubt if the cost would exceed the price of a large brick chimney, and Brother Gauthier states he is confident the system will give better results.

This matter should be authorized at once so the equipment can be obtained and the bills submitted prior to the 31st of March.

Re: Belting Required at McIntosh School.

I understand this matter has already been submitted for approval. Two belts are needed.

1. The belt now in use on the second dynamo is no longer safe. It is badly checked with several cracks through the leather and part way across the belt. The belt required is a "Neptune" - 6" wide and 21 ' long, heavy duty, endless and is manufactured by Canadian Oraton and Knight Ltd., 84 St. Antoine Street, Montreal.

2. The other belt is the main driving belt from the turbine to the line shaft. It is 8" wide and 40' long (one long piece the two ends of which can be laced on arrival). If rubber belting is supplied it should be not less than 10 ply - if leather, the same quality as that outlined above. The present belt is 20 years old and has had continuous service day and night. The edge (both sides) is worn thin back 1¼" and so the driving power is reduced by 2½ inches. The belt looking surface power is inclined to slip; then when it takes hold of the load it tends to run off the pulley. If this belt should run off (and it is doing 24-hour duty) a serious breakage to the turbine might occur and the school would be left without light or water. It would necessitate closing down. I recommend that these belts be purchased at once, and thus eliminate the possibility of breakage.

A.G.Hamilton,
Inspector of Indian Agencies
for Manitoba.

130-7-5

Ottawa, February 17, 1945.

Reverend Sir:

The Department is in receipt of a recommendation from Inspector Hamilton that the following belting be supplied at the McIntosh School:-

1. Belt for second dynamo - belt 6" wide and 31' long.

2. Main driving belt from the turbine to the line shaft - belt 8" wide and 40' long.

In a communication received from Father Plourde at the end of January, he requested for your school a belt 40 ft. long by 8" wide. Detailed information regarding this belt was contained in your letter to Father Plourde of January 21, 1945. We have submitted this request to the Purchasing Branch, and it would appear that this is the same belt as mentioned above in Mr. Hamilton's letter.

Under the circumstances, the only additional belt we are ordering now is the one for the second dynamo.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Ottawa, February 17, 1945.

Mr. A. G. Hamilton, Inspector of Indian Agencies,
589 Dominion Public Building, Winnipeg, Manitoba.

With reference to your letter of the 12th instant, regarding belts required at the McIntosh School, I enclose, for your information, a copy of a letter being sent to the Reverend Principal.

Regarding your recommendation for an induced draft fan for the bake oven, I may say that a similar request was received on February 1 and on February 6 an order was placed with the Alpha Manufacturing Company, Winnipeg, Man.

Philip Phelan,
Chief, Training Division.

McIntosh Indian Residential School
McIntosh Ont. February 21st. 1945

Mr. Philip Phelan,
Chief, Training Division.
Ottawa, Ontario.

Dear Sir:-

Re. Inspector Hamilton's letter, your opinion is right. The 40' x 6" mentioned by Rev. Father Plourde is the same as that recommanded by Mr. Hamilton.

At the time of Mr. Hamilton's visit to this School we had not heard anything from the Department regarding this. Since, we have received notice that this 40' x 6" belt had been purchased but as far as to date we have not received it yet.

The 21' x 6" Dynamo belt is also very urgently needed. Please have this belt made endless and of best Special " Neptune " Water proof Double leather Dynamo belting. Rush shipment please.

Yours very truly

C. Perreault O.M.I.

Principal

Memorandum:

DEPARTMENTAL PURCHASING AGENT.

I desire to refer to our requisition of January 6 and your memorandum of January 10, with regard to the tender received from the Cusson Lumber Company, St. Boniface, Man., for material required for a barge for the McIntosh Residential School. For your information I enclose quotation dated September 2, 1944, for the material requested. This quotation includes sales tax but does not include the cost of freight from Winnipeg to McIntosh.

Philip Phelan,
Chief, Training Division.

Ottawa, March 2, 1945.

Reverend Sir:

The attached account has been handed to me by Rev. J. O. Plourde, O.M.I. Payment of this account cannot be considered at the present time, due to the fact that it is not itemized. It would be appreciated if you will arrange with the Manitoba Bridge and Iron Works to prepare another account, showing the cost of each item mentioned on the account. We have already received the freight receipt for $6.65, which we are holding until we receive the amended account.

Yours very truly,

Encl.

Philip Phelan,
Chief, Training Division.

Schools:

During the quarter visits were made to both the McIntosh and Sioux Lookout Indian Residential Schools. At McIntosh an attempt was made to have the children familiarize themselves with the outside pole-type fire escapes. The boys were very proficient but the girls, especially the younger ones were unable to use the escape with any degree of confidence. However, the Reverend Principal Assured me he would see to it that they had plenty of ~~ex~~ practice in future. I might add that under certain conditions in the winter months, the iron pole fire escapes are dangerous for the inexperienced.

At the Sioux Lookout School the poles are inside the building. This arrangement permits the pupils to have more practice, although the efficiency of the arrangement is open to question. At the Sioux Lookout School twenty-two of the older pupils are enrolled in the Air Cadets. They are being trained by Miss Richardson, a staff member who was previously in the Women's Division of the R.C.A.F. These boys are all greatly interested in this movement and look very smart in their uniforms.

At both Residential Schools in this Agency lack of recreational and athletic opportunities is very noticeable. I believe that much more thought should be given to this phase of school life, as the Indian children seem to enjoy sports and games even more than our own children do. Under proper supervision this would go a long way toward developing character and physique.

Re:- McIntosh Indian Residential School.
Necessity of outboard motor.

My dear Mr. Phelan:

Would it be possible for the Department to secure and pay for an outboard motor of five horse power for the above school. You know that recruiting for this school is done mostly over the waters. For instance, in our travel back and forth from McIntosh to Grassy Narrows, a distance of over 40 miles, the only known road is the water one. This applies to other parts of their territory. Consequently, an outboard motor is of vital necessity for recruiting and I hope that if one of these motors can be had at the present time, that you will willingly supply it. I understand that a smaller motor than the one asked for would hardly be advisable as the distances are long, the lakes are rough and consequently they have to use larger boats than they might otherwise.

Hoping that you will give this matter your sympathetic consideration, I remain,

Very truly yours,

J.O. Plourde, O.M.I.

61326-15-40

Purchasing Division

Ottawa, November 8, 1945.

Memorandum:

Mr. C. W. Jackson.

The attached requisition from the Indian Affairs Branch requests the purchase of a 5 H.P. outboard motor for the Indian Residential School at McIntosh, Ontario.

This motor is to be used in connection with recruiting for the school, one Reserve being approximately 40 miles from the school and the only method of transportation is by water. The Evinrude 5½ H.P. motor costs $160.20, and the 5 H.P. Johnson motor $153.00, f.o.b. McIntosh, Ontario.

Please advise me what action you wish taken in connection with this request.

H. J. Davidson,
Departmental Purchasing Agent.

[redacted]

DEPUTY MINISTER.

[redacted] reference to the attached [redacted] from Mr. Davidson to [redacted], I may say that a request similar to that of the [redacted] School has been received in the past from two or three of the Indian residential schools which are located beside a lake.

The school management is responsible for bringing children to the school and returning them home for holidays; consequently, when the Indians concerned reside along a waterway which is the only method of transportation during the summer months, it is essential that the school have a boat. The McIntosh School has not sent us any large accounts for transportation of children to and from the school. Under the circumstances, I believe that this motor boat should be supplied.

Director.

Re: Paint and typewriter for McIntosh Indian School.

Attention: Mr. Phelan.

Dear Mr. Phelan:

Would it be possible to supply the following quantities of paint and accessories, for the above school:

1) 5 gallons of varnish
2) 10 gallons of lionoil
3) 2 gallons of turpentine
4) 10 gallons of green ciment paint
5) 400 pounds of white lead
6) Brushes: 2 - 4inches
2 - 3 inches
and 2 - 2 inches.

As soon as typewriters can be had, Father Perreault would certainly appreciate it, if you could send him one, as the only machine now in the school is an continual use in the class-room of the older girls.

Yours very truly,

Dear Father:

We have just received a letter from the Rimus Leclerc Company Incorporated of L'Islet Station, Quebec, enclosing a Railway express receipt for the amount of $5.05. In your letter of July 11th, you stated that you paid this express bill. It is apparent that a mistake has been made on the part of the Railway Company for charging you express for articles which were sent prepaid.

Sincerely yours,

Bernard F. Neary,
Supt. of Welfare & Training.

THE PLAUNT HARDWARE CO.,
322-324 Sparks St.,

Ottawa, October 4, 1946.

Department of Mines & Resources,
Purchasing Division,
Ottawa.

Gentlemen,-

As you were aware we were compelled to send [redacted] at Peterborough, in order to assure that firm that we were not cheating and also to assure your departments [redacted] available.

Your Order #6685 was duly forwarded and the [redacted] to Rev. Father C. Perrault, O.M.I., Principal, Indian [redacted] 1945. The Johnson Motor Co. returned this order to us [redacted] we shipped [redacted] thinking he had not received a motor yet. This means that the Rev.Father has received two motors instead of the one intended.

Will you kindly let us know your pleasure herein, when we will do our utmost to straighten this error to your satisfaction.

Yours truly,

PLAUNT HARDWARE CO.,

OTTAWA October 7th, 1946.

Indian Affairs Branch.

Attention: Mr. R.A.Hoey.

I am enclosing a copy of a letter from the Plaunt Hardware Company, Ottawa, from which you will note that two motors were shipped to Father C. Perrault, O.M.I, McIntosh, Ontario, while our Purchase Order 6885 called for one motor.

Please advise me if two motors were received, and,if so,is it the intention to leave the extra motor at McIntosh, have it returned to Ottawa for shipment elsewhere, or if it is to be returned to the Plaunt Hardware Company.

Re: Canoe Freighter for McIntosh School.

Attention: Mr. P. Phelan.

My dear Mr. Phelan:

The McIntosh School is in need of a small canoe freighter, 18 feet long, to be operated by an outboard motor for the purpose of transporting children to and from the school. It will also be needed for recruiting purposes. I am informed that this canoe is made by the Peterborough Boat Company of Peterborough, Ontario and that the price is $165.00.

Please let me know if the school can depend on receiving this from the Department.

Thanking you in anticipation I remain,

Yours very truly,

J.-O. Plourde, O.M.I.

Referring to Mr. Phelan's letter of October 10th, File 130-7-5 (W. T. 1) I wish to advise that we have been informed by Reverend Father Comeau that both outboard motors were received at the School during the summer and that both have been used.

The Reverend Principal states that he was not present when the last one arrived, but understood that a tourist had sent it in appreciation of services rendered by one of the Brothers. Father Comeau also states that no invoices were received until recently.

Please advise what action should be taken.

130-7-5- (W.T. 1)

Ottawa, 18 November 1946.

Mr. G. Swartman, Indian Agent,
SIOUX LOOKOUT, Ontario.

We desire to refer to your letter of Oct. 31st with reference to two motors received at the McIntosh School.

Only one motor wasoriginally ordered and we would like to know why the second motor was retained and for what purpose it is being used.

When the second motor arrived, the Principal should have notified your office so that you could in turn advise us.

As the matter stands now it will be very difficult to obtain the approval of the Purchasing Division and this will likely necessitate payment for the second motor being made by the school management from their own funds. However, before making a final decision, we will await a further reply from you which should be sent as soon as possible.

Bernard F. Neary,
Supt. of Welfare & Training.

E OF THE
IAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 144:7M

Sioux Lookout, Ontario,
November 21st, 1946.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

I wish to acknowledge Mr. Neary's letter of November 18th, File 130-7-5 (W. T. 1) with respect to the two outboard motors received at the McIntosh Indian Residential School during the past season.

The Reverend Principal's letter in explanation of this error is attached hereto. I might say that we apparently had no information or advice that the motor had been ordered for the School, otherwise we would have been in a position to check on its arrival.

It is suggested in future when equipment is being purchased for the Schools in this Agency through the Central Purchasing Office, that we be furnished with a copy of the Purchase Order or a letter advising that the purchase is being made, somewhat along the same lines as your recent advice regarding the purchase of a Stove for the Sioux Lookout Indian Residential School laundry.

130-7-5 McIntosh Ont. #5

Indian School , Mc. Intosh, Ont.
February, 27th. 1946.

Mr. Philip Phelan, Chief Training Service,
Ottawa Ont.

Dear Sir.

The Plaunt Hardware Co are sending me their bills for an Outboard motor that we used all Summer. I regret that as a new Principal here I unawared that this motor has been forwarded as the result of a mistake on the part of the Company.

It appears that the Staff members were under the impression that the second motor had been sent by a tourist, who had promised to provide same free of charge. The thought in this matter was strenghtened by the fact that the account covering the cost of the second motor only reached us later on.

Whilst we only asked for only one motor last spring, to save expenses to the Department, we really required two for the use of the School. You know that we are three miles from the Station and all our freighting and other trips to the station have to be made by boat. Furthermore,we need an outboard motor for recruiting purposes, as many of our children can only ~~ddd~~ be reached by water over fairly long distances.

We have found these motors of great advantage.As they will be used in the future for the welfare of the Shool children ,we hope that the Department will pay for both of them.

Yours very truly. C.E. Comeau O.M.I.

Ottawa, March 4th, 1947.

Memorandum:-

DEPARTMENTAL PURCHASING AGENT

With reference to our memorandum of November 5th and your reply of November 14th, with reference to the second outboard motor shipped to the [illegible] Indian Residential School, we are in receipt of another letter from the principal of this school which reads as follows:

"The Plaunt Hardware Co. are sending me their bills for an Outboard Motor that we used all Summer. I regret that as a new principal here, I was unaware that this motor has been forwarded as the result of a mistake on the part of the Company.

It appears that the Staff members were under the impression that the second motor had been sent by a tourist, who had promised to provide same free of charge. The interest in this matter was strengthened by the fact that the account covering the cost of the second motor only reached us later on.

Whilst we only asked for one motor last spring, to save expense to the Department, we really required two for the use of the School. You know that we are three miles from the station and all our freighting and other trips to the station have to be made by boat. Furthermore, we need an outboard motor for recreational purposes, as many of our children can only be reached by water over fairly long distances.

We have found these motors of great advantage. As they will be used in the future for the welfare of the school children, we hope that the Department will pay for both of them."

In view of the above we would appreciate it if you would review the matter and issue a purchase order so that we may pay for the second motor which, apparently, is required at the school.

I am returning our requisition in the hope that you will find it possible to consider the matter favourably.

Ottawa, March 28th, 1947.

Dear Sirs:-

Re Purchase Order 14524

The above was issued on November 1st, 1946 ordering a Peterborough canoe to be shipped to the principal of the Indian Residential school, McIntosh, Ontario. We have not received any account covering the cost of this canoe and, therefore, presume you have not shipped it.

Please let me know at once when you expect to be able to deliver this boat.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare & Training.

March 19 1947

Mr.C.Swartman, Indian Agent,
Sioux Lookout, Ont.

Dear Mr.Swartman,

Enclosed herewith is an opportunity offer of a stationary Air Compressor Unit,from a very reliable firm. Our engineer has examined it thoroughly and found it in first class condition at a bargain price.

An efficient high pressure compressor,such as this one,has been wanting here at the McIntosh School,for a long time and it has become a very necessary equipment in our machine shop; for repair work on electric and gasoline motors, and so many other purposes. It is further intended to serve the purpose of our old homemade water tank compressor which is now inefficient and would otherwise need to be renewed.

We beg that you kindly take notice of this special offer and promptly recommend the purchasing of above equipment to the Department before the end of the fiscal year.

Yours very sincerely, J. E. Commeau O.M.I.

The Secretary,
Indian Affairs Branch,
Ottawa.

My dear Mr. Phelan,

I am enclosing invoice in triplicate for work done by the Brett Construction Company of Kenora, on the grounds of the McIntosh Indian Residential School. This was authorized by the Department and I hope that there will be no bother about this payment. I should have forwarded it to you sooner but it reached me here in Ottawa whilst I was away and it is only today that I am able to attend to it.

Yours very truly,

J. O. Plourde, O.M.I.

Indian School, Mc. Intosh, Ont.
Oct. 6th. 1947.

Mr. G. Swartman, Indian Agent,
Sioux-Lookout, Ont.

Dear Sir.

On the occasion of your last visit to the School, Dr. Bell, pointed out, that the cause of the hight rate of sickness amongst our girls, was the unfitness of the basement class rooms.

These rooms are cold and damp. The sun rays never penatrate into them. And to add to this all, at the epock of heavy rains, water infiltrates into the school, through the concrete foundations at the North west corner of one of the classroom. The girls have to sit for hours in this chilly atmosphere, their feet on the concrete floor.

We have on the secound floor, a space suitable for two class rooms. It is on the actual play room of the girls. Over there it is warm and confortable. There is plenty of sun-light. In every respect, more suitable than down stairs.

This place, is also used as a reception room, at the occasion of Christmass entertainment and on other occasions. The stage could be transported down, and rebuilt exactly at the same place, because the two floors have identical dimmensions. This will eliminate the inconvenient caused by the infiltration of water, leaving a space between the two floors.

This cannot be done without expenses. Itm will take lumber for two partitions between classroom, leaving space for a corridor between. Down stairs, in the new play room, it will take three water closets and six wash bassins. And also lumber for lavatory room.

It will therefore require about 2000. feet of quality lumber, which will amount delivered here, to about $ 350.00. Let us say, about $ 150.00 for the water works, and $ 150.00 for lator.
Total amount $ 500.00.

As this is in the interest of the Department, who have to spend so much money for the health of the indians children, I do not hesitate to make this requisition of $ 500.00 in order to to be able to proceed in making this necessary transformation, without delay. With the hope that you will be successfull, I remain.

Yours truly:

C.E. Comeau O.M.I.

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

FILE 141:721

Sioux Lookout, Ontario,
October 7th, 1947.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

Enclosed herewith please find memo from Rev. Father Comeau, Principal of the McIntosh Indian Residential School, with respect to changing the basement classroom to the upstairs recreation room, and having the recreation room in the basement.

Doctor Bell recommended this move in his June monthly report. In discussing the matter again yesterday with him he strongly urges that this be attended to without further delay, as he feels it is actually detrimental to the health of the children to be confined to the basement classroom.

Will you please advise as soon as possible if a grant of $500. will be allowed for the purposes mentioned, in order that the work may be completed before the cold weather sets in.

Re: Nutritional Report on
McIntosh Indian Residential
School

My dear Mr. Phelan,

Under the heading of "Facilities", your nutritional inspector recommended the following equipment for the above school:

1. Suitable dishwashing unit.
2. Potato Peeler.
3. Replacement of old and unserviceable bread slicer.
4. Electric mixer.

It will be appreciated if you can supply the above at an early date.

Yours very truly,

Dear Father Plourde:-

We have your letter of the 24th instant with reference to certain equipment which the Nutritional representatives of the Department of National Health and Welfare suggested should be placed in the McIntosh Residential School.

As you are aware, it has not been our practice to supply equipment of the kind mentioned in your letter and at the present time no funds are available for the purpose. Your request will receive further consideration after April 1st, 1948.

Yours sincerely,

Bernard F. Neary

190-7-5 (E.1)

Ottawa, March 16, 1948.

[illegible]

I have your letter of the 11th instant, file 144:7M, enclosing letter from the principal of the McIntosh School requesting the expenditure of $3,500. for repairs and new equipment.

From recent correspondence you are aware that we intend to construct a new road if satisfactory arrangements can be completed, and funds have been provided for that purpose.

In addition to funds for the road, we have provided an amount not exceeding $900.00 for repairs and improvements and purchase of new equipment at the McIntosh School. The principal should, therefore, decide what repairs and new equipment is most urgent this year and advise you so that you can communicate with us. It should be distinctly understood that this [illegible] amount; we will decide what we can do when we receive a further letter from you.

We also find it necessary to return your voucher No. 177. There are two items on the principal's account, one for $175.37 for material for plumbing and the second for $150.00 for lumber. Before payment for these items can be made to the school, we require [illegible] purchase was made. Please have this voucher returned to us as soon as possible as we desire to pay it from the current year's appropriation.

[illegible]
Superintendent of Education.

[redacted]
J[redacted]-7-5 (7).

Ottawa, April 2, 1948.

Dear Sir:

Attention: Mr. James Finton.

McIntosh Indian Residential School,
McIntosh, Ontario.

It is understood that you recently discussed with our Superintendent of Education, the possibility of having a road constructed to the above noted school.

There are two alternatives for the construction of a suitable link between this school and the existing road:

(1) From McIntosh School via McIntosh Station to connect with the road constructed last summer by the Ontario Minnesota Pulp and Paper Company for winter hauling. This has been marked one on the attached sketch plan.

(2) The road from McIntosh into the school via McIntosh Railway Station to connect with the road from Alexandria Bay and Vermilion Bay. This has been marked two on the attached diagram. It is understood that there was a road location survey made of this proposed road in 1935. Unfortunately, this latter course requires twelve miles of road and would be a very expensive proposition.

Therefore, we requested Mr. G. Swartman, our Superintendent of Sioux Lookout Agency to discuss the situation with Mr. Kelly, your District Engineer at Kenora. We were advised that the official requested our assurance that the Department would share in the expense for the construction of the road outlined in blue on the above.

Indian Affairs. (RG 10, Volume 6220, file 472-5, part 7)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Mr. C. Swartman also took this matter up with the officials of the Ontario Minnesota Pulp and Paper Company at Kenora. Mr. Swartman advised that the road which they built last Summer from Quibell to the east end of the lake near McIntosh, is a good one and that he feels that the Company would allow us to use it.

It would be appreciated if you could advise us as to the possibility of sharing the construction of the road from the McIntosh Indian Residential School to connect with the Ontario Minnesota Pulp and Paper road as described in bracket one above.

Yours sincerely,

[illegible]

The Municipal Roads Branch,
Department of Highways,
Queens Park,
Toronto, Ontario.

Mr. C. Swartman ,Superintendent,
Indian Agency, Sioux Look-Out Ont.

Dear Sir.

The School Mecanic tells me that the power belt which operate the dynamo,due to a flaw in the leather,is expected to break at any moment.

This belt was bought by the Department,about six years ago. It is 40 feet long,~~8~~eight inches wide ,and its minimum thickness is six plights. It does not matter much ,if it is leather or rubber.

Would you give your immediate attention to this matter,because a delay in procuring a new belt might be the cause of grave inconvenients.

Yours truly:

C.F. Comeau

DEPARTMENTAL PURCHASING AGENT.

Re: McIntosh Residential School.

This is a Government owned school and in order to provide increased playroom space in the basement, we advised the Principal that we would allow an amount not exceeding $500.00. It was understood, of course, that he would submit requisitions for the material required. However, the Principal proceeded with the work and has enclosed the attached voucher with receipted accounts. Indian Superintendent Swartman states that the work has been satisfactorily completed and we would appreciate it if you would issue a Purchase Order so that the account may be paid. The coding is as follows:

472-516-10-691.

Bernard F. Neary,
Supt. of Indian Education.

This space for use of Head Office only

Requisition No. 83366

Order No.

July 20th 19 48

(File: 1[illegible]-7-5)

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF [illegible]

ALLOTMENT ALLOCATION STAMPS

SHIP TO Rev. C.E. Comeau, O.M.I., Principal, McIntosh Indian Residential School, McIntosh, Ontario.

Purpose for which required Above school.

QUANTITY		UNIT PRICE	TOTAL
1	Heavy leather belt, 2 ply, extra quality, 40 ft. long, width - 8", plus lap. Gra-Knight Neptune quality.		
	Note: Superintendent Swartman advises that the above is required at the earliest possible date for the McIntosh School as the present belt is apt to break at any time, and if so, the generator could not be operated. The belt at present in use was purchased from the Canadian Fairbanks Morse Co., Ltd., Sparks St., Ottawa, see your purchase order No. 746, January 31st, 1945, your file 56,310-15-2 Ont.		
	While the belt should be delivered as shown above, the account should be sent to Mr. C. Swartman, Superintendent, Indian Agency, Sioux Lookout, Ontario.		

I hereby certify that I have personal knowledge that all the articles specified herein are required for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

(Signed)

APPROVED

B. F. NEARY

for Director

NOTE:— 1. In ordering stationery and printed matter use separate sheets.
2. Order numbered forms by number or send sample
3. Orders for unnumbered forms should be accompanied by samples
4. Orders for books should be accompanied by sample pages or folios
5. Orders for which purchase orders will issue should give as full details as possible for each item
6. All Requisitions should be submitted in duplicate. One copy will be returned as acknowledgment

Dear Mr. Swartman:

Re McIntosh School

I have repaired the refrigeration unit at McIntosh school, and find it in poor condition. The compressor and controls are badly worn, and the tubing corroded. I have put this machine in working order for the present, but cannot guarantee how long it will operate.

Owing to the fact this school is located in an out of the way place, I would recommend replacing the present open type unit with a sealed unit which will give years of satisfaction.

If you should decide to put in a new unit I would be pleased if you would give me the opportunity of quoting you a price.

Yours truly,

R. Lawler

SEP 18 1948

Sioux Lookout, Ontario
September 15, 1948

Indian Affairs Branch, Department of Mines & Resources, Ottawa

We are enclosing herewith a letter recently received from Mr. Lawler dealing with th e refrigerator at the McIntosh Indian Residential School. Following Colonel Neary's suggestion that we be on the lookout for a good used unit, I believe the General Electric in Winnipeg has a machine that should fill our requirements. I asked the General Electric service man to call at McIntosh today where he is to get in touch with the Reverend Principal and go into the matter thoroughly.

The refrigerator I have in mind is a 6'9' walk-in type and recently completely reconditioned. It will cost approximately $500.00 delivered to McIntosh. There is no question that a good refrigerator is badly needed at McIntosh.

Mr. C. Swartman,
Superintendent,
Indian Agency,
Sioux Lookout, Ont.

We have your letter of the 15th instant with reference to the refrigerator at the McIntosh School.

Please let us have full particulars regarding the unit which you state you can secure from Canadian General Electric in Winnipeg.

It is doubtful if we will be able to provide the funds for the purchase of this unit during the current fiscal year.

Dear Sir:

Re: Purchase Order 3284
dated August 4, 1948.

The above order covers one motor driven wooden washer for the Indian Residential School at McIntosh, Ontario.

In a letter just received from the Indian Superintendent, Mr. Swartman, he states that the washer has not yet reached the school. Please let me know when you will be able to ship it.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Indian School, Mc. Intosh Ont.
Nov. 25th. 1948.

Mr. G. Swartman, Superintendent,
Sioux Lookout ,Ont.

Dear Sir.

The washing machine is not here yet here ,but when You left yesterday,I took the measurement of the old machine. I realize that the new one is exactly the same size as the old one. It is regretable that this mistake has been done. The size needed here is 40 x72 .

I wonder if the other could be returned before onloading it, and replace by a bigger one. I regret very much to cause you so much trouble. You understand how important it is to have the right kind of equipment,at the school. I thank You much.Yours very truly;

C.E. Comeau O.M.I. Principal.

Sioux Lookout, Ontario
November 27, 1948

Indian Affairs Branch, Department of Mines & Resources, Ottawa

We are enclosing herewith a letter from Father Comeau of the McIntosh Indian Residential School. Apparently he is of the opinion that the new washing machine is much too small for the school. Please advise if we might exchange it for a larger size approximately 40 x 72.

With the old machine they required at least two days a week to do the school washing and the Principal feels that with a larger unit the work could be accomplished in part of one day.

Your early advice will be appreciated.

Indian Residential School

M. Island, Ont

Dec. 16th. 1948.

Mr. C.Swartman,Superintendent,
Indian Agency,Sioux-Lookout, Ont.

Dear Sir.

We have bought a small "Oliver Cletrac no 42-drawbar-H.P. 18,for the School-farm. We expect it around the first of January. At the same time, we tried to buy a breaking plough,but without success so far.

This item is absolutely indispensable on the farm. With a good breaking plough,we would be able to cultivate about 75 acres of good new land. This would provide us with the feed needed for the coming year. This means a saving of approximatly one thousand dollars.

I thought that may be,You would be able to interest the Department of Indians Affairs to buy one for us. If not a new one,perhaps one from the "War Assets. Of course,I would like the Department to pay for it. But if not possible ,I am willing to pay for it. Otherwise we would be obliged to buy more hay ,next year.

I wish to thank you for your trouble.I am Yours very truly:

C.E. Comeau o.m.i

I am enclosing herewith a letter recently received from the Reverend Principal of the McIntosh Indian Residential School wherein he points out the necessity for a good breaking plough. Last fall they attempted to plough some of the new land with an ordinary field plough but their efforts were not very successful, consequently, I would recommend that a breaking plough be supplied for use in the spring providing funds are available.

File 144: 7M: 3

Sioux Lookout, Ontario
December 22, 1948

Department of Mines & Resources
DEC 27 1948

Indian Affairs Branch, Department of Mines & Resources, Ottawa

I wish to acknowledge Colonel Murray's letter of December 1, File 472-5, with correspondence attached referring to the McIntosh Indian School road.

Referring to the proposed reply to Mr. Low of the Ontario-Minnesota Pulp and Paper Company, I am in accord with the alternative suggested by Mr. Battiste, however, it should be borne in mind that we are using a good many miles of road constructed by the C & M and I believe it might pay to be a little more conciliatory. It is my suggestion to submit a proposal such as extending the road along the south side of the C.N.R. track approximately two hundred yards eastward and having a new crossing installed there at some future date or when the present crossing and right-of-way is found to interfere with their operations. The extension of the road eastward paralleling a right-of-way should not be an expensive proposition as there is no rock to contend with. There is, of course, the possibility that we may never have to do this as there should be ample space for piling. The crossing is over the main line west of the switch, consequently, it would hardly seem logical that the company would pile wood except along the spur where it could be readily loaded into cars.

I believe that if our crossing did actually interfere with the piling ground we could have the C & M with their equipment extend the road south of the track to point at the east end of their piling ground at very little cost to the Department.

, March 9, 1949.

Mr. C. Swartman,
Supt. of Indian Agency,
Sioux Lookout, Ontario.

This refers to your Voucher No. 582 dated September 3rd, 1948 in favour of Dufault Sheetmetal and Retinning Company, St. Boniface, Manitoba for galvanized pipe for repairing line to the barn at the McIntosh Indian Residential School, including freight charges $26.69.

This voucher was put through for payment in the usual way and a cheque for $26.69 was forwarded to the firm. We are now in receipt of a letter from the firm which reads as follows:

" According to our records we got a payment from you for "26.69 May 19th, 1948 for invoice No. 10830.

In the month of October we got another cheque for the same amount which we are returning to you, figuring it doesn't belong to us as according to our books we had only one entry for McIntosh Indian Residential School".

Would you kindly ascertain from the Principal, whether he has paid the firm himself and the voucher should have been made in his favour. If so, please do this. If not, is there any other reason for this letter.

Bernard F. Neary,
Supt. of Indian Education.

We have your letter of the 21st instant in which you advise that the Principal of the McIntosh School paid from the school funds an amount of $26.69 covering the cost of galvanized pipe ordered by the Department from Dufault Sheetmetal and Retinning Company.

In order to obtain a refund of the money, to pay the Principal the amount which he has expended in this particular regard, you will have to forward a new Voucher explaining the transaction. You should also attach to it a receipt from the Company to Father Comeau.

Re: McIntosh Indian Residential School
Your File: 144/13-1-472

We have your letter of the 13th instant with reference to a refrigerator for the above school. We have reviewed our file but have been unable to locate the quotation on the refrigeration equipment to which you refer in your letter of February 21st. Presumably, it was returned to you with our letter of March 3rd.

The Principal should give this matter further consideration and obtain detailed information regarding the type of refrigerator which he thinks is necessary, and if he has the quotation it should be returned to us. We will require very specific information about the equipment required before we can place the matter before our Purchasing Agent.

MEMORANDUM

Re: Water Supply - McIntosh Indian Residential School, Ontario.

Attached in duplicate are reports on chemical and bacteriological analyses of the water used at McIntosh Indian Residential School, as received from the Department of National Health and Welfare.

In his covering letter Mr. J.R. Menzies, Chief of the Public Health Engineering Division, states that no satisfactory explanation can be given for the contradictory results of the two bacteriological analyses, and further samples will be submitted when convenient.

In the meantime precautions should be taken to avoid possible disease from the water which might be subject to contamination.

DEPARTMENTAL PURCHASING AGENT

Re: Refrigeration Equipment for
[redacted]tosh Indian Res., School

Your file 95437-4-16

Referring to your letter of August 10th in connection with the above subject matter, we have now a reply from the Chief, Engineering and Construction Division reading as follows:

"In our opinion the most favourable tender is that of Fleming-Pedlar Limited as their price in the amount of $1,573.00 is the lowest and fulfills the requirements of the specifications and is f.o.b. [redacted], Ontario, c[redacted]mpletely in[redacted]talled with the exception of electric wiring by the firm's mechanic. We therefore recommend that the Indian Affairs Branch accept the tender submitted by Fleming-Pedlar Limited".

I concur with this recommendation and respectfully suggest that the purchase be made from Fleming-Pedlar Limited.

I am returning herewith tenders forwarded with your request.

Philpp Phelan,
Chief, Education Division.

ADDRESS REPLY TO
ERING AND CONSTRUCTION
DIVISION

QUOTE FILE I.A.1364-1

Ottawa, September 16, 1949.

Re: Refrigerating Equipment - McIntosh
Indian Residential School, McIntosh,
Ontario.

In accordance with your marginal request dated August 18th appearing on Departmental Purchasing Agent's memorandum to you of August 10th you are advised that we have reviewed the tenders which were received in answer to the Request for Quotation Requisition No. 95437 dated July 21st last, and we comment as follows.

Listed below are the tendering firms who quoted on the work to be done and equipment to be provided as specified in the call for tenders together with their bids.

(a) J.H. Ashdown Hardware Co. Ltd.,
Winnipeg, Manitoba.
f.o.b. Winnipeg - Immediate Delivery.....$1,682.48

(b) Fleming-Pedlar Limited,
Winnipeg, Manitoba.
f.o.b. McIntosh - Delivery 14 days.....$1,573.00

The Canadian General Electric Co. of Winnipeg, when requested to submit a tender, referred it to Fleming-Pedlar Limited who are the distributors of General Electric refrigerating equipment in that district.

The type of equipment offered by both firms is of reputable make; the J.H. Ashdown Hardware Co. Ltd. quoting on Frigidaire 16 cubic foot capacity quick-freeze units and Fleming-Pedlar Limited quoting on 13 cubic foot C.G.E. quick-freeze units. The specifications called for 13 cubic foot capacity freezers.

In our opinion the most favourable tender is that of Fleming-Pedlar Limited as their price in the amount of $1,573.00 is the lowest and fulfills the requirements of the specifications and is f.o.b. McIntosh, Ontario, completely installed with the exception of electric wiring by the firm's mechanic. We therefore recommend that the Indian Affairs Branch accept the tender submitted by Fleming-Pedlar Limited.

We are returning herewith tenders forwarded with your request.

V.J. Kernan
for Chas. H. Buck,
for Chief, Engineering and
Construction Division.

Col. B.F. Neary,
Superintendent of Indian Education,

GENERAL ELECTRIC

COMMERCIAL REFRIGERATION AND AIR CONDITIONING

[redacted]

The analysis made by our engineer of your present refrigeration indicates the following alterations as being necessary to make your Child Room suitable for the proper handling of foods in your school.

[redacted]

We would add two 13 cubic foot quick freeze cabinets, replace the present evaporator with a new DR4 General Electric conditioned air unit to operate on the existing compressor at the cost of $1,136.00.

In addition, inasmuch as you have been having difficulty with the motor on that compressor, we would suggest you replace it with a new General Electric direct current motor at a cost of $71.00 making the total cost $1,207.00.

TRADE IN ALLOWANCE

We would be pleased to make you a trade-in allowance of $150.50 on your present coil and the 6 cubic foot refrigerator. The used 3/4 horsepower electric motor you could keep and use elsewhere on the premises.

[redacted]

The final cost minus the trade in allowance, the equipment installed and guaranteed, would be $1,056.50. Shipment is made F.O.B. Winnipeg.

Not included is the plumbing and wiring necessary to connect the equipment to the services in the building.

With these freezers you could process your own meat in the Fall and keep it the year round. It would allow you to freeze vegetables, fruits and other perishables at the time they are picked thus enabling you to feed [redacted] children in your school a year round balanced diet with greater nutritional value and vitamin content. Over and above food value there is actually a definite economy in this method of handling the perishables. It means alone, the calculated $15.00 to $20.00 savings per hundred pounds of beef.

We trust this proposal will meet with your approval.

Yours very truly,
[redacted],
G. A. Guilbault,
[redacted] Dept.

GENERAL ELECTRIC

COMMERCIAL REFRIGERATION AND AIR CONDITIONING

Guarantee

General Electric refrigeration and air conditioning equipment is guaranteed against defective parts and improper workmanship for a period of one year from date of installation. Free service is supplied during this period. More important is the fact that General Electric equipment continues to deliver satisfactory service year in and year out long after any guarantee period has expired.

Service

All General Electric commercial and air conditioning equipment is installed only by authorized service and installation Dealers. These Dealers are located across the territory and they do nothing but commercial refrigeration and air conditioning work. They are, therefore, thoroughly competent to render first class service as needed as well as insuring an original installation installed by competent men to the end that it will deliver the utmost satisfaction

Maintenance

Annual or semi-annual Maintenance Inspection Service is available at extra cost to purchasers desiring same

FARM STORAGE ROOMS
INDUSTRIAL PLANTS—

in those spots where constant temperature and high humidity conditions within range of units must be maintained.

CORRECT TEMPERATURE

The outstanding success of General Electric "Conditioned Air" Refrigeration may be attributed in a large measure to the exhaustive study of foods, their structure, and the reasons for spoilage, which was conducted by the Company. It was relatively easy to determine the correct temperature to halt bacteria and enzyme growth in various fresh foods. But this alone was not enough

CORRECT HUMIDITY

With ordinary refrigeration systems, even though the correct temperature is maintained, perishables are found to lose a portion of their water content through dehydration, resulting in shinkage and discoloration. Shrinkage in meats, for example, can under certain circumstances amount to 30 per cent of the original weight — a serious profit loss. Refrigeration equipment for perishables must therefore also provide the correct humidity conditions to keep shrinkage down to a minimum. It was also found that too much moisture in the air was bad; it frequently caused perishables to become slimy and to give off or pick up objectionable odors. Further tests established that the correct value varied between 70 and 90 per cent relative humidity, depending on the products stored and the length of storage.

POSITIVE AIR CIRCULATION

In addition to correct temperature and humidity conditions, ideal food preservation requires positive, gentle circulation of air through the entire refrigerated space in order to maintain uniform conditions throughout the area, without dead spots, or objectionable air blast.

AIR PURIFICATION—FASTER COOLING—SPACE SAVING

General Electric "Conditioned Air" Unit Coolers, the first of the kind in the refrigeration field, provide this essential balanced combination of humidity, air circulation, and temperature to maintain the quality, appearance, and weight of perishable foods. They can be adapted to correct conditions for a wide variety of foods and types of storage. Selecting a unit on the basis of a 10 degree difference between entering air and refrigerant evaporating temperatures will provide a relative humidity of from 80 to 85 per cent, which is satisfactory in the great majority of applications. A smaller temperature difference will provide a higher relative humidity and, conversely, a larger difference will result in a lower relative humidity.

The very nature of their design, however, gives added benefits. As the air in the space is circulated through the unit it repeatedly passes over the moist cooling surfaces. The moisture absorbs odors and particles of dust and dirt, keeping the air fresh and clean. The positive air circulation also makes possible faster cooling. Thus all foods placed in the refrigerated space are brought down to the correct temperature quickly and uniformly. And finally, the higher cooling efficiency of G-E "Conditioned Air" Unit Coolers makes possible an extremely compact unit, saving valuable cooler space.

SPECIFICATIONS

CASE

All-steel construction consists of top, bottom and sides in one piece with one-piece end covers all held in place by through bolts. Rubber buffers make a tight seal to protect against any possible rattle. Case is bonderized and finished in a baked-on brown enamel. Highly resistant to corrosion. Streamlined air intake orifice avoids air noise and permits most efficient fan operation.

COOLING COIL

Vertical rows of tubes with continuous bonded fins connected in series to drier coil at air inlet end, and expansion valve at air outlet end, provide counterflow refrigerant and air circuits. Tin-plated copper tubing, silver soldered joints and aluminum fins feature the cooling unit core. Fins are spaced six per inch.

FAN

Aphonic type — a product of the General Electric "House of Magic" — more efficient and quieter than ordinary fans, moves correct amount of air to give uniform temperature throughout the fixture with fast cooling

DRYER COIL

Ample sized coil wrapped around and part of fan guard affords a means of preventing suction line sweating. It is located directly in path of intake air for greatest effectiveness

MOTOR

Totally enclosed drip and splash-proof motor with pressure cast aluminum rotor winding. No brushes to wear, or to cause radio interference. High oil capacity, long life, trouble-free bearings need oiling only once a year. Only one size of motor used on all five cooling units. All 50- and 60-cycle and D-c motors are suitable for variable speed operation. Only one size of controller for A-c.

REFRIGERANT CONTROL

Thermostatic expansion valve included with unit. All connections are outside of case for ready accessibility.

DRIP PAN

Heavy gauge steel, bonderized and finished to match the case, easily removed for cleaning. Pan is extended to catch any condensate from Expansion Valve and Drier Coil.

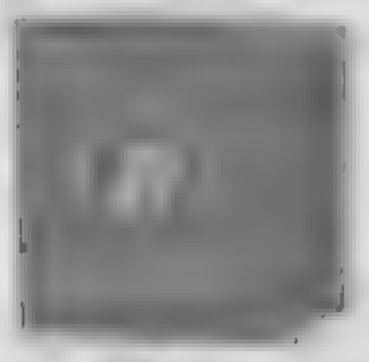
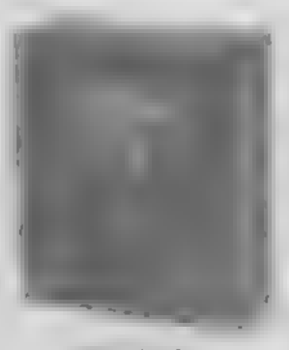
ACCESSORY FAN SPEED CONTROLLERS FOR A-C

Fan motor speed controller Cat. No. 6663 can be used on all 220 or 110 volt, 60 or 50 cycle units. This controller will take care of 1, 2, 3 or 4 of these motors and will give continuous speed variation from 100% to less than 50% depending on motor loading.



FOR A C



FOR D C

FAN SPEED CONTROLLERS

FOR D-C

TYPE	Rating	CONTROLLER CATALOG NO.		
		1 Unit	2 Units	3 Units
EC-151	115V dc	68x483	68x473	68x475

Rev. J. Brachet, O.M.I.,
Principal,
McIntosh Indian Residential School,
McIntosh, Ontario.

Dear Father Brachet:

We have had some correspondence with the former Principal of the McIntosh School with reference to the condition of the water.

I enclose for your information a copy of a memorandum dated August 16th from the Lands & Development Services Branch, together with a report on the chemical and bacteriological analyses of the water from the McIntosh School. I also enclose a copy of another memorandum dated October 5th together with a bacteriological report.

It is suggested that care be exercised in using this water.

Sincerely yours,

Philip Phelan,
Chief, Education Division

Indian Residential School

Mc.Intosh, Ont

Nov. 16,1949.

Dear Sir,-

On making a survey of the fire equipment in the school after my arrival I found it inadequate, and I request that you supply us with the following articles :

½ doz. 5-gal. Pump (water) Tanks

½ " Pyrene Extinguishers, 1½ U.S.quarts

½ " Fire Axes

½ " Fire Pails

1 " Refills for Pyrene (1½ quarts)

1 " " " Foamite (2½ gal.)

We are alone here in the bush and I consider the above quite necessary.

Yours truly,

Rev. J. Brachet, O.M.I.,

Principal.

INDIAN AFFAIRS BRANCH

Sioux Lookout, Ont., November 23, 1949. 14801

Indian Affairs Branch, Ottawa.

It is recommended that a grant of $75.00 be provided to purchase hockey equipment for the Sioux Lookout Residential School, and also a grant of $100.00 be provided for the same purpose for the Sioux Lookout Residential School. These amounts are based on the comparative number of pupils in each school who will be playing hockey this season.

I would also add that we expect to have two teams from the Sioux Lookout Residential School playing in organized hockey this winter and that some financial assistance is expected from local citizens. It is also recommended that the Department contribute towards the expenses of operating the teams, in the way of providing equipment for those players who are not actually playing hockey. As well as skating and hockey equipment there will also be scrapers and shovels required for clearing the ice.

Superintendent,
Sioux Lookout Agency.

Re: Sioux Lookout Indian Residential School
McIntosh Indian Residential School

This will acknowledge receipt of your letter of November 30, file 472-5 and 470-5 (E.1), with respect to purchasing athletic equipment for the Sioux Lookout and McIntosh Indian Residential Schools.

Regarding the scrapers which we have in mind, they are four 3' snow scrapers at an estimated cost of $3.00 each and six snow shovels at an estimated cost of $1.75 each. The same quantity of these items would be required at both the Sioux Lookout and McIntosh schools.

Re: Dish-Washing Machine for McIntosh Indian Residential School.

Dear Mr. Phelan:

Reverend Father Brachet reminds me that your dietitian has recommended a dish-washing machine for hi school. Although this was done more than two years ago, the machine has not yet been purchased and he is anxious to know if the Department will soon supply it.

Thanking you in anticipation, I remain,

Yours truly,

O. M. I.

Re: Paint for McIntosh Indian Residential School.

Dear Mr. Phelan:

Reverend Father J. Brachet says, in a letter received yesterday, that the school and the out-buildings are badly in need of painting and he would appreciate receiving the following quantities of paint:

35 Gal. of exterior white paint;
15 " of interior " paint;
" " Pearl Grey paint;
15 " " Varnish;
1 " " Turpentine;
1 " " Linseed;
2 - 3" brushes;
2 - 2" " "
1 - 1" paint brush.

Hoping that you will be able to forward these items in a near future, I remain,

Yours very truly,

A. P. J.-O. Plourde, O.M.I.

February 10th, 1950.

Rev. J.O. Plourde, O.M.I.,
Ottawa University,
Laurier Avenue East,
Ottawa, Ontario.

Dear Father Plourde:

Re: McIntosh Indian Residential School

With reference to your letter of the 7th instant, we are not prepared to provide a dish washing machine at this school at the present time. We are making enquiries regarding the type, size and cost of dish washing machines that might be installed in some of our residential schools, but it will be some weeks before we will have had an opportunity of studying the information available.

The Departmental Purchasing Agent is being requested to secure the price, and we are also placing an order for a potato peeler.

Yours sincerely,

Philip Phelan,
Chief, Education Division

Department of Mines & Indian Affairs

Mr. Bernard F. Neary,
Superintendent of Indian Education,
Ottawa, Canada.

Dear Mr. Neary: Re: Indian Residential School,
McIntosh, Ontario.

we have received your wire approving purchase of the condensing unit.

The price mentioned covers cost of the equipment and complete installation of same.

For your information we would advise that we are dealing here with a walk in cooler and the refrigerating equipment consists of a cooling unit inside the refrigerator and a condensing unit to operate same. When originally investigated in 1948 this equipment which is sulphur dioxide equipment required replacement of the cooling unit inside the refrigerator, which was unsatisfactory, and a new electric motor to be placed on the condensing unit. On arrival at this job our installing mechanic discovered that this SO2 condensing unit was now in extremely bad shape and the installation of the new coil and motor would be a waste because the result would not be satisfactory.

It was therefore, determined that a new condensing unit be installed and this would mean that the whole equipment is being replaced with a new 1950 freon 12 installation. This is the proper step and will give satisfaction and the proper length of life to be expected from a completely new and satisfactory job. The additional equipment being supplied is one CWC31T, 1/2 HP General Electric freon water cooled condensing unit complete with 110 volt DC motor. The extra cost over and above the amount of the original order is $411.00. The new condensing unit is being shipped today and we will follow it up and have it installed immediately.

Thanking you,

Yours very truly,
FLEMING-PEDLAR LIMITED,

pparently things are going along quite satisfactorily at the
school as far as he was concerned except for their refrigeration
. I gather from his remarks that a new walk-in refrigerator
g built and that it was intended to use the old compressor.
wever the man who was installing the new outfit has recommended
that a new compressor be purchased at a cost of $410.00 as he does
not feel that the old unit would stand up t rk.

You may already hav
ght I would pass on th
ded accordingly.

. Watters.

Indian Residential School

McIntosh, Ont.

March 10,1950.

C. Swartman,Superintendent,
Sioux Lookout,Ont.

Dear Sir,-

Re dish washing facilities.

As I explained to you at the occasion of your visit here on the 1st. inst. our electric heating coil for the hot water tank is burnt and we shall have no facilities for dish washing or for baths once we stop heating the school in the spring.

Owing to the fact that our larger electric generator is burnt and that the small one is working already at over capacity,it is not proper at the present time to ask for the purchase of a new heating coil.

Better satisfaction would be had with a Jacket Heater,which in the same time would burn all the papers,waste and garbage during the summer, thus avoiding hazards of fire.

We find in the catalogue of the Dominion Radiator Co.,Toronto (or Winnipeg) one Jacket Heater that would find room nicely under the hot water tank and that would be suitable for our needs. It is called :

KEWANEE WATER-HEATING GARBAGE BURNER,

Catalogue No. 35

Type D
Capacity gall. per hour 600
Dimensions of fire doors 14x10
Size flow and return flange 2 in.

Price on catalogue $ 244.00.

Trusting that you will interest the Department in the acquisition of this necessary article and thanking you for your gracious visit,I remain, dear Sir,

Sincerely yours,

Rev. J. Brachet,O.M.I.,
Principal.

OTTAWA, March 30th 1950
ONTARIO

The Secretary,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mr. Phelan:

Could you bring to the attention of your Director, Mr. D.M. McKay, the conditions which I found at the McIntosh School re the equipment for cutting and slicing bread.

Due to the fact that our school girls are asked to attend school all day, very little help can be expected from them. So the director had asked the Brother-mechanic to rig up a machine for cutting bread. I saw it in action and I believe that it is dangerous for children to use it. I told the Principal that I would, on my return to Ottawa, ask the Department if it would be possible to supply a regular bread cutter.

The machine I would recommend is the one sold by the Pendrith Machinery Co. Ltd., of Toronto. It sells for $315.00

Hoping that you will acceed to his request,

Yours very truly,

J.O. Plourde, O.M.I.

Father Fleurdo,O.M.I.,
University of Ottawa,
Ottawa.

Rev. and dear Father,-

Re Boat.

As I told you yesterday at the occasion of your appreciated visit,when I came here on October 14th of last year,I was told that the two nice boats which had been so ably built by the two brothers, Adolphe and Eugene Gauthier,O.M.I.,were now completely useless and I see that they have to be destroyed.

We are,therefore,left without any means of adequate conveyance by water and unable to reach pupils who would need to be brought to school.

We would not dare ask for an expensive boat. If we had at least a [illegible] and quite safe for several pupils,with the necessary motor,we would be both satisfied and thankful.

May I ask you to be kind enough to bring the matter to the attention of the Department,owing to the fact that you are fully aware of the circumstances ?

Thanking you for the practical interest which you have taken in our Indian schools for several years past,I remain,

Rev. and dear Father,

Affectionately yours,

Rev. J. Brachet,O.M.I.,Principal.

The Secretary,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mr. Phelan:

The enclosed is a copy of letter received from Reverend Father J. Brachet of the McIntosh Indian Residential School, re the purchase of a boat to replace the two boats which were built by our Brothers Adolphe and Eugene Gauthier, O.M.I.

I hope that you will be able to supply this boat to the School as it is very much needed. It is true that there is a road from the School to the village, but most of the pupils live on the far side of Guibell Lake. Moreover, those of Grassy Narrows and Lac Seul can only be reached by water.

Thanking you in anticipation, I remain,

Yours very truly,

J.O. Plourde, O.M.I.

March 22,1950.

G. Swartman,Superintendent,
Sioux Lookout,Ont.

Dear Sir,-

Emergency repair. Bake Oven.

I have asked The Brantford Oven & Rack Co. Ltd.,Brantford, for their price on different parts of the Bake Oven that need to be replaced,for they are burnt,and in the enclosed letter the Company advises that it would be cheaper and more satisfactory to renew the entire furnace inside at the cost of $ 225.00.

The following should be ordered in the same time :

½	doz.	Roman Tiles for the docks	12" x 4" x 1½"
½	"	" " " "	9½"x 4" x 1½"
10	lbs.	White Cement for Fire Brick.	

The Roman Tiles cost 20¢ each.

It is likely that the Company would send along the necessary Fire Brick Cement,but it is safer to have it ordered.

I have to add that the bake oven is in use every day,except Sundays,and that it is very satisfactory. In fact it is the best I have seen for the last 31 years.

Hoping you will be able to have the repairs obtained without much delay,I remain,dear Sir,

Sincerely yours,

J. Drachet

INDIAN AFFAIRS BRANCH

Sioux Lookout, Ont., April 15, 1950.

Indian Affairs Branch, Ottawa.

Enclosed find letter received from the Principal, McIntosh Indian Residential School in which he requests emergency repairs to the school bake oven, and also copy of letter from The Brantford Oven & Rack Co. Limited quoting their price for this work.

To avoid having future trouble replacing parts for this oven I am inclined to favour the supplying of a complete inside furnace with flue pipes and would recommend that the Department give favourable consideration to this emergent job, also including the supplying of the necessary tiles, cement and fire brick.

G. Swartman
Superintendent,

DEPARTMENT OF MINES AND RESOURCES

REQUISITION FOR SUPPLIES

This space for use of Head Office only

Requisition No.

Order No.

April 27 1950

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF McIntosh Residential School #472

VOTE 516 PRIMARY 12 OBJECT 415 DATE REQUIRED at once

SHIP TO Rev. J. Brochet, Principal, McIntosh Residential School, McIntosh, Ontario.

MAIL INVOICES TO Mr. G. Swartman, Superintendent, Indian Agency, Sioux Lookout, Ontario.

Purpose for which required Repairs to Bake Oven, McIntosh School #472.

QUANTITY		UNIT PRICE	TOTAL
1	complete Inside furnace with flue pipes		
½	doz. Roman Tiles for the docks 12"x4"x1¼"		
½	" " " " " " 8½"x4"x1¼"		
10	lbs. White Cement for Fire Brick.		
	NOTE: The bake oven presently in the school was purchased from Brantford Oven and Mack Co., Brantford, Ontario, and I enclose for your information a copy of a letter dated March 16th, 1950, which the Principal of the school received from the company.		

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

SIGNED— RPS

APPROVED

April 27th, 1950.

Mr. C. Swartman,
Superintendent, Indian Agency,
Sioux Lookout, Ontario.

Re: McIntosh Indian Residential School.

With reference to your letter of the 15th instant, we are requesting the Departmental Purchasing Agent to secure the materials required to repair the bake oven at the above school.

We are also in receipt of your Voucher 414 in an amount of $551.00 issued in favour of Fleming Pedlar Limited, Winnipeg, Manitoba. You do not state the date or file number of the letter authorizing this purchase, and we have been unable to locate any letter to that effect on our file. Previously you submitted Voucher 306 issued in favour of Fleming Pedlar Limited, covering the cost of the equipment authorized by Purchase Order 48842. This Purchase Order was issued on the distinct understanding that the 6 cubic ft. refrigerator and 3/4 HP motor would be returned to the Fleming Pedlar Limited as a trade-in allowance.

Evidently, the Principal purchased the equipment covered by Voucher 414 without receiving authority, and consequently, he will have to pay the cost from school funds.

Dear Mr. Phelan:

Re: Fire-Extinguishers for the New Section of the McIntosh Indian Residential School.

Although the matter has been promised at various times for the new section of the McIntosh Indian Residential School, nothing was done by the Department and Father Brachet would like some inspectors from your Department or that of the Provincial Government of Ontario to visit his school and suggest such extinguishers and fire protection devices that will be judged adequate for the security of the children of the school.

Thanking you in anticipation,

Yours truly,

Re: McIntosh Indian Residential School

We have received the following letter in connection with the above school:

> "Although the matter has been promised at various times for the new section of the McIntosh Indian Residential School, nothing was done by the Department and Father Prachet would like some inspectors from your Department or that of the Provincial Government of Ontario to visit his school and suggest such extinguishers and fire protection devices that will be judged adequate for the security of the children of the school."

You might let us know the number of fire extinguishers that should be supplied. We prefer providing the 1½ quart size.

We have also received a request for new desks. Please let me know the number you consider should be supplied. As you are aware, desks can be obtained in three sizes, large, medium and small, and the number of each size should be stated.

Ottawa, Ontario.

Dear Mr. Phelan:

Re: Darning Machine for McIntosh
Indian Residential School.

Reverend Father Brachet, Principal of the above school, has asked for one Singer Darning Machine; would you be good enough to place the order for this machine so that the school will receive it at least by next September?

As you know, the school inspectors of the Province of Ontario are so severe regarding school attendance that very little work can now be done by the older girls of our Residential Schools. Labour saving machines are very necessary and essential in those institutions.

Thanking you in anticipation, I remain,

Yours very truly,

McIntosh Indian Residential School

During my last visit to the above-named school the Reverend Principal pointed out the necessity for a ventilator fan in the laundry. This appears to be of great importance particularly in the winter when it is impossible to provide ventilation by any regular means. The Principal informs me that when a window is open for ventilation there is a draft created which is detrimental to the health of those working in the laundry and as a result there has been many colds as well as cases of pneumonia.

It is recommended that an aircolator, as supplied by The J.H. Ashdown Hardware Ltd., Winnipeg, be furnished. The model required is known as F-18 with 1/6 H.P. motor. The approximate cost is $85.00 complete with shutters, and the complete unit would be installed at no cost to the Department.

Indian Residential School

McIntosh, Ont

May 5,1950.

G. Swartman,Superintendent,
Sioux Lookout,Ont.

Re your File 144/13-1472 ;
Dear Sir,- Fleming-Pedlar account $ 551.00.

In answer to your letter of the 2nd. inst. regarding the second account of Fleming-Pedlar Ltd. to the amount of $ 551.00 I wish to say that it is regrettable that the account is not explicit enough and that it brought confusion to the point of refusal of payment.

The first item in the account concerns one CWC31? ½ H.P. General Electric freon water cooled Condensing Unit complete with 110 volt D.C. Motor,amount $ 411.00,which was authorised by wire as I see in a copy of the Company's letter giving to Mr. Neary on February 17th,1950,complete explanation about the urgent necessity of replacing the old condensing unit,which was found not only defective,but no more usable.

The second item concerns the 6 cu. ft. Refrigerator which should have been traded in with the coil and be now, by the account, an amount of $ 140.00.

Here is the trade in allowance offered by the Company on Nov. 4, 1948 :" We would be pleased to make you a trade in allowance of $ 150.50 on your present coil and the 6 cubic feet refrigerator. The used ½ H.P. electric motor you could keep and use elsewhere on the premises."

It was assumed them that the little refrigerator as well as the coil belonged to the Department,which fact is not right. It was likely thought also that it was useless,whereas it could be serviceable with future repairs. The cook insisted on keeping the old small refrigerator owing to the fact that that there is no reach in door on the large refrigerator and that the small refrigerator had always been so handy for many small items.

At the occasion of your visit here on March 1st. I showed you the small refrigerator asking you to inform the Department of it usefulness and of our wish to keep it. You said you would write the Department about it.

I would be very surprised that the Department would refuse to pay the small amount of trade in balance when the circumstances are duly known about this small school refrigerator.

Hoping this explains thoroughly the account,I remain,dear Sir,

Sincerely yours,

J. Brachet

Rev. J. Brachet,O.M.I.,

Principal.

Indian Affairs Branch, Ottawa

We are enclosing a copy of letter recently received from Father Brachet, Principal at the McIntosh Indian Residential School, with respect to condensing unit and 6 cubic ft. refrigerator which should have been turned in.

Apparently Father Brachet is under the impression that the purchase of the condensing unit with motor amounting to $411.00 was approved. As he points out, the old unit was certainly defective. The 6 cubic ft. refrigerator with motor should have been turned in in accordance with the Purchase Order but, since it can be used to good advantage at the school, it was retained. There also seemed to be some doubt in the Principal's mind as to whether the 6 cubic ft. refrigerator was the property of the school or Department.

I would suggest that, if at all possible, the Department assume the cost of the unit installed by the Fleming Dealer Company and that the school be assessed for the trade-in value of the small refrigerator.

Re: School Desks

Replying to your letter of April 29, file 472-5 (E1), the following desks are required at the Sioux Lookout Indian Residential School:

4 large
6 medium
6 small

Have been ordered

The desks now in use at this school are the Waterloo type and the Principal would like the ones herein requested to be of the same make.

Indian Affairs Branch, Ottawa

Referring to your letter of April 29, file 472-5 (m), we have been advised by the Reverend Principal of the Pelican Lake Indian Residential School that the school requested to have five of the old 2 quart size Pyrene extinguishers overhauled and recharged by the Pyrene Manufacturing Company, Toronto. Invoices for this work will be submitted when received. One of these was found to be beyond repair and four were reconditioned and returned to the school. On January 10 six new Pyrene extinguishers, 1½ quart size, were received at the school consequently their requirements in this respect have been taken care of.

The school installed a pipe line through to the new part of the building for fire hose at no cost to the Department consequently the new portion of the building should now have adequate fire protection.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: McIntosh Indian Residential School No. 472

Attached is Voucher 414(144) in an amount of $551.[illegible], issued in favour of Fl[illegible]ted. It is our desire to pay $[illegible].11, and we are arranging with the [illegible] to [illegible] the other $1[illegible].[illegible], as they claim have returned the refrigerator which they had at the school.

Our reason for authorizing the expenditure of $[illegible].11 was due to the following telegram which we received from the company:

"Mechanic on job installing new equipment covered by Mines and Resources Purchase Order 4[illegible]42 file 9543?-4-16. Existing condensing unit on which we are installing new motor and to which we are connecting new (54 cooling coil is in very poor repair. To insure satisfactory results, new condensing unit should be installed at extra cost of $[illegible].1.(illegible). This will make complete new installation and in order to satisfaction. [illegible] unit was not received in our original shipment of November, last, but since that time the condensing unit which is 802 has had moisture in it and is now useless. If approval can be wired [illegible] to shipment could be made."

It would be appreciated if you would issue Purchase Order so that the account may be paid, in amount of $[illegible].

OTTAWA, July 5th 1950.

The Secretary,
Indian Affairs Branch,
Ottawa, Ontario.

Attention: Education Service.

Dear Mr. Phelan:

Enclosed please find copy of the letter which I have received from Reverend Father J. Brachet, Principal of the McIntosh Indian Residential School.

It refers, as you will see, to the purchase by the Department of a small Peterborough "Handy Boy" boat. I hope that you will be able to supply both the boat and the out-board motor needed for its operation.

Thanking you in anticipation, I remain,

Yours very truly,

J.O. Plourde, O.M.I.

Dear Father Plourde:

Re: McIntosh Residential School

With reference to your letter of the 7th instant forwarding a copy of a letter received from Reverend Principal at the above school, the Department does not feel prepared at the present time to purchase a boat and an outboard motor.

On the insistence of the previous Principal, the Department has [illegible] a certain sum of money for the erection of a road and we feel that the School Management should not object us to supply a boat also.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Rev. J.O. Plourde, O.M.I.,
Ottawa University,
Laurier Ave. E.,
Ottawa.

Re: Garbage Burner for McIntosh Indian [illegible]
(I.A. Br. File 472-5)

Enclosed find tenders obtained on a water-heating garbage burner required for the above school.

Kindly let us know if the equipment offered by Alsip Brick Tile & Lumber Co., Winnipeg, the lower tenderer, is suitable. We have been unable to obtain a quotation on the type of garbage-burner requisitioned.

Please return tenders with your comments.

Re: McIntosh Residential School

Reference your letter dated March 29, file 472-5 (E1), wherein it is stated that a requisition was forwarded to the Departmental Purchasing Agent for a jacket heater for the above-mentioned school. The Principal of this school urgently requires this water jacket heater, and at the present time he is forced to use the big heating boiler which requires much fuel and labour. He has also advised that as a result of using the large boiler he is unable to have same cleaned in preparation for the yearly inspection.

Please contact the Departmental Purchasing Agent and advise when delivery may be expected.
